## HIGHLANDER ATHLETES MAKE HEADLINES

LWHS student-athletes have been making waves on both the state and national scenes.

The Lady Highlander Softball Team finished the 2022 season as State runner-ups! Additionally, Coach Mike Settle was named Coach of the Year. Congratulations to these hard-working young women and their coach!

Our LWHS Esports team recently attended the EFG National High School Championship at ESPN Wide World of Sports. They took home the National Championship and were featured on ESPN! Congratulations to these students and Coach Cameron Owen!

LWHS wrestler, Jennah Mustafa finished 10-1 at the AAU Girls National Scholastic Duals. She took Silver and was named an All-American!

Our Highlander athletes do not take the summer off. They are in the weight room working to get stronger, attending camps and tournaments, and playing in summer leagues. They know the hard work they put in now will make the difference when their new seasons start.

We can't wait to see what these student-athletes accomplish during the 2022-2023 season!
