

ODEM INTERMEDIATE SCHOOL NEWSLETTER

Principal's Notes As our yearly state assessments get closer, we want to share a few simple ways you can support your child at home. If your child was invited to after-school tutorials, please help make sure they attend each week—they make a big difference! If you have access to a computer at home, your child can also practice using IReady Math or Reading to strengthen important skills. Reading together or encouraging your child to read daily is another great way to build fluency and stamina. As we approach our STAAR testing dates, we'll be sharing helpful tips and strategies you can use at home to support what teachers are working on in the classroom. When we work together, our students grow into the leaders of tomorrow! Thank you for your continued support and partnership.
