

Scholarship Opportunity for Future Teacher Provided by CCERA

The Covington County Education Retirees Association (CCERA) has committed the organization to provide a scholarship annually for a Covington County student pursuing a career in the education field. The association is composed of retired teachers, administrators, school board members, support personnel and associate members. Seven meetings are scheduled each year for CCERA business and programs. CCERA members are active in community volunteerism such as tutoring in schools, community literacy projects, church activities, as well as community development projects. Community service hours are tallied at each meeting and submitted annually to the Alabama Education Retirees Association.

In an effort to promote continued excellence in the field of education and educational services, the association has committed **\$1,000.00** for an annual scholarship with hopes of increasing the amount in later years as funds become available through member support and activities. In order to be eligible for this scholarship, the student must be a graduate of a Covington County high school (Andalusia, Florala, Opp, Pleasant Home, Red Level, or Straughn) and have a declared major in some field of education. The deadline for this application is **April 21, 2023.**
