# **2021-2022 BUDGET MESSAGE**

## **GRANT SCHOOL DISTRICT #3**

This budget message and document are printed in compliance with Oregon Revised Statutes, Chapter 294. The budget represents the educational and financial plan for the 2021-22 school year.

### **OVERVIEW**

In previous years, a common goal of the board and the district was to prepare a budget that dealt with declining enrollment and increased costs. The county's population peaked at about 8,200 in 1980 and then generally decreased to 7,199 in 2019. The median age is 53 and the proportion of the population 65 or older increased from 17% in 2000 to 30.4% in 2019. The median household income is \$45,357 in 2018 dollars (27% below the State average).

Accounting data is gathered by the State from Oregon school districts and placed in a database that is accessible to the public. The database web site can be accessed at <https://www.oregon.gov/ode/schools-and-districts/finance/Pages/default.aspx>. To gather this data, each school must report their expenditures in the same manner. To standardize expenditure reporting, the Oregon Department of Education's chart of accounts relates expenditures to academic content standards, and to standardize and prescribe common definitions for expenditures. The accounting system also takes on the responsibility of tracking resources and services related to the 'Every Student Succeeds Act'.

### **FORMAT**

This budget was prepared in accordance with the format prescribed by the Budget and Accounting Manual for school districts published by the Oregon Department of Education. The format is the same as in previous years.

### **PREPARATION**

Our budget process for fiscal year 2021-22 is based on enrollment and ODE recommendation on funding due to the COVID-19. This budget was developed to reflect an increase in full time equivalencies from the previous year as part of our anticipated SIA funds, COVID-19 funds and general fund estimate.

Because of the continued uncertainty of the local economy, number of returning students and the continued legislative session, it is difficult to determine the exact enrollment figures and revenues directly affecting the budget. Funds have been budgeted from ESSER II and III to help work with program scenarios we may encounter for 2021-2022.

Over 77% of the general fund budget is dedicated to salaries and associated payroll costs. This budget reflects the second year of a four-year contract with the classified staff and the third year of a four-year contract with licensed staff. The budget includes the following employee counts:

	<u>FTE</u>	<u>Employee Count</u>
Licensed Staff .....	42.5	43
Non Licensed Staff.....	42.63	43
Administrators.....	4.50	5
Confidential .....	5.00	5
	<b>86.2</b>	<b>96</b>

## **BACKGROUND INFORMATION**

Grant School District #3 includes three school sites with enrollment figures as shown below:

	Grades	Enrollment March 2021	Projected Enrollment 2021-22
Seneca Elementary School.....	K-6.....	22.....	20.....
Humbolt Elementary.....	K-6.....	266.....	275.....
Grant Union Jr/Sr High School.....	7-12 .....	232 .....	250 .....
<b>Total Enrollment:</b>		<b>520</b>	<b>545</b>

## **REVENUES**

As has been the case since the passage of Ballot Measure 5 (the property tax limitation measure), local patrons do not have the ability to fund their schools beyond the amount established by the tax limitation measure. Revenues acquired at the local level such as local property taxes, federal forest fees, common school funds, county school funds are subtracted from the amount to be funded by the State.

In recent years the Grant County Court and Road Department remained committed to sharing Secure Rural Schools and Communities (SRSC) Act monies with county schools. In 2014-15 the county earmarked 15% of all future SRSC funds they receive for county schools. District 3's shares of that funding for 2020-21 was \$416,000. The excess timber receipts have positively impacted the quality of education for decades of Grant School District #3 graduates. With these additional funds the District has been setting aside dollars to meet long-term goals and allowing the district to leverage monies for projects otherwise impossible to complete.

The State's proposed budget for the 2021-23 biennium is \$9.1 billion for K-12 schools. This will be a 49/51 split between 2021-22 and 2022-23. The economic indicators appear to be positive for our forecast. The legislators are currently in session and there is an anticipated increase in the SSF closer to 9.3 billion. This will add approximately \$123,000 to our revenue. There is still a bit of uncertainty on the revenues districts will receive in special revenue accounts such as SIA, HSS and ESSER III. Any budget reductions necessary will take place using information gathered from the federal government, ODE, the Board and leadership team.

## **PROPOSAL**

The proposed budget for the 2021-22 school year is \$20,612,850. The general fund budget is \$11,353,602 and the special funds budget total is \$9,259,248.

The budget process involved a community meeting for the SIA funding, building specific needs, and board discussion on Long Range Facility Planning. Each discussion generated priorities in which the leadership team submitted. The revenue versus expenditure needs allow for funding a majority of the priorities.

## **SUMMARY**

Over the past 10 years, Grant School District #3's enrollment has declined by 111 students. This decline of students equates to an estimated loss of \$1,044,621 in revenue to the District from the State School Fund Grant for 2021-22. Much of this loss has been made up by the increase in per student funding in the general fund, reduced expenditures, increase funding of special revenue and conservative approaches to budgeting.

The district past savings measures has made it possible to stabilize the use of funds so our revenues match our expenditures and the use of reserves has been eliminated.

There has been other sources of revenue developed through legislation and federal government which increased our overall budget. The SIA was funded at \$448,020. Programs such as outdoor school and HSS will remain in place or have minimal reductions. HSS is estimated to be \$169,040 and Outdoor School approximately \$25,000. ESSER II and III over the next three years will add approximately \$575,570 per year for the next three years. As we redesign education in our district we will utilize these funds to meet the traditional comprehensive education and the virtual school environment.

Moving in a positive direction with programs is possible because of the public support our schools have received. We continue to encourage people to contact legislators and remind legislators public schools need to be a high priority and reliable, stable funding is necessary to continue to maintain quality programs for students. The best way to guarantee a successful future for our State is to guarantee its citizens the opportunity to have an excellence education.

The Grant School District 3 budget is using the current estimates provided by the state. The district is prepared to make adjustments to spending in the case the district needs to make reductions.

# BUDGET (OR ACCOUNT) NUMBERS

## What they mean and how to interpret them

The budget numbers provide a statewide, standardized means of tracking financial activity that, to a degree, can be varied for the individual needs of each school district.

Revenues are comprised of two sets of numbers (or dimensions). The first dimension identifies the fund and the second identifies where the revenues come from (i.e. local, state, federal, etc.).

Expenditures are comprised of five dimensions – fund, function, object, location and area of responsibility. The first dimension refers to the same fund as the revenue fund; the second dimensions describes the activity of expense (i.e. instruction, facilities, etc.); the third describes the type of service or commodity purchased; the fourth dimension identifies the location within the district that the purchase was made for; and, the fifth identifies the specific program or department that funds were expended for.

Below is a recap of the District's budget numbers:

## **Explanation of Significant 2021-22 Budget Line Changes:**

As part of the budget process community input nights are held through which a list of priorities is established. These priorities have been added to the budget.

Staffing levels are budgeted with an increase in staff. Changes within the salary areas can be attributed to adjusting costs to fulfill negotiated labor contracts, increased Public Employee Retirement System's (PERS) costs and the alignment of duties.

Significant budget changes from the previous year are explained below:

### **REVENUES**

- Page 1**      100-3299.....State Restricted Grants.....The district turned the YTP grant over to the ESD so that revenue is no longer in this account.
- Page 1**      100-4500.....Fed Grants through State.....The district turned the YTP grant over to the ESD so that revenue is no longer in this account but we received a grant from FEMA. That is in here.
- Page 3**      Fund 210.....Bus Replacement Fund .....New State requirements scheduled to go into effect in 2025 will require busses to comply with new emission standards. The District proposes to purchase one or two buses per year in order to be in compliance. Additional funds will need to be designated each year for the purchase of buses in order to avoid a significant hit to the budget during a single year.
- Page 4**      Fund 222.....SIA Funds .....2020-21 Budget was created on early estimates of SIA revenue. Due to COVID we did not receive that amount. The 2021-22 budgeted amount is what is anticipated for this year.
- Page 5**      Fund 241.....COVID -19.....Due to the stimulus packages passed by the Federal government the district will be receiving funding that expires September 30, 2024.
- Page 6**      Fund 243.....Medicaid .....Funding is down due to participation by the district in the 3 yearly surveys.
- Page 8**      Fund 305.....PERS Debt Service .....Beginning cash balance is increasing as our account grows to cover our 2002 & 2011 PERS Bonds.
- Page 9**      Fund 400.....Facilities Project Fund .....Amount of Seismic Grant (400-3299) the district applied for decreased. Reduced the amount of new gym transfer from \$400,000 to \$200,000 and removed the \$50,000 Long Term Facility Contribution.
