PREPLANNING

Our family service advisors will guide you through the preplanning process to relieve your family of the financial burden and planning of funeral services at the time of death of a loved one.

We provide for a perpetual care trust for our Gardens so they are maintained to strict standards for years to come. This is included in your financial contract at the time of purchase.

Our advisors will assist in arranging for final disposition per the Catholic Funeral Rite. This would include a Vigil Service and Mass of Resurrection, followed by cremation, then the Committal Service in the St. Theresa Columbarium Garden. It is also acceptable to arrange for the cremation to occur prior to the services and have the urn present at all services provided the same dignity and respect is rendered in handling the urn as if the full body was present. Inurnment would follow immediately after the Mass. The parish hall is also available for receptions
