

Oak Valley First Day School Packet/Data Confirmation

Oak Valley Union Elementary School District is excited to welcome your children back to school. To help start the school year as smoothly as possible, we ask all families to go online and complete your First Day Packet/Data Confirmation by using the Oak Valley First Day Packet on the Oak Valley Website. You can click on the buttons below for instructions on how to complete this and a link to the Portal.

If you are not able to log on to the Portal, please contact your school site for help.

Doing this now, before school starts, has many benefits. You will be able to get school information directly and advanced notices about teacher selection and classes. Most importantly, you will also help ensure the safety of your child by updating your contact information. **This can be done starting, afternoon on Aug. 1st, 2022**
