WELCOME

Hello to the 6th Six Weeks! It's going to be a busy May Month where we get to recognize students for all their accomplishments. Our UIL Academic Teams did great at regionals. The Current Issues & Events team have advanced to State! Way to go representing OHS and Good Luck!

UIL ACADEMICS

Eighteen students advanced to the next round of competition which is the UIL Regional Meet. Five individuals were named District Champions in their respective fields: Adrian Aguirre - Current Issues & Events, Angelica Soto - Copy Editing, Headline Writing & News Writing, Jeriah Cisneros - Calculator Applications & Mathematics, Macy Laird - Feature Writing, Zoe Garcia - Prose Interpretation. They will compete on April 25-26 in New Braunfels. Wishing them all the best of luck. Congratulations to all participants and coaches!

SPECIAL OLYMPICS

On April 12th, Special Olympic participants held events at Tulosso-Midway, where several students from the district represented Odem exceptionally well. Six students earned medals in various events, including the javelin throw, softball toss, and the dash races. We are so very proud of these athletes and representing OEISD so well.

NEW STAFF

NORMA MEJIA

What inspired you to work as a paraprofessional in the special education department? Having a friend whose baby was born with disabilities was an inspiration. One must have patience. Just making a difference in their lives matters. Watching their beautiful smiles, light up a room! How do you support the teachers and students in the classroom? Having a positive attitude and a good learning environment. What is your favorite memory of this school year? Special Olympics - just watching our students with their big smiles as they crossed the finish line and having medals put on them is a great feeling! Life Motto: Live life fully, love one another and make a difference. What advice do you have for OHS students? Take it day by day and never give up.

SENIOR SPOTLIGHT

ANGELICA SOTO

What advice do you have for underclassmen? Don't get yourself into trouble. What are your hobbies? Baking and listening to music. What extracurriculars are you involved in? NHS, Student Council, Tri-M Music Honor Society, Spanish Club, Academic UIL, Band What are your plans after graduation? Go to UT to get a degree in Mechanical Engineering What is your best high school memory? Sitting at my lunch table with Kaylie and Zoe, laughing about stupid stuff. How do you want to be remembered by your classmates? For being voted "Most Likely to Succeed."
