FOREWORD

The correlation between school attendance and student learning is undeniable, and schools must use every resource, advantage, and opportunity available to ensure families understand the importance of school attendance as it relates to the student's success. The State of Alabama is resolved in continuing its efforts to support schools in increasing student attendance as outlined in the Alabama Every Student Succeeds Act (ESSA) Plan. The Alabama ESSA Plan and applicable correspondence may be viewed on the ALSDE website, alabamaachieves.org.

The *Alabama Attendance Manual* serves as guidance for each local education agency (LEA) to ensure clear expectations for student attendance, attendance reporting, and supporting services/interventions that have a positive impact on attendance. This manual was developed by your colleagues across school districts and communities in Alabama to provide updates on Alabama Code, PowerSchool Student Information System, and resources/procedures in relation to student attendance.

Any manual is only as effective as those responsible for its implementation. Therefore, I challenge each of you to become knowledgeable of the information provided herein and to consistently enforce the contents with integrity.

Although great strides have been made in increasing student attendance, chronic absenteeism continues to be a barrier to students' success in school. Local Education Agencies, students, families, and communities must continue to work together to increase student attendance.

Remember, it is imperative that each of us do what is best for every child, every chance, every day!

Eric G. Mackey
State Superintendent of Education

INTRODUCTION

The material presented in this publication is the first step in the development of local attendance policies and procedures. This manual represents an attempt to organize information from various sources such as state laws, Alabama State Board of Education policies, committee recommendations, legal opinions of the Attorney General, interpretations of school laws by the State Superintendent of Education, and local education agency policies and procedures.

This **2021-22 Alabama Attendance Manual** provides suggested guidance for involving the role of the Attendance Officer/Supervisor as an integral component in this process. The manual's goal is to provide guidance to support equity, consistency, and accuracy in the attendance reporting of Alabama students. Additionally, this document will assist the Attendance Officer/Supervisor: (1) to understand the role within the model of a comprehensive learning supports system and (2) to share relevant knowledge required to efficiently operate within the local education agency (LEA).

Disclaimer: This material is primarily for reference for Alabama public schools. It should be complemented by local board policies and procedures. It does not substitute for the advice of local board counsel. Please refer to page 109 of this manual for Alabama Compulsory Attendance Laws.

Alabama State Department of Education, Eric G. Mackey, Ed.D., State Superintendent of Education

The Alabama State Board of Education and Alabama State Department of Education do not discriminate on the basis of race, color, disability, sex, religion, national origin, or age in its programs, activities, or employment and provides equal access to the Boy Scouts and other designated youth groups. The following person is responsible for handling inquiries regarding the non-discrimination policies: Title IX Coordinator, Alabama State Department of Education, P.O. Box 302101, Montgomery, Alabama 36130-2101, 334-694-4717.

“Attendance is to school what rebounding is to basketball-it is hard work, requires effort and persistence, and it often goes unrewarded and unrecognized, but schools can't be successful without it.”

~Mel Riddile, NASSP

ATTENDANCE

Attendance is often a key barometer of a student's connection with schooling. The majority of students who eventually drop out, first stop attending school on a regular basis. In the year before dropping out, it is common for students to attend school less than 70 percent of the time. Many times, chronic attendance problems start in elementary school, and a pattern of non-compliant behavior begins.

Research shows that attendance is eight times more predictive of failure than prior test scores. It has clearly been identified through data analysis that attendance is a major, if not the biggest, factor impacting our students academically and behaviorally. *The Juvenile Justice Act of 2008* requires educators to align and monitor appropriate interventions before processing a student through the court system. Intervention tools such as the Pre-Early Warning Conference and *The Parent Project Implementation Guide* (refer to Appendix A) have proven to support student success.

The Attendance Officer is an integral member of the Multi-Tiered Support System (MTSS) designed for all Alabama schools in support of student success. This process involves a “problem solving team” allowing the Attendance Officer an opportunity to share pertinent information about identified students at risk of school failure due to poor attendance.

The registrar, principal, and school nurse also play a major role in support of student success in regard to attendance. Identified tasks, not all inclusive, are shared in this document. When fully implementing a multi-tiered support system, the wrap-around services provided by all stakeholders such as nurses, principals, registrars, counselors, school social workers, mental health specialists, school improvement specialists, and community agencies enhance the opportunities for students to excel by removing barriers impeding academic and behavioral success.

NINTH-GRADE ABSENCES DRAMATICALLY REDUCE GRADUATION RATES

ABSENCES	CHANCE OF GRADUATING ON TIME
0-4	87%
5-9	63%
10-14	41%
15-19	21%
20-24	9%
25-29	5%
30-34	2%
35-40	1%

This chart shows the correlation between the number of student absences for a ninth-grade student and the projected percentage for those students graduating on time. This data was compiled by the Johns Hopkins University, Everyone Graduates Center. After presenting this information at a student seminar, it was reported that as the students were returning to the buses, one student said, “I never thought about how being absent from school may have an influence on me not graduating in four years.” Hearing and seeing the information in print provides a concrete awareness for students and parents as they make responsible decisions.

Attendance and the connection to truancy are major components for a public awareness campaign as students and parents usually do not see the impact of excessive absences until it has a cumulative NEGATIVE impact. Remembering that poor attendance is a symptom of a problem emphasizes the fact that attendance is often the key indicator to warrant immediate and appropriate interventions.

An Early Warning System (EWS) is designed to assist in addressing at risk factors such as attendance, behavior, and course attainment of school failure. These issues are identified in a systematic, directive, and timely manner. The six-step *Implementation Process Manual* for a K-12 Early Warning System may be referenced in Appendix B.

THE SYSTEM/SCHOOL ATTENDANCE OFFICER

The System/School Attendance Officer is a vital member of the education community and the entire process for supporting students attending school. Each school system in Alabama is required to employ at least one Attendance Officer whose responsibility is to secure the enrollment and attendance of all mandatory school-age children within his/her attendance district. Due to the size of some systems, the Attendance Officer may also hold additional duties within the school system. *Ala. Code §16-28-19(1975)*

In performing duties as described in the *Alabama Code*, Attendance Officers must investigate all reported cases of non-enrollment or non-attendance. When there is no valid reason for the non-enrollment or non-attendance, the Attendance Officer shall give the parent, guardian, or other person having charge or control of the child written notice requiring attendance of the child within three (3) days from the notice date. He/she is further required to bring criminal prosecution against the parent, guardian, or other person in those cases found to be without valid excuse. *Ala. Code §16-28-16(1975) Act 2001-344, p. 446, §1*

Finally, the Attendance Officer may take any school-age child into custody when the child is found away from home during school hours and not in the custody of the person having charge or control of the child. *Ala. Code §16-28-17(1975)*

Attendance Officers are required to keep accurate records of all notices served, cases prosecuted, and services performed. An annual report is to be made to the local board of education for which the Attendance Officer is employed. *Ala. Code §16-28-18(1975)*

It is highly encouraged/recommended that the Attendance Officer participate in regional attendance district meetings and attend the Alabama Association of Prevention Attendance and Support Services (AAPASS) annual conference. The sharing of best practices, and concerns at the local/regional/state levels support a strong network of professional opportunities for staff development and professional growth. Refer to the Council for Leaders in Alabama (CLAS) website for regional attendance district maps and contact information for AAPASS. Refer to Appendix C, AAPASS District Map, and Appendix D Recommended Role of the Attendance Officer and Timeline of Responsibilities.

SCHOOLGY FOR THE ATTENDANCE OFFICER

Schoology, a PowerSchool product, is a learning management system (LMS) provided to the LEA by the Alabama State Department of Education. Schoology is a comprehensive teaching and learning platform designed to create a digital learning space for students. Content placed in Schoology can be used for online instruction, virtual learning, remote learning, and/or hybrid learning, in a blended learning environment or to supplement face-to-face instruction based on how the LEA chooses to implement Schoology. Attendance tracking is available through a special feature.

It is the responsibility of the LEA to communicate expectations of the learning preference identified. The ability to view this type of student information will depend on if the LEA is utilizing the attendance option in Schoology or if permissions have been granted to the user by the LEA. Schoology also has the ability for administrators/district leaders to review historical data evaluating students' accessibility, performance data, and student engagement, such as length of time spent in the program in general or specific to assignments. It is an LEA decision as to the need to assess student attendance and engagement requirements of virtual learners.

Resources to support an increase in student attendance are located in Schoology. Attendance officers should request access through the LEA Technology Coordinator.

RECOMMENDED TIMELINE OF RESPONSIBILITIES FOR THE ATTENDANCE OFFICER

Immediately after being hired as an Attendance Officer, he/she must:

4. *THE MCKINNEY-VENTO HOMELESS ASSISTANCE ACT—Education for Homeless Children and Youth (EHCY) Program*

Subtitle VII-B of the McKinney-Vento Homeless Assistance Act (per Title IX, Part A of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act defines homeless as:

(A) individuals who lack a fixed, regular, and adequate nighttime residence (within the meaning of section 103(a)(1); and

(B) includes examples of –

- (i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship; or a similar reason; are living in motels, hotels, trailer parks, or campgrounds due to lack of adequate alternative accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;*

*Per Title IX, Part A of the Every Student Succeeds Act, “awaiting foster care placement” was removed from the definition of homeless on December 10, 2016; the only exception to this is that “covered states” had until December 10, 2017 to remove “awaiting foster care placement” from their definition of homeless.

- (ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings (within the meaning of section 103(a)(2)(C);
- (iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- (iv) migratory children (as such term defined in Section 1309 of the Elementary and Secondary Education Act of 1965) who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

The McKinney-Vento Program is designed to address the problems that homeless children and youth face in enrolling, attending, and succeeding in school. The following is the policy of Congress:

- (1) Each State Education Agency (SEA) shall ensure that each child of a homeless individual and homeless youth has equal access to the same free, appropriate public education, including a public preschool education, as provided to the other children and youths.
- (2) In any State where compulsory residency requirements or other requirements, in laws, regulations, practices, or policies, may act as a barrier to the identification of, or the enrollment, attendance, or success in school of, homeless children and youths, the State

educational agency and local educational agencies in the State will review and undertake steps to revise such laws, regulations, practices, or policies to ensure that homeless children and youths are afforded the same free, appropriate public education as provided to other children and youths.

- (3) Homelessness is not sufficient reason to separate students from the mainstream school environment.
- (4) Homeless children and youths should have access to the education and other services that such children and youths need to ensure that such children and youths have an opportunity to meet the same challenging state academic standards to which all students are held.

States and districts are required to review and undertake steps to revise laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth. This federal law ensures that the educational needs of homeless children and youth are met through immediate enrollment, comparable services, and supplemental services.

5. AGES OF CHILDREN REQUIRED TO ATTEND SCHOOL: EXEMPTION FOR CHURCH SCHOOL STUDENTS: TRANSFER STUDENTS

(a) Except as otherwise provided in subsection (b), every child between the ages of six and 17 years shall be required to attend a public school, private school, church school, or be instructed by a competent private tutor for the entire length of the school term in every scholastic year except that, prior to attaining his or her 16th birthday every child attending a church school as defined in Section 16-28-1 is exempt from the requirements of this section, provided the child complies with enrollment and reporting procedures specified in Section 16-28-7. Admission to public school shall be on an individual basis on the application of the parents, legal custodian, or guardian of the child to the local board of education at the beginning of each school year, under the rules as the board may prescribe; provided, a person who is under 19 years of age and on track to graduate from public school may not be denied admission to public school solely on account of his or her age. The parent, legal custodian, or guardian of a child who is six years of age, may opt out of enrolling his or her child in school at the age of six years by notifying the local school board of education, in writing, that the child will not be enrolled in school until he or she is seven years of age.

(b)(1) If a child withdraws from a public school, upon verification of enrollment in a Southern Association of Colleges and Schools or any entity with accreditation status as determined by one of the agencies identified on the United States Department of Education's list of Recognized National and Regional Accrediting Agencies or their affiliates accredited and recognized online school which has been authorized by the Alabama State Department of

Education to provide instruction in lieu of in-person instruction, the child shall be counted as a transfer student.

(2) If a child returns to a public school, semester exams shall be given to the child to determine grade placement.

(3) This subsection does not and should not be interpreted to create online schools. However, if a student chooses to attend an accredited, state authorized online school, that student's former school should not be penalized by the student being classified as a dropout.

Authority: (School Code 1927, §301; Code 1940, T. 52, §297; Acts 1956, 2nd Ex. Sess. No. 117, p. 446, §3; Acts 1982, No. 82-218, p. 260, §4; Act 2009-564, p. 1648, §1; Act 2012-295, p. 634, §1; Act 2014-403, p. 1484, §§1, 2; Act 2019-447, §1)

C. DOCUMENTATION REQUIRED FOR ADMISSION

1. IMMUNIZATION CERTIFICATES/MEDICAL OR RELIGIOUS EXEMPTION

The boards of education shall require each pupil otherwise entitled to admittance into an Alabama public school to present a certificate of immunization, medical or religious exemption upon initial entrance into school.

Authority: Ala. Code §16-30-3 and -4(1975)

2. SOCIAL SECURITY NUMBER

a. Each child enrolled in an Alabama public school Grades Kindergarten through Twelve will be asked to voluntarily present the student's valid social security number to school official(s) at the time of enrollment.

(1) A student may not be denied enrollment who does not have a social security number or who has not completed an application to obtain a social security card.

(2) A copy of the social security card is not required. It is sufficient to verify the card, copy the number onto a registration form, and put in the permanent record when a parent/and or guardian does not want the card copied.

State Superintendent of Education Interpretation, Memorandum, June 26, 2014*

3. PROOF OF AGE: KINDERGARTEN AND GRADE 1

The local board may prescribe reasonable rules and regulations governing the admission to public schools of a child. A local board may promulgate a rule which requires a parent to present a birth certificate as a pre-condition to the child being admitted to the school. A school may not refuse to admit a child merely because a parent is unable to obtain a birth certificate. If it is determined that a child does not have a birth certificate or such certificate cannot easily be obtained in time for the child to be admitted to school at the normal time, the school may accept other evidence of proof of the age of the child such as a sworn affidavit from the parent. In short, a school may require proof of a child's age to be made in a reasonable manner but may not use the inability of the parent to obtain a birth certificate as a reason for excluding a child from attendance at school.

Authority: State Superintendent of Education Interpretation, August 31, 1993

4. ADDITIONAL REQUIREMENTS

Additional documentation required by local education agencies for school entrance should be clearly and concisely delineated.

5. READMISSION

If a person is found to have violated the local board of education policies concerning drugs, alcohol, weapons, physical harm to a person, or threatened physical harm to a person, the person may not be readmitted to the public schools until any criminal charges or offenses arising from the conduct have been disposed of by appropriate authorities and the person has satisfied all other requirements imposed by the local school system as a condition for readmission.

Authority: Ala. Code §16-1-24.1(c) (1975)

Any person determined to be guilty of an offense involving drugs, alcohol, weapons, physical harm to a person, or threatened physical harm to a person may be readmitted to the public schools of this state upon such conditions as the local board of education shall prescribe for preservation of the safety or security of students and employees of the local school board, which may include, but are not limited to, psychiatric or psychological evaluation and counseling.

Authority: Ala. Code §16-1-24.1(d) (1975)

2. AFTER CONVICTION, BUT NOT SENTENCED TO IMPRISONMENT

Prior to the enactment of the *Alabama Juvenile Justice Act of 2008*, the *Ala. Code, 1975*, required that several broad categories of children be placed in alternative schools by operation of law. See *Ala. Code, 1975*, § 12-15-71(k) – (o) (2008). The 2008 Act deleted those sections, thereby restoring the discretion of local school boards to determine the appropriate educational setting and placement of students on an individualized basis, as required by federal law. See 20 U.S.C. §1414(d) (2008); 20 U.S.C. §1412(a)(5)(B) (2008).

Nothing in these rules prohibits an agency from reporting an alleged crime committed by a child with a disability to appropriate authorities or prevents State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a child with a disability.

Authority: Alabama Administrative Code: 290-8-9-.09(6)(a)

School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child:

MEMORANDUM

TO: City and County Superintendents of Education

FROM: Eric G. Mackey *EJM*
State Superintendent of Education

RE: Specialized Treatment Center Data in InformationNOW (INOW) - Update

Beginning school year (SY) 2021-2022, students who are placed in Specialized Treatment Centers (STCs) will not be withdrawn from their home school or local education agency (LEA). They will remain enrolled in the school of origin and will instead be registered for classes in PowerSchool through Cross-LEA enrollment. This change was announced in the memorandum dated November 23, 2020, entitled Specialized Treatment Centers Data in INOW. If your district has not yet enrolled STC students in your LEA, please do so prior to June 18, 2021.

In order for the student data to transfer correctly from INOW into PowerSchool, students from every LEA who are currently in an STC must be labeled as such in INOW. All STC fields are located on the Student > Custom Tab and are currently active in INOW. LEAs should be enrolling students in STCs.

Each student in an STC will be flagged as non-traditional, then tagged to the appropriate STC via a dropdown tab. On the tab, select the appropriate STC, the placement reason, the start and end dates that the student was in the facility, and the withdrawal reason from the STC.

This data will **not** be included in any accountability reporting for the 2020-2021 school year. The student STC enrollments will be imported with the conversion to PowerSchool in June 2021.

Failure to enroll STC students in your LEA will result in their data, SSIDs, transcripts, and IEPs not converting into PowerSchool. Students that have not been enrolled and set as STC students in INOW using the Non-Traditional School Type will have to be manually entered into PowerSchool after the go-live date of August 2nd, which could lead to duplicate student records.

If you have any questions, please contact Dr. Sabrina May via email at smay@alsde.edu.

LEARNING PREFERENCES

LEARNING PREFERENCES

Learning preferences are identified as virtual, remote, and hybrid. These categories refer to the characteristic strengths and preferences in the ways students absorb and process information. LEAs may use one, or any combination of these preferences, as determined by student needs to maintain academic success based on various circumstances.

Full- Time Virtual Learners

Virtual learning opportunities and expectations will vary between school systems. No matter the virtual learning experience, it is necessary to have clearly defined expectations and requirements of students and the support of parents/legal guardians. In order to give every virtual student the opportunity for success, the following guidelines should be outlined and communicated:

- **Admission Criteria** – criteria that anticipates students are active, independent learners, highly motivated, and possess the skills necessary to successfully participate in virtual learning environments.
- **Accountability Guidelines** – guidelines that address expectations, such as participation in online activities, completion of assignments, and participation in conferences. If students do not meet expectations, attendance/truancy consequences could result in district and court interventions.
- **Course Offerings** – course offerings that allow virtual students to satisfy graduation requirements with recommendations to provide additional academic options, such as advanced placement classes, advanced diploma options, participation in career technical education, etc.
- **Instructional Delivery** – clearly defined roles and responsibilities of teachers and students. Typically a learning management system is utilized to create a digital learning space. Student participation in Google Meets, academic conferences, and intervention activities will be determined based on academic performance. Students with individualized learning plans are required to receive the support outlined in their plans.
- **Grading and Assessment** – grading guidelines that closely resemble the traditional classroom setting should be implemented. Virtual learners are expected to participate in state assessments.

Remote Learners

Remote learning occurs outside of the brick-and-mortar environment of a classroom. It may follow a traditional schedule with live lessons, logins, or engagement being mandatory. The instructional delivery format tends to be more synchronous than asynchronous and follows a traditional in-person format. The curriculum is typically teacher created and most students work at the same pace. Remote learning can be assigned by district/schools based on need, such as temporary school closure or a student in isolation, quarantine that will be displaced for a set period of time

Remote learning utilizes electronic technologies to access curriculum outside of the classroom. To be effective with transitioning back and forth from traditional to remote, there should be prior planning to assess dependence on preparedness, technology tools, and overall student support. The goal is to allow learning to continue and have students returning to school without the need to complete a great deal of make-up work.

- Students require access to technology necessary for participation in remote learning.

- Teachers deliver content through the identified learning management systems.
- Teachers communicate with students to outline expectations when remote and what content and assignments should be completed during their time away from school.
- Teachers identify means in which students should communicate when they need help or assistance.
- Length of time for remote learning is communicated to students and parents.

Hybrid Learners

Hybrid learning allows students to split time between face-to-face instruction and outside the “brick and mortar” of the school campus. Lessons are both paper/pencil and on-line and may be used flexibly within both environments. This learning preference may require a physical space as well as a learning management system.

TRACKING ATTENDANCE BY LEARNING PREFERENCE

Student attendance tracking in all learning preferences should be consistent and appropriate with each learning preference.

Traditional

- For a traditional student, a student is counted present if they attend school for at least 51% of the school day.

Full-Time Virtual

- LEAs should assess student performance daily/weekly for virtual learners. Guidelines regarding engagement expectations should be communicated to both students/parents. Early identification of students who are not engaged should be addressed by implementing and monitoring effective tiered levels of interventions. In some extreme cases, if a virtual learner is not meeting expectations and not responding to interventions, a discussion should occur between the school, student, and parent regarding the student losing the opportunity to be virtual. If the student continues to not respond, engage, or participate in the corrective action plan, the student should return to the traditional learning environment. Evidence involving documentation of interventions and communications should be provided to school administration and/or district leaders.

Hybrid/Remote Learners

- Hybrid/remote learners, the LEA should assess student engagement daily. Students not engaged, for at least 51% of the expected time, can be marked absent for that day. Guidelines defining engagement could include login time and requirements, academic benchmarks, assignment submission/completion, or participation in asynchronous and/or synchronous virtual classes and meetings. The LEA should follow their board policy regarding expectations of hybrid and remote learners.

State of Emergency

- The learning preference recommended during a state of emergency is remote learning. Remote learning follows a traditional schedule with live lessons, logins, and/or engagement being mandatory to meet the 51% of daily average value. The instructional delivery format tends to be more synchronous than asynchronous and follows a traditional in-person format.

Attendance is justified by any combination of the indicators which reflect identified evidence of engagement.

- Appendix G is a sample template of LEA collaboration to support the needs of students who are temporarily displaced from the physical campus.

Example of Tracking Daily Attendance on Remote Days Connecticut State Department of Education

A remote student can be considered as being “in attendance” on a particular day if the total time spent on one of more of the following activities equals at least half the school day.

Synchronous virtual classes are live classes that are streamed real time to students using a videoconferencing platform like Google Meets, Zoom, Microsoft Teams, etc.

Synchronous virtual meetings may be with a teacher, counselor, social worker, paraprofessional, etc., using a videoconferencing platform or via telephone. They may be homeroom opportunities, daily routine check-ins, or other synchronous conversations.

Time logged in electronic systems can be used to identify any time over and above the synchronous virtual classes and meetings that the student may have participated in during the school day.

Assignment submission/completion time can be determined by the teacher by starting with an estimate of time it will take for a typical student to submit/complete that assignment and using that estimate to gauge the attendance time for the day that should be allotted to each student.

Suggested Guidelines for Remote Learning Attendance – Modeled after Ohio State Department of Education

- Guidelines for remote learning opportunities should be clear and reasonable considering the nature of the flexibility with remote learning.
- It is suggested that school districts define set times when to start the school day and how many hours the school day entails. Additionally, school districts define set times for synchronous and asynchronous learning.
 - Guidelines to be considered may include, but are not limited to the following:
 - Teacher-led remote learning (synchronous): In developing remote learning plans, districts and schools should consider how teacher-lead remote learning equated to in-person instruction. They should then track student attendance based on the assigned time of instruction (by periods or blocks).
 - Self-directed remote learning (asynchronous): In developing remote learning plans, districts and schools should consider evidence of participation or lack of evidence of participation with consistent and clear expectations for students. Evidence of participation may include, but is not limited to:
 - Daily logins to learning management systems.
 - Daily interactions with the teacher to acknowledge attendance.

- Examples of daily interactions between teachers and students can include, but are not limited to messages, video-conferencing chats, emails, telephone calls, or other formats that enable teachers to engage with students.
- Assignment Completion
 - If using assignment completion to track attendance, districts and schools should determine the number of hours they expect an assignment may take for a student to complete and use that time to gauge each student's attendance.
 - Example of how to use completion for attendance in self-directed context (asynchronous learning):
 - Daily or weekly task example: Students are assigned weekly bellringer quiz based on the standard or skill for the week. Each class meeting students discuss each bellringer with their teacher and submit their answers via email, learning management system (LMS), or by mail.

Attendance Coding Scenarios

- A student will learn from home the entire school year. – Virtual Learning Preference
- The student is diagnosed with COVID-19 and will miss at least ten (10) days – Remote Learning Preference
- The school assigns a set number of students to do traditional learning on Monday, Wednesday, Friday and remote learning for Tuesday and Thursday – Hybrid Learning Preference
- A student is required to quarantine for a period of 10 days – Remote Learning Preference
- A school closes for a period of time due to a shortage of staff or the need to do additional cleaning – Remote Learning Preference

ABSENTEEISM

ABSENTEEISM

A. ATTENDANCE REQUIRED

Every child between the ages of six and 17 years shall be required to attend a public school, private school, church school, or be instructed by a competent private tutor for the entire length of the school term in every scholastic year except that, prior to attaining his or her 16th birthday every child attending a church school as defined in Section 16-28-1 is exempt from the requirements of this section, provided such child complies with enrollment and reporting procedure specified in Section 16-28-7. Admission to public school shall be on an individual basis on the application of the parents, legal custodian, or guardian of the child to the local board of education at the beginning of each school year, under such rules and regulations as the board may prescribe. The parent, legal custodian, or guardian of a child who is six years of age, may opt out of enrolling their child in school at the age of six years by notifying the local school board of education, in writing that the child will not be enrolled in school until he or she is seven years of age.

Authority: Ala. Code §16-28-3(1975)

Amended by Alabama Act 2019-447, §1, eff. 9/1/2019

B. ABSENCES

1. EXPLANATION REQUIRED

- a. Every parent, guardian, or other person having control or charge of any child required to attend public school, private school, or church school, shall as soon as practical explain the cause of any absence of the child under his control or charge which was without permission of the teacher.

Authority: Ala. Code §16-28-15(1975)

Acts 1982, No. 82-218, p. 260, §7

- b. Failure to furnish such explanation shall be admissible as evidence of such child being a truant with the consent and connivance of the person in control or charge of the child, unless such person can show to the reasonable satisfaction of the court that he had no knowledge of such absence and that he had been diligent in his efforts to secure the attendance of such child.

Authority: Ala. Code §16-28-15(1975)

Acts 1982, No. 82-218, p. 260, §7

- c. A good cause or valid excuse, as used in this section, exists when on account of sickness or other condition attendance was impossible or entirely inadvisable or impracticable or when, by virtue of the extraordinary circumstances, the absence is generally recognized as excusable.

Authority: Ala. Code §16-28-13(1975)

2. EXAMPLES OF EXCUSED ABSENCES

- Illness that endangers the student's health or the health of others.
- Students that are deemed ill by the school nurse on a given day.
- Death of an immediate family.

*Amended 1/27/22, page 135
*Amended 2/4/22, page 135

- Emergency conditions as determined by the LEA.
- Additional codes/explanations may be found in APPENDIX H.

3. EXCUSING ABSENCES WITH ADMINISTRATOR APPROVAL

- a. It is recommended that each LEA determine the guidelines for administrator approval in excusing student absences. Following are calculations that should be considered in the LEA's guidelines for the school principal in an effort to examine the overall impact on the student's learning and reduce chronic absenteeism problems in the system:
- Total number of excused absences accumulated with the addition of the requested days.
 - Calculate the remainder of any additional excused absences that will be allowable for the student according to system policies such as unused parent notes.
 - Truant days accumulated by the student.
 - Impact of requested absences on current grades.
 - Impact of requested absences on current attendance.

4. ATTENDANCE BEYOND THE CLASSROOM

- a. The following situations beyond the classroom may not be counted as absences:
- Any student serving in-school suspension and receiving educational services.
 - Any student receiving homebound instruction.
 - The student has a modified schedule due to an IEP or 504 health plan accommodations that specifies an attendance exception.
 - An alternate placement within the system has been assigned to a student for disciplinary reasons.
 - Any student participating in standardized assessments or a mandated pre-induction physical examination for the armed services.
 - The student is traveling during the school day between the school and another education facility, such as a (career and technical education) center, internship, work experience, job shadowing, or postsecondary education facility either within or across district boundaries if the facilities are used as a part of the regularly scheduled instructional program approved by the local board.
 - State of Emergency as determined by the Governor of Alabama.
 - Full-day attendance exceptions. See page 10 for a complete listing.
 - A student participating in a postsecondary school visit may include travel days. LEA board policy may have additional parameters such as a limit to the number of days.

5. ALLOWABLE SCHOOL ACTIVITIES DEFINED

- a. Allowable school activities are school-directed, school-supervised and/or school-related. Examples of allowable school activities are field trips, athletic or academic team competitions, school-related clubs or events, and band or choir competitions.

(1) Allowable school activities are coded with an attendance category: **Chronic Exempt**

- b. The LEA will determine a systemic method of attendance accountability for a school activity pertaining to non-participant students' involvement in such events.

6. STUDENTS COUNTED ABSENT

- a. Students are counted absent in the following situations:

- Students that are off school grounds, unapproved, or have an unknown location on a day that the student is scheduled to attend school.
- The student is serving an out-of-school suspension including any days missed immediately preceding the discipline.
- A family vacation.
- Any student scheduled to be in class, but not in attendance.
- A student not attending for unknown reasons, although scheduled to attend.

7. VIRTUAL LEARNING ATTENDANCE

- a. Students enrolled in virtual learning are considered present daily and counted in the system's ADM based on law.

*Authority: Ala. Code §16-46A-2 (1975)
Added by Alabama Act 2015-89, §2, eff. 7/1/2015*

- b. It is suggested although not required by law that each LEA has a clear procedure/process to determine both success, attendance, and progress with participation in a virtual learning experience in an identified environment (home, school, alternative location).
- c. Guidelines for virtual learning opportunities should be clear and reasonable considering the nature of the flexibility of virtual learning.
- d. Guidelines to be considered may include, but are not limited to the following:
- Login time and requirements with flexibility
 - Academic and social/emotional benchmarks
 - State testing and accountability
 - Requirements through local school system and upon satisfying graduation requirements of the local school system and upon satisfying graduation requirements of the local board of education, receive a diploma from the local school system.
Section 2, SB71
- e. Characteristics to consider of virtual learners:
- Ability to self-pace
 - Ability to work independently

- Self-motivated
 - Non-traditional parameters
- f. There should be communication with student and family regarding the requirements and expectations of virtual learning.

8. PRESCHOOL ATTENDANCE

- a. The program and classroom guidelines have been created and published by the Department of Early Childhood, Office of School Readiness (OSR). Please refer to OSR guidelines for information regarding preschool attendance and non-attendance.

C. INVESTIGATING NON-ATTENDANCE

1. The superintendent shall require the attendance officer to investigate all cases of non-attendance.

*Authority: Ala. Code §16-28-16(1975)
Amended by Alabama Act 2001-344, p. 446, §1*

2. In the event that the investigation discloses that the non-attendance was without valid excuse or good reason and intentional, the attendance officer shall bring criminal prosecution against the parent, guardian, or other person having control of the child.

*Authority: Ala. Code §16-28-16(1975)
Amended by Alabama Act 2001-344, p. 446, §1*

D. NO SHOWS (Zero Day Enrollment)

1. On the first official school day of the academic year, students enrolled in the LEA SIS but not in attendance on the first day regardless of the reason, should be coded with an exit date that is the same date as the entry date. The appropriate Exit Reason Code should be selected. The LEA may want to print schedules, locker combinations, and any other pertinent information in case of the student returning to the LEA.
2. Any student not in attendance on the first school day will be required to re-enroll through the school office on his/her first day of attendance.
3. Be prepared to update the Exit Reason Code once notification of the reason the student is not in attendance is received.

E. ATTENDANCE CODING

1. Standardized Codes and Categories (formerly Levels) are identified in Appendix H. It is the intent of the committee to provide and to encourage coding consistency throughout the state to reflect a fair and equitable measure of accountability.

F. CHRONIC ABSENTEEISM

1. Chronic absence refers to students who are repeatedly absent during the school year for both excused (e.g., suspension, illness, death in the family, etc.) and unexcused absences. This

*Amended 1/27/22, page 135

*Amended 2/4/22, page 135

accumulation of total absences is the major difference from truancy, which only calculates

unexcused absences. Sporadic, not just consecutive, absences matter. Missing just two days every month can cause a student to fall behind.

2. Chronic absence level (how many students do not attend school regularly) differs from average daily attendance (how many students typically attend school each day).
3. Data point captured in the Civil Rights Data Collection for the School Year 2013-2014, the only available national dataset, revealed in the embryonic stages of research chronic absenteeism refers to missing 15 or more days. ESSA acknowledges, support, and requires the data collection for chronic absenteeism for local and state Report Cards, with an optional measure for School Accountability. Alabama's calculations are reflected in the Alabama ESSA Plan, and are measured and reported as a school quality indicator on the Report Card. Currently, 18 total absences are the measurement and definition for chronically absent as reflected on the LEA Report Card.
4. Chronic absence data can be used to trigger prevention and early intervention measures so high-risk student populations can receive the supports they need, ideally before they fall behind academically. Reducing chronic absence is a major component of an LEA multi-tiered support system model.

5. Tiers of Intervention

Tier 1 represents universal strategies to encourage good attendance for all students.

Tier 2 provides early intervention for students who need more support to avoid chronic absence.

Tier 3 offers intensive support for students facing the greatest challenges of attending school.

It is believed that foundational supports are the building blocks of good schools that promote attendance. Some supports, such as access to computer equipment, internet connectivity, access to learning support for students, and support for families to help them facilitate learning at home are even more fundamental when instruction is remote. When resources are not in place, it is the responsibility of the school and community to put them in place

6. Chronic absence does not only affect the students who miss school. It slows down instruction for other students, who must wait while the teacher repeats material for absentee students. This makes it harder for students to learn and teachers to teach. Reducing chronic absence can help close achievement gaps.
7. Reducing chronic absenteeism is key to realizing the benefits of investments in improved instruction and curriculum. Addressing and managing chronic absences ensures that student have an equal opportunity to succeed in a global economy, where graduation from school and advancing to college, or gainful employment with specific skills are more essential than ever.

G. PROSECUTION

1. Where no valid reason for non-attendance is found, the attendance officer shall give written notice to the parent, guardian, or other person having control of the child. Where the parent, guardian, or person in charge or control of the child is not at his or her regular residence, the attendance officer may leave the written notice with a person over 12 years of age residing at the usual place of residence with instructions to hand such notice to parent, guardian, or other person having control of the child.

*Authority: Ala. Code §16-28-16(1975)
Amended by Alabama Act 2001-344, p. 446, §1*

2. The written notice shall require the attendance of the child at the school within three days from date of the notice.

*Authority: Ala. Code §16-28-16(1975)
Amended by Alabama Act 2001-344, p. 446, §1*

3. Prosecution may be begun by the local superintendent, an attendance officer, principal teacher, private tutor, probation officer, or an authorized agent of the State Superintendent of Education or the Department of Human Resources.

Authority: Ala. Code §16-28-22(1975)

4. When the student is an habitual truant, or because of irregular attendance or misconduct has become a menace to the best interest of the school which he is attending or should attend, and the parent, guardian, or other person files a written statement in court stating that he is unable to control such child, the attendance officer must file a complaint in juvenile court against said student.

Authority: Ala. Code §16-28-14(1975)

5. No parent, guardian, or other person having control or charge of any child shall be convicted for failure to have said child enrolled in school or for failure to send a child to school or for failure to require such child to regularly attend such school or tutor, or for failure to compel such child to properly conduct himself as a pupil, if such parent, guardian, or other person having control or charge of such child can establish to the reasonable satisfaction of the court the following:

- a. That the principal teacher in charge of said school which he attends or should attend or the tutor who instructs or should instruct said child gave permission for the child to be absent; or
- b. That such parent, guardian, or other person is unable to provide necessary books and clothes in order that the child may attend school in compliance with law, and that such parent, guardian, or other person had prior to the opening of the school, or immediately after the beginning of such dependency, reported such dependent condition to the juvenile court of the county and offered to turn the child over to the State Department of Human Resources as a dependent child; or
- c. That such parent, guardian, or other person has made a bona fide effort to control such child and is unable to do so, and files in court a written statement that he is unable to control such child; or
- d. That there exists a good cause or valid excuse for such absence; or
- e. That such parent, guardian, or other person has made a bone fide, diligent effort to secure the regular attendance of such child and that the absence was without his knowledge, connivance, or consent.

Authority: Ala. Code §16-28-13(1975)

H. TAKING CHILD INTO CUSTODY

1. It shall be the duty of the attendance officer, probation officer, or other officer authorized to execute writs of arrest to take into custody without warrant any child required to attend school or be instructed by a private tutor who is found away from home and not in the custody of the person having charge or control of such child during school hours and who has been reported by any person authorized to begin truancy proceedings or prosecutions.

Authority: Ala. Code §16-28-17(1975)

2. When the attendance officer has taken a child into custody, the officer shall take the child to the person having charge or control of the child or to the principal teacher, or the child's private tutor.

Authority: Ala. Code §16-28-17(1975)

3. If such child is a habitual truant, he shall be brought before the juvenile court for such disposition as the judge of said court finds proper from the facts.

ATTENDANCE REPORTING

ATTENDANCE REPORTING

B. ADDITIONAL ATTENDANCE RECORDKEEPING

1. The registry of attendance of pupils kept by any public school, in compliance with the provisions of law or any rule and regulation promulgated by the State Board of Education shall be admissible as evidence of the existence or nonexistence of the facts it is required to show.

*Authority: Ala. Code §16-28-23(1975)
Amended by Alabama Acts 1982, No. 82-218, p. 260, §8*

2. The role of the registrar or designee to enter data is critical to accurate records. Recommendations for pacing and tasks to support this accountability are cited in Appendix I, Recommended Timeline of Responsibilities for the School Registrar/Enrollment Clerk or Attendance Data Designee.

- a. In determining 51% of the scheduled school day, the beginning of the general instruction day must be used. Neither the arrival of school buses, departure time of school buses, nor breakfast programs should be considered part of the instructional day.
- b. Students shall be enrolled at such time as they enter the school for enrollment and attendance purposes. No student should be enrolled on the basis of prior attendance or pre-registration.
- c. Students should be withdrawn from membership on the day following the student's last day of attendance.
- d. Withdrawal is official when one or more of the following occurs:
 - (1) The parent, guardian, or other person having care or control of the student notifies the school that he or she is leaving the school permanently.
 - (2) The school official determines that the individual has moved or left school permanently.

Authority: Acting State Superintendent of Education September 5, 1995

3. Timely data on chronic absenteeism is available at the LEA level, thanks to technology improvements, including the development of early warning systems (which use a combination of data on attendance, academics, and behaviors to identify at-risk students) and clearer, easier-to-use data dashboards displaying key metrics. Refer to Appendix B, *Implementing Process for a K12 Early Warning System (EWS)*.

C. WEEKLY UNEXCUSED REPORT

The principal or his/her designee shall submit electronically to the local superintendent the names of all children between the ages of six and seventeen who were absent without being excused or whose absence was not satisfactorily explained.

***Authority: Ala. Code §16-28-7(1975)
Amended by Act 2014-245, §4, eff. 7/1/2014.***

1. A daily attendance report should be given to the school the school nurse each school day. The school nurse will use the report to monitor the absences of students with recorded medical conditions.

D. STUDENT REPORT CARDS

Student report cards should reflect the total number of days students are absent from school and/or classes; therefore, accurate attendance must be placed on each student's report card. It is recommended that each system develop a standardized procedure for reporting attendance on report cards.

E. PARENT HOME PORTAL

The student information system (SIS) provides access for parents to view their child's attendance history. Access is granted through the child's currently enrolled school. We highly encourage parents to create accounts to monitor the accuracy of their child's attendance records.

F. REPORTS FOR CHRONIC ABSENTEEISM

Under the ESSA, a federally defined chronic absenteeism reporting metric for chronic absenteeism is required. This chronic absenteeism data is reported through the state submission of the Consolidate State Performance Report (CSPR) to the United States Department of Education. In addition, ESSA requires states to identify at least one indicator of Student Success/School Quality that is included in their federal accountability system. Alabama has chosen both a state-defined Chronic Absenteeism and College and Career Readiness (CCR) data to meet the requirement of the Student Success/School Quality indicator.

POWERSCHOOL ATTENDANCE SETTINGS

An initial step to calculate the daily attendance value (51%) is to determine attendance setting preference by school/system. Below are the two setup options an LEA may select.

DEFINITIONS:

Daily Attendance Value (DAV) – calculated value based on 51% present of the day, where Present is 1 and Absent is 0.

Clock In/Out – same as Check In/Out when student checks in or checks out

Meeting Attendance – same as Period-by-Period Attendance

Bridge Period – the single period where attendance is synced between daily and meeting (only used if you wish to track both Daily and Meeting)

(Please note that the only difference between the two options is with the *Secondary* setup.)

OPTION 1 Meeting Codes Only

School Configuration	Attendance Settings	Notes
Elementary – posting one period of attendance per day	<ul style="list-style-type: none"> - Daily - Meeting - Clock In/Out - Two-way bridge period - Default attendance page = Daily 	<ul style="list-style-type: none"> - With only 1 attendance period and the two-way bridge set, the Daily Code and the Meeting Code will stay in sync. - DAV is calculated from the total minutes in the student’s scheduled periods.
Secondary – posting each period of attendance per day	<ul style="list-style-type: none"> - Meeting (only) - Clock In/Out - One-way bridge period - Default attendance page = Meeting - Set Meeting ‘Percentage’ Thresholds for Tardy and Absent 	<ul style="list-style-type: none"> - No Daily Code will be captured. - Only use attendance reports that pull “meeting” attendance. - DAV is calculated from the total minutes in the student’s scheduled periods.
Mixed Elementary & Secondary – e.g., K-8, K-12 (if you want to track meeting attendance)	<ul style="list-style-type: none"> - Meeting (only) - Clock In/Out - One-way bridge period - Default attendance page = Meeting - Set Meeting ‘Percentage’ Thresholds for Tardy and Absent 	<ul style="list-style-type: none"> - No Daily Code will be captured. - Only use attendance reports that pull meeting attendance. - DAV is calculated from the total minutes in the student’s scheduled periods. - Need to set up two separate HR or Per. 1 for Elementary and Secondary. The Elementary (HR) period would be set as full day and the Secondary (HR) period would be set as the actual minutes (e.g., 10 min).

OPTION 2--Daily and Meeting Codes

School Configuration	Attendance Settings	Notes
Elementary – posting one period of attendance per day	<ul style="list-style-type: none"> - Daily - Meeting - Clock In/Out - Two-way bridge period - Default attendance page = Daily 	<ul style="list-style-type: none"> - With only 1 attendance period and the two-way bridge set, the Daily Code and the Meeting Code will stay in sync. - DAV is calculated from the total minutes in the student’s scheduled periods.

ATTENDANCE TRACKING NOTIFICATION (ATN)

Attendance Tracking and Notification can be used in combination with the basic PowerSchool attendance setup. The additional setup elements allow for tracking of truant attendance using a combination of thresholds and triggers. Each time a student meets or exceeds a specific threshold, a notification record is created in the PowerSchool database. The notification records can be used to print attendance letters for students with truant attendance.

Additional guidance for the Attendance Tracking Notification setup is referenced in Appendix J.

Please note that LEAs should use the following information to assist in setting up the ATN:

TEMPORARY CLOSING OF SCHOOLS, EARLY RELEASE, AND SHELTER IN PLACE

TEMPORARY CLOSING OF SCHOOLS, EARLY RELEASE, AND SHELTER IN PLACE

A. REPORTING

In the event of a natural disaster, pandemic, or an epidemic, it may be necessary to temporarily close a given school. When the school resumes classes, the calendar dates will reflect the date school is actually in session. At the designated time, the principal should forward the attendance report to the superintendent. Any anticipated delay in attendance reporting should be reported to the State Department of Education.

Authority: State Superintendent of Education Interpretation, Memorandum, February 26, 2015

In the event of a school closure, early release, or shelter in place due to inclement weather or other emergency, the information must be reported by the superintendent of each school system on the School Closure Notification Form located at <https://aim.alsde.edu> under School Notification for Public tab. After completion of the Notification Form, the superintendent must complete the School Day Make-Up Form and submit it to the State Superintendent of Education for approval.

B. SCHOLASTIC DAY

A scholastic day shall not be less than six hours unless otherwise ordered by the county or city board of education.

*Authority: Ala. Code §16-1-1(1975)
Amended by Alabama Acts 1984, No. 84-323, p. 743, §1.*

C. MINIMUM NUMBER OF DAYS MISSED

Any days missed must be made-up to account for the minimum requirement of 180 full instructional days or the hourly equivalent of no less than 1,080 instructional hours. In extreme circumstances involving natural occurrences, health-related occurrences, or other extenuating circumstances that result in the cancellation of an instructional day, a local board of education may submit a plan for the approval of the State Superintendent of Education to replace cancelled instructional days by adjusting the school calendar to extend the hours of actual teaching time on specified instructional days.

*Authority: Ala. Code §16-13-231(1975); Amended by Alabama Act 2015-430, §1, eff. 9/1/2015.
Alabama Administrative Code 290-3-1-.02(2) (a) 1*

D. REMOTE Learning Opportunities

Remote learning allows the flexibility of participating in a traditional learning environment and then pivoting and transitioning to learning at home for a short period of time. Remote learning could be assigned by districts/schools based on need, such as a temporary school closure or a student in isolation or quarantine that will be absent for a set period of time.

Remote learning utilizes electronic technologies to access curriculum outside of the classroom. To be effective with transitioning back and forth from traditional to remote, there should be prior planning to assess dependence on preparedness, technology tools, and overall student support. The goal is to allow learning to continue and have students returning to school without the need to complete a great deal of make-up work.

- Students require access to technology necessary for participation in remote learning.
- Teachers deliver content through the identified learning management systems.
- Teachers communicate with students to outline expectations when remote and what content and assignments should be completed during their time away from school.
- Teachers identify means in which students should communicate when they need help or assistance.
- Length of time for remote learning is communicated to students and parents.

DROPOUTS

DROPOUTS

The state of Alabama utilizes the United States Department of Education: National Center for Education Statistics (NCES), Common Core of Data (CCD) definition of a dropout. According to the NCES a dropout is defined as an individual who:

- Was enrolled in school at some time during the previous year and was not enrolled at the beginning of the current school year.
- Has not graduated from high school or completed an accredited state or system approved education program.
- Administratively withdrawn without enrolling in another accredited state or system approved program or another public school system.
- Has not been accounted for by October 1st and will count as a dropout in his or her assigned cohort.

STUDENT EXIT INTERVIEW

A student age 17 and older is eligible to withdraw from a public school prior to graduation when both of the following circumstances exist:

- Written consent is granted by the child's parent or legal guardian.
- An exit interview is conducted where the student and student's parents or legal guardian meet with designated school staff and are advised of the negative effects of withdrawal such as unemployment, decreased future earning potential, driver license revocation and the student and parent or legal guardian must also be provided with GED information and discuss other classes or opportunities available to the student.

Authority: Ala. Code §16-28-3.1(1975)

CHRONIC ABSENTEEISM

CHRONIC ABSENTEEISM

Chronic Absenteeism is a measure of how many students miss a defined number of days (often 18 or more days) for any reason. Research shows that Chronic Absenteeism is associated with several negative consequences for students including lower achievement, disengagement from school, course failure, and an increased risk of dropping out. Additionally, decades of research links truancy to violent and non-violent offenses. Students who are truant are structuring their lives for educational failure as well as potential social isolation, violence, marital problems, employment problems, adult criminal behavior, and incarceration.

Addressing chronic absenteeism and developing good attendance habits is a solvable problem for which all stakeholders share the responsibility. Identified roles and responsibilities are referenced throughout this document. Refer to Appendix L, Recommended Role of the School Principal/Leadership, “You Are In Charge of Attendance, Now What?”

A. FS195 – CHRONIC ABSENTEEISM FILE SPECIFICATIONS

The FS195–Chronic Absenteeism File Specifications contains instructions for building files to submit EDfacts Data Group 814: Chronic Absenteeism table. The definition for this data group is:

- The unduplicated number of students absent ten percent or more school days during the school year.
- The U.S. Department of Education also provides in accordance with the Office of Civil Rights’ guidance, student absence is defined as: “a student was absent if he or she was not physically on school grounds and was not participating in instruction or instruction-related activities at an approved off-grounds location for at least half the school day.

B. STATE ESSA PLAN

Through meetings across the state including the Alabama ESSA Accountability Workgroup, and other groups, stakeholders have shared a vested interest in ensuring that students in Alabama were successful not only in school but also in their careers and lives thereafter. Through much research, continuous feedback, and data analysis, it was determined that student attendance has a major impact on overall success. Therefore, Alabama will include chronic absenteeism as a metric within its accountability systems for schools with a Grade 12 and for schools without a Grade 12. Alabama has defined chronic absenteeism as the percentage of students having 18 or more absences in a given school year. The goal is to decrease the overall chronic absenteeism rate to no greater than 5% by 2030 for all LEAs, schools, and the state. This will be calculated by dividing the number of students absent for 18 or more days for a school quality success/indicator within the accountability system by the number of students actually enrolled and multiplying by 100.

C. ANALYSIS AND DATA

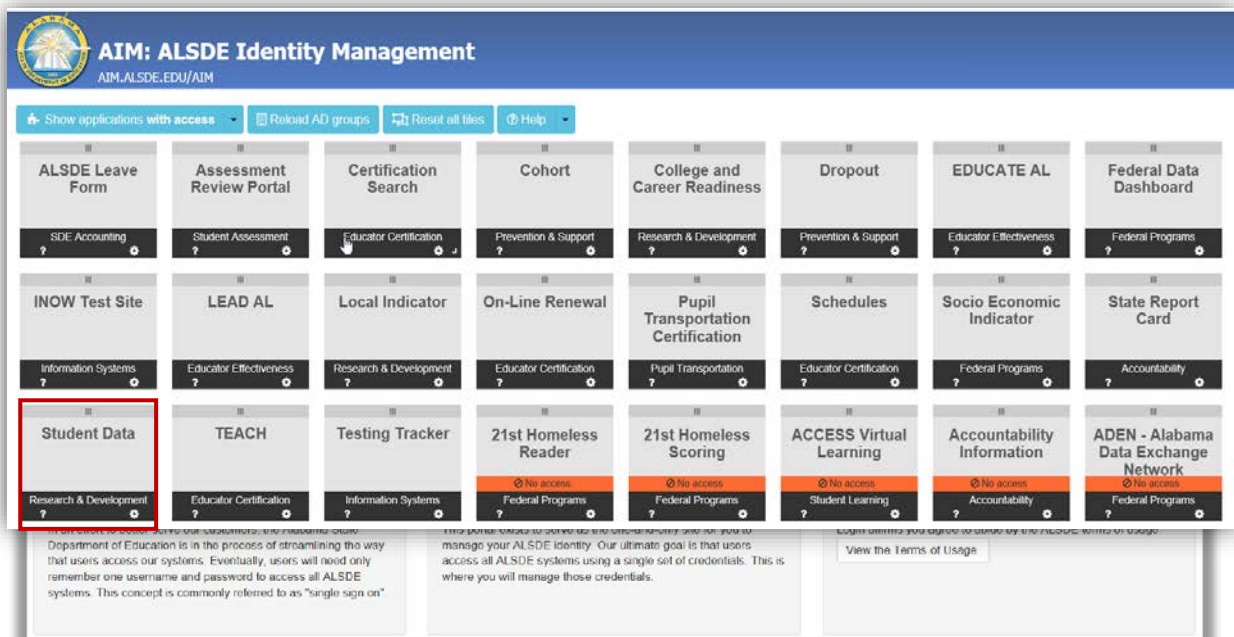

The Student Data Application compiles all student data. Student data from this application is pulled into other applications. End-users will have view-only access and data corrections must be made at the district level using the SIS. Because this application contains various sets of student data, end-users will only be able to view information according to his/her role assigned in ED Dir.

The popup has three buttons: "Open", "Save", and "Cancel", with a close button (X) on the right.

Note: The popup prompt will vary depending on the web browser used.

D. ASSURANCE LETTERS

The LEAs are encouraged to utilize a “nudge” letter, refer to Appendix M Sample “Nudge” Letter Chronically Absent Student for the purpose of educating families on the effects of chronic absenteeism. The systems may include suggestions for achieving good school attendance. Such a letter may be included in the parent/student handbook where a signature is required verifying that the parent/guardian/student received the information. The individual student letters regarding chronic attendance are recommended in addition to a parent/student handbook disclosure. Refer to Appendix N, Sample Letter For Parent/Student Handbook.

E. CHRONIC ILLNESS

The school nurse is the health care representative on site in each school in the LEA in Alabama. An understanding of the school nurse's role is essential to ensure coordinated care is given to each student to ensure the safety and wellbeing of each student, and that students are present and learning each day while school is in session. There is a recognized relationship between health and learning as there is between school nurse availability and student well-being to achieve educational success. The role of the school nurse encompasses both health and educational goals. The school nurse is a liaison between school personnel, family, health care professionals, and the community. The school nurse participates as the health care expert and the goal is for each student to be successful while at school. Therefore, it is imperative for every student to be in attendance daily, since students cannot learn if they are not present and feeling well each day. As a collaborative part of the educational process, a holistic approach must be taken to produce a whole child, as the whole school and the whole community is needed to work together.

WHEN IS SICK TOO SICK FOR SCHOOL?

Send me to school if...

I have a runny nose or just a little cough, but no other symptoms.

I haven't taken any fever reducing medicine for 24 hours, and I haven't had a fever during that time.

I haven't thrown up or had any diarrhea for 24 hours.

Keep me at home if...

I have a temperature higher than 100 degrees even after taking medicine.

I'm throwing up or have diarrhea.

My eyes are pink and crusty.

Call the doctor if...

I have a temperature higher than 100 degrees for more than two days.

I've been throwing up or have diarrhea for more than two days.

I've had the sniffles for more than a week, and they aren't getting better.

I still have asthma symptoms after using my asthma medicine (and call 911 if I'm having trouble breathing after using an inhaler).

F. CHRONIC ABSENTEEISM PREVENTION TOOLS

1. Enforcement of effective hand hygiene practices in schools include increased frequency of handwashing and use of hand sanitizers.
2. School-located influenza vaccination programs have been shown to reduce school absenteeism during influenza season.
3. School immunization requirements have been shown to increase immunization coverage in the community, and high levels of coverage are necessary for the prevention of outbreaks of vaccine-preventable diseases that could lead to school absenteeism.
4. School nurses have the expertise to identify and intervene on health issues that may affect the learning environment, and the nurses are critical team members for ensuring that students' individualized education programs, 504 plans, or health-care plans are appropriately designed and implemented.
5. School-Based Health Services Center (SBHSC) can include preventive services such as, dental, mental, or behavioral health services. Research has shown that the SBHSC can reduce absenteeism. Reference, Web Resource Section, *The Link Between School Attendance and Good Health*, M. Allison, E. Allisha, and Council on School Health.
6. The sample forms in this section are powerful tools to aide school personnel and parents in the prevention of chronic absenteeism. Refer to Appendix O for Sample Medical Information Release Form and Appendix P for Sample Anticipated Absence Form Cover Sheet and Sample Anticipated Absence Form.
7. LEAs review CDC or state/local health department guidance for procedures and best practices to ensure student safety.

TRUANCY

TRUANCY

The definition of Truancy is **unexcused absences** or skipping school/class for a day or portion thereof. The difference between chronic absenteeism and truancy is that chronic absenteeism identifies, and totals excused and unexcused absences whereas, truancy identifies only unexcused absences. The LEAs analyze and match appropriate interventions/strategies with students that have as few as two absences, regardless of whether it is excused or unexcused through student and student advocacy relationships. This strategy alone provides information imperative to breaking down barriers/obstacles impeding positive student attendance that consequently increases the students' academic performance.

Decades of research have identified the link between truancy and serious offenses, both violent and non-violent in later life. Truancy affects not only the student and school, but also society as a whole. Related to substance abuse, gang activity, and criminal activities, truancy is a proven risk factor for delinquent behavior. Students who are truant are structuring their lives for educational failure as well as potential social isolation, violence, marital problems, employment problems, adult criminal behavior, and incarceration.

A. SUPPORT FOR PRE-EARLY WARNING INTERVENTIONS

It is important that policies and procedures for implementing school truancy prevention programs include a systematic, directive, and timely process to reflect support for students and families prior to the juvenile court referral for the truancy process. Appropriate interventions prior to the required early warning procedures are necessary to facilitate students staying on track and, hopefully, avoiding a petition to court. Refer to Appendix Q, Early Warning Flow Chart and Appendix R, Chronic Absenteeism Flow Chart to be utilized during the development of the intervention process. Refer to Appendix S, Pre-Early Warning Intervention Form as the academic, social, and behavioral issues impacting a student's ability to attend school on a regular basis are identified and aligned with appropriate interventions.

Additional information such as research articles, PowerPoints, and pyramids of interventions for tiered support for attendance are stored under the Prevention and Support Services Section tab on the Alabama State Department of Education website. Resources will be located in Schoology.

ATTENDANCE TRACKING NOTIFICATION (ATN)

Attendance Tracking and Notification is used in combination with the basic PowerSchool attendance setup. The additional setup elements allow for tracking of truant attendance using a combination of thresholds and triggers. Each time a student meets or exceeds a specific threshold, a notification record is created in the PowerSchool database. The notification records are used to print attendance letters for students with truant attendance.

Additional guidance for the Attendance Tracking Notification setup is referenced in Appendix J.

Please note that LEAs should use the following information to assist in setting up the ATN:

- Attendance Tracking Method	Name: Percent (absent) Threshold: 49
- Unexcused Tracking Levels	Name: Unexcused Tracking Method: Percent Triggers – set up to 3 trigger values/thresholds

B. PARENTAL NOTIFICATION OF COMPULSORY SCHOOL ATTENDANCE LAWS

RECOMMENDATION:

It is important that parents be advised of attendance laws, regulations, and policies. This letter to parents on Alabama school attendance laws may be used. However, other methods of parental notification of attendance policies and laws may be used (e.g., handbooks). Parental receipt of attendance notification should be maintained on file at the local school.

SAMPLE

Dear Parents:

Alabama law requires all children between the ages of six and seventeen to attend school. If any child fails to attend school without legal excuse, that child and the person having custody of that child will be referred to the juvenile court.

Any child who is prosecuted for truancy may be placed in a juvenile facility or in long-term residential care. Any custodial adult who is prosecuted for failing to require a child to attend school may be jailed for up to one year or fined. *Ala Code 16-28-12, Amended by Acts 1994, 1st Ex. Sess., No. 94-782, p. 70, §1.*

A free public education is one of the greatest benefits available to the children of our State. Please ensure that your child achieves his or her full potential by attending school regularly.

Sincerely,

I have read the above letter and am fully aware of my responsibility to see that my child attends school daily and of the penalty for my failure to do so.

C. TRUANCY REPORTING

TRUANCY DEFINITION

A parent, guardian, or other person having charge of any child officially enrolled in Alabama public schools (K-12) shall explain in writing the cause of any and every absence of the child no later than three (3) school days following return to school. A failure to furnish such explanation shall be evidence of the child being truant each day he is absent. The child shall also be deemed truant for any absence determined by the principal to be unexcused based upon the State Department of Education's current School Attendance Manual. Seven unexcused absences within a school year constitute a student being truant for the purpose of filing a petition with the Court. The Interagency Committee on Youth Truancy Task Force recommendations known as the Early Warning Truancy Prevention Program timeline for reporting truancy shall define the truancy status of any student as follows:

1. First truancy/unexcused absence (warning)
 - (i) Parent/guardian shall be notified by the school principal or his/her designee that the student was truant and the date of the truancy.
 - (ii) Parent/guardian shall also be provided with a copy of Alabama's compulsory school attendance laws and advised of the penalties that can be applied and the procedures that shall be followed in the event that other unexcused absences occur.
2. No earlier than the fifth unexcused absence (conference)
 - (i) The parent, guardian, or person having control of the child shall (1) attend a conference with the attendance officer and principal or his/her designee and/or (2) participate in the early warning program provided by the juvenile court.
 - (ii) Attendance at one of these conferences shall be mandatory except where prior arrangements have been made or an emergency exists.
 - (iii) Failure to appear at the school conference and/or to appear at the early warning program shall result in the filing of a complaint/petition against the parent under *Ala. Code 1975, §16-28-12(c)* (failure to cooperate), or a truancy against the child, whichever is appropriate.
3. No earlier than seventh unexcused absence, but within ten (10) school days (court)
 - (i) File complaint/petition against the child and/or parent/guardian, if appropriate.
4. Child under probation
 - (i) The school attendance officer should be notified by the juvenile probation officer of all children in the school system under probation supervision by the juvenile court as consistent with state statute, *Ala Code. (1975)*.
 - (ii) Where a child under probation is truant, the school attendance officer should immediately notify the juvenile probation officer.
5. Any local education agency may adopt a policy more rigorous than the State policy.

Authority: Alabama Administrative Code 290-3-1-.02(7)(c)

D. TRUANCY REFERRAL PROCEDURE

1. RECOMMENDATION

The Interagency Committee on Youth Truancy Task Force recommends the following Truancy Referral Procedure. However, the juvenile judge and the local education authorities should establish procedures to be followed when entering a complaint/petition in the courts.

SAMPLE

Truancy Referral Procedure

The following procedures shall be used in making truancy referrals to the Juvenile Court of _____ County.

Juvenile Truancy Referrals

Where a child has been truant from school, the school attendance officer shall file a truancy information sheet and a complaint with the juvenile court intake office.

The juvenile court intake office is located at _____
_____ Telephone No. _____

The juvenile court intake officer will review the complaint with the school attendance officer and will prepare a juvenile intake petition for the school attendance officer's signature.

Recommended Policies and Procedures for Court/School Truancy Prevention Program

The juvenile probation department will advise the school attendance officer of the status of all truancy complaints and the disposition of such cases.

Adult Proceedings

Prior to filing any action against a parent or guardian of a truant child, the school attendance officer must give the parent or guardian written legal notice of the laws of Alabama regarding compulsory school attendance and the range of penalties that may be invoked against the parent or guardian. The parent or guardian must be advised that the child must attend school within three days and that, after this period, any additional unexcused absence will result in the filing of a petition alleging contributing to the delinquency of a minor.

Where action is to be taken against a parent or guardian, the school attendance officer will complete an adult truancy charge sheet and will swear out a formal complaint before the juvenile intake officer. If probable cause is determined, the intake officer will issue a warrant of arrest for the parent/guardian.

If you have any questions concerning the filing of truancy cases in the Juvenile Court of _____ County, please call the juvenile intake office.

MISSING CHILDREN

MISSING CHILDREN

In the event a teacher, parent, student, or other school employee thinks he/she recognizes a child from a “missing children” poster, he/she should follow the procedures below in reporting missing children.

REPORTING MISSING CHILDREN

- a. Report suspicion **immediately** to the school principal.
- b. **Do not** attempt to investigate the matter. **Do not contact the persons listed on record as parent or guardian.**
- c. The principal or his/her designee should notify the school attendance supervisor. If time appears to be a factor, contact the Alabama Law Enforcement Agency, Center for Missing and Exploited Children (includes Amber Alert, Blue Alert, Emergency Missing Child Alert) at 1-800-228-7688.
- d. Once advised of the recognition, the principal or designee should have school records pertaining to the child. The Bureau will begin an investigation and will contact the school for coordinated assistance.
- e. In the event it is necessary to make a report at night or on a weekend, the toll-free number 1-800-228-7688, is operational 24 hours a day, seven days a week for reporting a missing child or providing information about a missing child.
- f. Remember, the abduction of a child is a felony-even by natural parents who do not have legal custody. **When reporting to the Bureau, the person making the report is not required to identify himself. Merely discussing a suspicion may be all that is necessary.**

MEGAN'S LAW

A. FEDERAL LAW

The laws commonly known as Megan's Law are basically amendments to the *Jacob Wettering Crimes Against Children Act, 42 U.S.C., §13071 and 14071* repealed. It sets out guidelines for registering sexually violent offenders or those who commit criminal offenses against minors. Under this statute, states must obtain fingerprints and a photograph of the offender. Such information is then forwarded to the FBI. States must inform offenders that they have 10 days to report a change of address to the appropriate state agency in his/her new location. Offenders must register for at least ten years after being released from prison, parole, or probation for the violation. The state must release relevant information about individual offenders that is necessary to protect the public.

Authority: Jacob Wettering Crimes Against Children Act of 1994

B. ALA. CODE (1975)

If any person, except a delinquent child, as defined in Section 12-15-1, residing in Alabama, has heretofore been convicted, or shall be convicted in any state or municipal court in Alabama, or federal court, or so convicted in another state in any court having jurisdiction similar to the jurisdiction of state and municipal courts in Alabama for any of the offenses hereinafter enumerated, such person shall, upon his or her release from legal custody, register with the sheriff of the county of his or her legal residence within seven days following such release or within 30 days after September 7, 1967, in case such person was released prior to such date.

Any person having been so convicted shall upon moving his legal residence from one county to another register with the sheriff of the county to which he has moved within seven days after such removal. It shall be unlawful for a convicted sex offender as described in this article to fail or refuse to register as required in this section and failure to do so is a Class C felony.

Authority: Ala. Code§13A-11-200(1975)

C. INTERNET RESOURCES

The Internet has become a very valuable resource that cannot be overlooked. One area where the speed with which information can be accessed could save lives is missing and exploited children. The ability to know who is in the community, or to instantly publish photographs of missing children across the country cannot be accomplished through any other media.

The following World Wide Web addresses are only two of the many available to educators:

1. National Center for Missing and Exploited Children:
<http://www.missingkids.com/home>
2. Alabama Criminal Sex Offenders:
<http://app.alea.gov/Community/wfSexOffenderSearch.aspx>

D. REPORTS OF A RUNAWAY CHILD

If a student stops attending school, the administrator or designee, should make contact with the parent/legal guardian to identify the reason for the absences. If the parent/legal guardian states that the child is a runaway, make sure to ask for a copy of the police report or missing child report. If the parent does not provide a copy, contact the local law enforcement agency to confirm that the custodian made a report. Student safety is always a priority.

CHILD LABOR

CHILD LABOR

GLOSSARY

GLOSSARY

The following terms are operationally defined for the purpose of effective implementation of the Alabama Attendance Manual as related to increasing promotion/graduation rates, reduction of truancy and to reduce the number of students not completing high school.

Alabama Association for Prevention, Attendance and Support Services (AAPASS) – is an affiliate of the Council for Leaders in Alabama Schools (CLAS) organization. AAPASS promotes and furnishes a platform for growth and collaboration between professionals that work in the Student Services Support area in Alabama schools.

Absenteeism – in accordance with the Office of Civil Rights’ Guidance, a student is absent if he or she is not physically on school grounds and is not participating in instruction or instruction-related activities at an approved off-grounds location for the school day. Attendance Tracking and Notification Guidance

PowerSchool SIS: Attendance Tracking and Notification (or ATN) enhances PowerSchool SIS attendance reporting of students with unexcused absences. ATN uses the same attendance information reported daily to determine which students meet specific thresholds for the different attendance tracking levels. Before reports can be generated, setup must be completed at the district office and schools in PowerSchool SIS.

Attendance Codes and Code Categories

Each attendance code represents a reason for an absence. Attendance code categories are used to group attendance codes by classification, beyond present or absent, for reporting and searching purposes.

Both attendance codes and attendance code categories must be set up before starting the Attendance Tracking and Notification (ATN) setup. Add or modify attendance codes or attendance code categories by selecting either one from the School Setup page.

All attendance codes that reflect an unexcused absence must be assigned to only one ATN code category.

Start by setting up attendance code categories that you will assign to attendance codes used for ATN. While these codes and code categories are set up at the school level, follow your district and regional regulatory compliance reporting requirements as you create them.

To create new attendance code categories on the Start Page:

1. Click **School**.
2. On the School Setup page, click **Attendance Code Categories**.
The Attendance Code Categories page displays a list of all current attendance code categories. The Excused, Tardy, and Unexcused categories are set up during system implementation. These code categories are likely used for non-ATN attendance reporting. It is best practice to create new attendance code categories for use in ATN.
3. To create a new attendance code category, click **New**.
4. In the Name field, enter a descriptive name, such as **Unexcused Absent**.
5. In the code field, enter a name for the code category, such as **Absent Unx**.
Limit the total number of characters and spaces to 10.
6. Add a description for the attendance code category.
7. From the "Sort order for display" menu, select the next number.
8. If a regional regulatory compliance reporting option is present, review it and select the appropriate response.
9. To save the attendance code category, click **Submit**.

To create attendance codes to use with ATN:

1. Return to the School Setup page by clicking **School Setup** in the breadcrumbs at the top of the page.
2. On the School Setup page, click **Attendance Codes**.
3. In the list of attendance codes, open the Unexcused code by clicking **U**.

4. To begin using the Unexcused Attendance Code for ATN reporting, click **Unexcused Absent (Use for ATN)**.

The ATN option will be named using the descriptive name you previously gave the attendance code category. Attendance codes can be assigned to more than one attendance code category but must be assigned to only one ATN attendance code category.

5. To save your changes, click **Submit**.

1. On the school's Start Page, open the School Setup page by clicking **School**.
2. Click **Attendance Tracking and Notification**.
3. Click **Attendance Mode Setup**.
4. On the Attendance Mode page, click **New**.
5. Open the Attendance Mode Value menu and select a value.

1. On the District Office Start Page, click **District**.
2. On the District Setup page, click **Attendance Tracking and Notification**.
3. On the Attendance Tracking and Notification page, click **Unexcused Levels**.

1. On the District Office Start Page, click **District**.
2. On the District Setup page, click **Attendance Tracking and Notification**.

3. On the Attendance Tracking and Notification page, click **Update Calculation Year**.
4. To modify the school year, click the school name.

5. Open the Select Year menu and click the desired year.
6. To save your changes, click **Submit**.

When you change the calculation year to go back to a previous school year, also set the term menu in the navigation bar to that year. It is important to update the calculation year to the current year again when your tasks are complete.

Attendance Tracking and Notification (ATN) Reports

Use Attendance Tracking and Notification (ATN) reports to:

- Refresh ATN attendance records in the database.
- Verify students who meet a specified threshold for an attendance tracking level.
- Extract the students that meet a specified threshold.
- Provide attendance letters to be sent home.
- Review which students have been extracted by the ATN system.

Refresh Attendance Tracking Data

Running the Refresh Attendance Tracking Data report clears and then recreates the data in the Unexcused Historical table. By running the report, attendance data in the table reflects any attendance changes. Run this report at the district office only and run it before any other Attendance Tracking and Notification (ATN) reports. To run the Refresh Attendance Tracking Data report:

1. On the District Office Start Page, click **System Reports**.
2. On the Reports page, click **Refresh Attendance Tracking Data**.
3. To run the report, click **Submit**.

Truancy and Attendance Letters (View Only)

Run the Truancy and Attendance Letters (View Only) report at the school level to produce a list of students who have met an attendance tracking level. The report acts as a preview so that you can correct attendance errors without updating data in Attendance Tracking and Notification (ATN).

Always run the Refresh Attendance Tracking Data report prior to running the Truancy and Attendance Letters (View Only) report. To run the Truancy and Attendance Letters (View Only) report:

1. Select a school from the School menu and click **System Reports** on the main menu.
2. On the Reports page, click **Truancy and Attendance Letters (View Only)**.
3. Select one or more grade levels or leave the option blank to run the report for all grade levels.
4. Select an extraction type, level name, and trigger value.
5. Click **Submit**.

Truancy and Attendance Letters (Extract)

Run the Truancy and Attendance Letters (Extract) report at the school level to extract students who meet a specified threshold for an attendance tracking level. After running the report, print notification letters for parents.

Always run the Refresh Attendance Tracking Data report prior to running the Truancy and Attendance Letters (Extract) report. To run the Truancy and Attendance Letters (Extract) report:

1. On the school's Start Page, click **System Reports**.
2. On the Reports page, click **Truancy and Attendance Letters (Extract)**.
3. Click **OK** after reviewing the warning message.

This report produces a list of students in Attendance Tracking and Notification (ATN) that have either been extracted, cleared, or have not been extracted or cleared this school year. To run the Truancy and Attendance – Levels Reached report:

1. On the school's Start Page, click **System Reports**.
2. On the Reports page, click **Truancy and Attendance - Levels Reached**.

RECOMMENDED ROLE OF THE SCHOOL PRINCIPAL/LEADERSHIP “YOU ARE IN CHARGE OF ATTENDANCE, NOW WHAT?”

Spring Activities in Preparation for Upcoming School Year

- Vertical teaming activity with your feeder pattern schools regarding attendance, behavior, and course performance (ABC's). In regard to attendance, identify students/families determined at-risk because of attendance issues (unexcused absences and chronic absenteeism). Information can be used in planning for next year.
- Identify students who were identified as a chronic absenteeism student by running reports in current the SIS such as the Cumulative Absence Report or utilize an early warning system.
- Master scheduling begins in the spring. Begin thinking about potential teacher/student assignments and consider pairing excellent mentor teachers with at-risk students. Developing relationships and strong positive connections could help decrease at-risk behaviors.
- Code of Conduct Review Committee meets during this time and recommendations for revisions for the Code of Conduct for the next academic year is considered. Review the attendance portion of the Code of Conduct and consider suggestions for recommended changes such as the number of parent notes allowed.

Summer Activities in Preparation for the Upcoming School Year

- Organize a planning meeting to develop an attendance awareness campaign and incentive program.
- Develop promotional material to publicize the importance of school-day attendance and the attendance campaign and educate all stakeholder groups. Utilize social media.
- Develop an attendance letter to be distributed to the various offices, (doctor, dentist, counselors, etc.) to ask for their assistance in scheduling appointments either at the beginning of the school day or late afternoon so that students can attend school for at least half a day.
- Develop a chronic absenteeism letter for registrars to send out during the school year when a student reaches a select number of absences.
- Update parent email groups for the purpose of utilizing email communications focusing on attendance.
- Attend city council meetings for the purpose of soliciting financial support for incentives to be used for the attendance campaign.

Registration

- Highlight attendance campaign and materials during back-to-school registration days.
- Meet with students/families identified as at-risk for attendance issues during back-to-school registration. For Tier III attendance issues, consider conducting a Pre-Referral Warning Conference and focus on prevention and positive strategies with the parents and students. Developing a relationship with the parent/student could help encourage changes to the previous patterns.

Summer Trainings

- Work with your administrative team and/or school leadership team to discuss attendance procedures to be implemented and develop an Attendance Flow Chart. Refer to Appendices P and Q.
- Conduct professional development trainings with staff responsible for attendance and discuss an attendance chart to be utilized for coding absences. Highlight attendance letters that should be used throughout the school year. Do not forget to train staff who will substitute for registrars and attendance clerks during the school year.
- Develop a Discipline Flow Chart for administrators and train assistant principals on utilizing the flow chart. Discussions on progressive discipline and utilization of all of the tools in the toolbox before a suspension occurs should be a point of focus.

First Semester Activities

- Discuss the importance of school-day attendance at back-to-school meetings with students. This is usually done by grade levels. Introduce the attendance campaign and challenge the students with competitions and incentives. Students love to compete.
- Develop a Student Attendance Advisory Committee and meet with the students each nine weeks. Student voice is important and can benefit your efforts.
- Develop a Parent/Guardian Advisory Committee to help support your attendance awareness campaign. Parent behavior needs to be part of the solution. Keep them involved and interested.
- Initiate the Attendance Campaign Day One and include your students, parents, and community partners. Find a location in the building to highlight attendance and develop bulletin boards that can track performance between grade levels, teachers, and or community schools. Consider highlighting students with improved attendance.
- Develop an attendance awareness statement that can be utilized at all extra-curricular activities. Attendance at athletic events is heavily attended by parents and community members.
- Encourage parents to utilize the Parent Portal in the current SIS and offer assistance in signing up for parents who may need additional help. The Parent Portal will allow parents to track attendance and grades on a daily basis.
- Discuss with staff the importance of attendance. Provide attendance training to new teachers. Daily absences must be recorded. Make sure your registrar/attendance clerk checks to see that attendance has been posted each period. First-period posting of attendance is critical. Follow the procedures in place to make sure parents are notified of absences. Make sure to give your school nurse/counselor a copy of the student absence list each day.
- Implement Pre-Early Warning procedures for students who have more than two absences.
- Meet with students who are chronically absent. Notify your school leadership team, counselor, social worker, nurse, and Problem-Solving Team (PST) leader to discuss these students. Develop a relationship with these students to see what may be causing the chronic absences. Make sure to send letters home.
- Celebrate attendance success. Keep the spotlight on attendance. Your intentional efforts with school-day attendance can make a difference for students and teachers.

SAMPLE “NUDGE” LETTER CHRONICALLY ABSENT STUDENT

Dear Parents,

In XXXXXXXXXX City Schools we strive to improve the attendance of our students. Each minute of the school day provides opportunities for learning, and it’s noticeable when students miss time. Our records indicate that your child, **Sally** was chronically absent from school this past academic school year. In the state of Alabama, a student is chronically absent from school when he or she has missed 18 days or more (*excused or unexcused*) of the days the student has been enrolled with the school. **Sally** missed **18 days or 10%** of school this past school year, more than the typical student in our school or in the District for the same grade. The chart below compares **Sally’s** attendance with the attendance of her school peers.

In many cases, absences from school are unavoidable due to health problems or other circumstances. However, chronic absenteeism can have a drastic impact on your child’s education. According to the national organization Attendance Works, children chronically absent in kindergarten and first grade are much less likely to learn to read by the end of third grade. Once students enter sixth grade, chronic absences are an early warning sign of a drop-out. By ninth grade, attendance is a better graduation predictor than your child’s eighth grade test scores.

This letter serves as an awareness tool for your family. We do not want your child to fall behind in school or get discouraged. Even as your child grows older and more independent, you play a key role in making sure that your child gets to school safely every day. A few practical tips are listed on the back of this letter to help support regular attendance. Please let us know how we can assist you with any barriers your child may have to improving his or her school attendance.

Sincerely,

Principal, XXXXXX School

APPENDIX N

SAMPLE LETTER FOR PARENT/STUDENT HANDBOOK

Dear Parent/Guardian:

Our goal this year is to ensure that every student attends school regularly.

Showing up for school has a huge impact on a student's academic success starting in kindergarten and continuing through high school. Even as children grow older and more independent, families play a key role in making sure students get to school safely every day and understand why attendance is so important for success in school and in life.

We realize some absences are unavoidable due to health problems or other circumstances. But we also know that when students miss too much school—regardless of the reason—it can cause them to fall behind academically. Your child is less likely to succeed if he or she is chronically absent—which means missing 18 or more days over the course of an entire school year. Research shows:

- Children chronically absent in kindergarten and first grade are much less likely to read at grade level by the end of third grade.
- By sixth grade, chronic absence is a proven early warning sign for students at risk for dropping out of school.
- By ninth grade good attendance can predict graduation rates even better than eighth grade test scores.

Absences can add up quickly. A child is chronically absent if he or she misses just two days every month!!

Clearly, going to school regularly matters!

We don't want your child to fall behind in school and get discouraged. Please ensure that your child attends school every day and arrives on time. Here are a few practical tips to help support regular attendance:

- Make sure your children keep a regular bedtime and establish a morning routine.
- Lay out clothes and pack backpack the night before.
- Ensure your children go to school every day unless they are truly sick.
- Avoid scheduling vacations or doctor's appointments when school is in session.
- Talk to teachers and counselors for advice if your children feel anxious about going to school.
- Develop back-up plans for getting to school if something comes up. Call on a family member, neighbor, or another parent to take your child to school.

Let us know how we can best support you and your children so that they can show up for school on time every day. We want your child to be successful in school! If you have any questions or need more information, please contact your child's school.

Sincerely,

Principal, _____ School
