This student handbook is a compilation of the policies, procedures, and behavioral expectations that are intended to guide and assist students during the school term. Complete accuracy of information is the intended goal of this handbook. This handbook however does not precisely mimic the printed page of board policy. The school administration will defer to board policy in all questions arising concerning policies or procedures contained in this handbook.

It is the policy of Cumberland County Schools to provide an environment free of discrimination and harassment of an individual because of that person’s race, national origin, age (over 40), sex, pregnancy, religion, creed, disability or any other category protected by state and/or federal law. The Cumberland County Schools appeals process is referenced in [BOE Policy 5.5011](#). The Cumberland County Schools contact person is Federal Programs Director Angela Randolph at 368 Fourth Street, Crossville, TN 38555, phone 931-484-6135.

Please be aware that as a living document, board policy is subject to change. Please know that your school administration will make every effort to make students aware of changes if and when they occur.

Beliefs

01

CCHS provides students with a safe, clean, and challenging environment in which they are encouraged to oversee their own education, from individual core/pathway and elective selection to monitoring their individual progressions toward graduation.

02

CCHS provides an effective educational program; and its success is due to a broad consortium of students, educators, parents, and local business partners

03

School policies are practical, are fair, are primarily based on the best interests of both the students and the school community, and adhere to district and state guidelines.

04

The curriculum is structured in a way that is relevant to students; and it encourages them to become self-motivated, lifelong learners.

05

All students, though they are physically emotional, and intellectually unique, can learn.

06

Instructional strategies are designed to challenge students as individuals, to maximize learning for each student at his/her achievement level and to offer a variety of relevant assessment tools through which students can demonstrate knowledge, skill, and mastery.

07

Continuous self-assessment is critical to success, and monitoring all aspects of the educational program makes it possible to target areas of need and to improve annually, making instruction more effective and relevant to students.

08

Character education (citizenship, responsibility, respect, et al.) and social development are integral parts of the school experience, and principles of character, as well as positive social dynamics, are incorporated across the curriculum.

09

All school and community stakeholders are part of an active-collaboration to improve the quality of our school through shared policy, evaluation, and decision-making strategies.

Eligibility

To be eligible to participate in athletics at Cumberland County High School:

1. During any semester, a student must be enrolled full time, and
2. Must have passed six (6) classes the preceding year or three (3) classes in the Fall Semester to be eligible in the Spring, and
3. Must be less than 19 years of age on August 1st, and
4. Must live with his/her parent(s) in a residence zoned to CCHS by the Cumberland County Board of Education or be approved by the Superintendent to attend CCHS, and

Want to play NCAA sports?
Check out their eligibility requirements [here](#)

Other Info

A student MUST provide proof of insurance and pass a physical before being allowed to participate. Students may not participate in any athletic event, practice, or game if not counted present for that school day.

Any student involved in any sport or extracurricular activity found in possession of alcohol or drugs on or off campus will be suspended a minimum of 20% of the games or activities

As per TSSAA – If a student/athlete provides false information to a member school and is erroneously determined to be eligible and allowed to participate on the basis of that false information, the student shall be ineligible in all sports at any member school for twelve months from his or her last participation date.

Students in grades 7-12 who participate in any extracurricular activity (basketball, football, soccer, cheerleading, band, chess, etc.) may be asked to undergo a random Urine Drug Screen. Tests will be administered at least once each semester. Students wishing to participate in any extracurricular sport or club must sign a drug screening consent form, along with their parents, outlining the procedures of the drug testing. Attendance Related Items

Cumberland County High School attendance policies are developed from the policies approved by the Cumberland County Board of Education. The full policy ([Board Policy 6.200](#)) can be found [here](#).

On the following pages, you will find the most important information needed to be successful at CCHS.

Attendance Policy

[Board Policy 6.200](#)

Absences shall be classified as either excused or unexcused as determined by the principal or his/her designee.

Excused absences shall include:

1. Personal illness;
2. Illness of immediate family member;
3. Death in the family; funeral notice
4. Extreme weather conditions;
5. Religious observance;
6. Pregnancy;
7. Summons, subpoena, or court order; or
8. Circumstances which in the judgement of the principal create emergencies over which the student has no control.
9. Other absences as pre-approved by the principal, based on appropriate documentation at least 10 school days prior to day(s) to be missed. **This does not include personal family vacations.**
10. If a student is exempt from final exams per Board Policy, the absence on the day of the exam is excused.
11. Driver's license/permit appointments will be excused with proof of appointment.

Student attendance records shall be given the same level of confidentiality as other student records. Only authorized school officials with legitimate educational purposes may have access to student information without consent of the student or parent/guardian. Request for student to attend school in adjoining counties shall be considered on a case-by-case basis.

Attendance Procedures

Written excuses are submitted for absences and tardiness **within five school days after student returns to school. Failure to submit an excuse will result in the absence or tardy being classified as unexcused.** All student absences are verified. The note should include:

- Your name
- Date and reason for absence
- Phone number where your parent/legal guardian may be reached
- Your parent/guardian's signature

If you have five unexcused absences for the school year, the school is required to turn your name in to the Attendance Office, who may refer you to Truancy Court or Juvenile Court for actions.

If, for medical reasons, you must be absent ten days or more at a time, it is advisable that you consider temporary Homebound assignment. Contact the Attendance Office for information on Homebound assignment.

Absence during Midterm or Final Exam

Midterm and Final Exams are not to be taken before the scheduled exam time for that class unless there is prior Administrative approval. If a student is absent, whether it is an anticipated absence or sickness, the exam may be made up with the teacher after the scheduled test date. **We will follow the guidelines for make-up work concerning excused and unexcused absences.**

Check Out Policy

The only way to leave campus during the school day without disciplinary action is by following the check-out procedures set by the Attendance Office. Checkout procedures:

1. Be signed-out at the Attendance Office by a parent or legal guardian in person (**Phone checkouts will not be permitted**).
2. Bring a note, signed by the parent or legal guardian, that has:
 - o Your full name
 - o The reason you need to check out
 - o The date and time your need to check out
 - o A phone number where your parent/legal guardian can be reached for confirmation (all notes must be verifiable)

All notes must be turned in before first period on the day your plan to check out.

Remember ... you must be in class at least 1 hour to be counted present for that class.

Driver's License Revocation

More than 10 consecutive or 15 reported absences (excused or unexcused) by a student during any semester renders a student ineligible to retain a driver's permit or license, or to obtain such if of age. In order to qualify for reclaiming a driver's permit or license, the student must make a passing grade in at least 2 full unit subjects or their equivalency at the conclusion of a subsequent grading period.

Exam Exemptions

An attendance incentive program that recognizes both academic performance and attendance will be administered as outlined below. If a student is exempt from final exams, according to Board Policy the absences on the days of the exam will be excused.

You will be exempt from taking your final exams at the end of each semester (December and May) for each class according to the following guidelines:

- A average* and a maximum of 3 excused absences the entire semester
- B average* and a maximum of 2 excused absences the entire semester
- C average* and a maximum of 1 excused absence the entire semester

* Your qualifying average for exam exemptions includes both terms of the semester averaged together

- School-sponsored activities and religious holidays do not count as absences

- All students who obtain four or more unexcused tardies in a class will be required to take the final exam regardless of grade average or days absent.

- If a student is exempt and chooses to take the exam, the exam grade must be averaged in the final grade.

- Students who are suspended from school or who are remanded to Alternative School for cause shall forfeit all exam exemptions.

Forged Notes or Forged Official Documents

Cumberland County High School considers any note that has not been signed by the parent or legal guardian as an illegal document. Students need to be aware that forging a signature or altering a note for oneself or for anyone else is a serious offense and will result in a disciplinary action.

Make-Up Work

[Board Policy 6.200](#)

High school students will be allowed to make-up work from all excused absences..

The following guidelines will be used to submit all make-up work:

1. One day absent, students will have 3 school days to make up work;
2. Two consecutive days absent, students will have 4 days to make up work;
3. Three consecutive days absent, students will have 5 school days to make up work

(The number of consecutive days missed +2 will equal the total number of days students are allowed to submit make-up work.)

Extenuating circumstances may be appealed to the building principal.

Perfect Attendance

If you are present at least half of every day (including final exam days), your permanent record will reflect perfect attendance. You will receive a certificate and be recognized for perfect attendance at the end of the year. If you are a senior and have perfect attendance, you will be recognized during graduation or class night ceremonies; this will include early graduates.

School Nurse Dismissal

If a school nurse calls a student's parent/guardian to come pick up their child for an illness, that day will be considered an excused absence/tardy. (The school nurse or principal should call the parent/guardian, not a teacher or the student.) A parent or doctor note is not required for that day, but it is required for subsequent days. **DO NOT CALL PARENTS FIRST** or it will be unexcused.

Tardy Policy

If you are late to school, you must go to the Attendance Office for a tardy slip before you report to class. Teachers will not admit you without this tardy slip. After 1st period, tardies are recorded by the teacher. REMEMBER ... you must be in class at least 1 hour to be counted present. The Attendance Office will keep a total of your tardies.

- Students are allowed 3 unexcused tardies per nine weeks period, without a penalty;
- Students will receive an after-school detention for each unexcused tardy occurring from #4 through #6;
- On unexcused tardy #7 through #9 the result will be a suspension for a parent conference with punishment to be determined at the parent conference;
- In-school suspension shall be assigned for unexcused tardies #10 through #12;
- Truancy Court will be automatically assigned on tardy #13
- **All students who obtain four or more unexcused tardies in any class will be required to take the semester exam regardless of grade average or days absent.**

Five unexcused tardies will equal one day of unexcused absence for the purpose of Truancy Count Referral. Tardies that occur between class, during the regular school day, will be a student disciplinary matter and handled by the individual schools at the building level. (Between classes tardiness will not be counted toward truancy court referrals.)

Truancy

[Board Policy 6.200](#)

Students who are absent five days without adequate excuse shall be reported to the Director of Schools/designee who will, in turn, provide written notice to the parents/guardians of the student's absence. If a parent/guardian does not provide documentation within adequate time excusing those absences, or request an attendance hearing, then the Director of Schools shall implement the progressive truancy intervention plan prior to referral to juvenile court. If a student accumulates a total of five unexcused absences, then he/she is subject to referral to juvenile court.

Progressive Truancy Intervention Plan – Students with three unexcused absences shall be subject to the progressive truancy intervention framework outlined below:

Tier I

1. After three unexcused absences a student and parent will be required to meet with a school attendance representative to discuss reasons for student absences.
2. Set up an attendance contract with student and parents to be signed by all including the attendance representative.
3. Contract must include: Attendance policy, and penalties for additional absences.
4. Regularly scheduled follow-up meetings, with the student to discuss his/her progress. If the student accumulates additional unexcused absences in violation of the attendance contract, he/she shall be subject to the additional intervention tiers.

Tier II

1. After the 4th unexcused absence, an individualized assessment by a school counselor will be conducted to determine why the student has been absent from school. This may result in referral to counseling, community-based services, or other services to address the student's attendance problems
2. Parents will be required to have a meeting with the school counselor, teachers, and attendance representative.

Tier III

1. After the 5th unexcused absence, the student will be referred to Truancy Court.
2. Failure to attend Truancy Court and/or additional absences, the student will be cited to Juvenile Court.
3. The Court will be provided a report of all interventions that have been provided to support this student. **Upon completion of Tiers I, II, and III, the student will be cited to Juvenile Court.**

Non-School Sponsored Extracurricular Activity

The principal may excuse a student to participate in non-school sponsored extracurricular activities. The principal shall document the approval in writing and shall excuse not more than ten absences each school year. No later than seven business days prior to the student's absence, the student shall provide documentation to the school as proof of the student's participation along with a written request for the excused absence from the student's parent/guardian. Include the following

1. Student's name and personal identification number
2. Student's grade
3. The dates of the student's absence
4. The reason for the student's absence, and
5. The signature of the student and parent/guardian

Clubs and Organizations

Clubs are an important way for students to get involved in school and meet new people with common interests. Students may sign up for one “gold” club, one “blue” club, and as many white clubs as they would like. Blue and Gold clubs will meet monthly during the school day. White clubs meet outside the regular school day.

Students enrolled in AP courses can take the Advanced Placement test given in May of each year in order to receive AP credit. Students who score a 3, 4, or 5 may be eligible to receive college credit or advanced placement in college. Please contact the individual college for more information about the acceptance of AP test scores.

Career Planning

Use Naviance to assess your interests, skills, and work values. All Cumberland County students have a login for the program. It has educational and career development planning tools and resources for students. Students may also use the program to apply to colleges and determine schools that align to the student's possible career choices.

Counseling Services

Counselors welcome the opportunity to talk with students and their parents. Students and parents are encouraged to contact counselors and faculty members for conferences. Students should feel free to request time with the principal, assistant principals, or counselors for assistance in educational or vocational planning, personal problems, or any other matter important to the student.

College Admissions Requirements

It is never too early to begin considering where you would like to attend college, or to begin evaluating college admission requirements. College admission is based primarily on how well a student performs in high school. This performance is evaluated by the class rank, GPA, the rigor of the courses taken, and the scores earned on tests such as the ACT and/or SAT.

Colleges vary widely in their entrance requirements. Therefore, all students should refer to college catalogues and college counselors for additional information on admissions requirements. All students should review college requirements early in their high school career, especially if considering a private or very selective college.

Students who are considering applying for admission to a selective college or university should take the most rigorous and challenging college preparatory curriculum possible while in high school. The more demanding the course work, the better the chance that the student has for admission to the college of his/her choice.

A student's high school record is the single most important factor in gaining admission into college. Slightly lower grades in more rigorous courses may be more important than higher grades in easier courses. Honors and Advanced Placement courses demonstrate the student's ability to handle the rigorous work required at the collegiate level. Selective colleges view the more rigorous work as an indication of the student's intellectual ability and desire to learn. College admissions officers take special note of Honors and Advanced Placement courses on a student's high school transcript.

Credit Recovery

Determining Class Rank

[Board Policy 4.602](#)

Students must be enrolled full time at the home base school to be eligible for ranking among the top high school seniors.

Final grade earned in each class grades 9, 10, 11, and the first semester of grade 12 are used in determining final class standing. This standing is based on a combination of Grade Point Average (GPA) and the Quality Point Average (QPA).

To **determine your Quality Point Average (QPA)** each course is given a point based on its classification as regular, honors, AP, dual credit, or dual enrollment class. Add your total and divide by the number of classes taken. This calculation will be between 0.0 and 6.0

Regular classes receive:

A – 4 points
B – 3 points
C – 2 points
D – 1 point
F – 0 points

GPA calculations will be called Lottery GPA and local weighted GPA. The Lottery GPA will be based on a 4.0 scale. The local weighted GPA will be based on a 5.0 scale. Upon request by the student, that student's class rank will be released for the purpose of scholarships and/or extended education.

... Class Rank – cont.

For academic recognition, Cumberland County Schools will utilize the following Latin system based on local weighted GPA:

For courses with an End of Course Exam, the score for the End of Course exam will count as 15% of the final grade.

A student may receive an incomplete grade on his/her grade card for various reasons. These open or incomplete grades must be completed within 10 school days after grade cards have been issued or students will receive no credit.

A final term test schedule will be provided for each testing period. Teachers will give tests only as they are scheduled. No unit test, chapter test, etc. will be given on those days.

Pre-Registration and Registration

Pre-registration and registration days will be set aside for the planning and selection of each student's classes. Final decisions for courses to be taken must be determined during the preregistration days. Therefore, students should not plan to change their schedule after the school year begins unless unusual reasons exist.

Schedule Change Guidelines

An extraordinary amount of time and effort is put into preparing the master schedule. Courses offered are determined by student interest and state curriculum requirements. Students should make their choices wisely as all schedule changes have a significant impact on class size, staffing requirements, and textbook availability.

Please complete change forms available in the Guidance office.

Schedule changes after the opening of school will only be made for the following reasons:

- The school has made a scheduling error.
- A class is needed in order to meet graduation requirements.
- A prerequisite has not been successfully met.
- The student completed the course during credit recovery or summer school.
- The student failed the course in the previous semester.
- The change is required based upon the student's IEP.

Schedule changes will not be made based upon a preference for a particular teacher or to be moved into a class with friends.

Requests for changes need to be submitted by August 14th for the 1st semester and January 11th for 2nd semester.

Searches & Interrogations

Interrogations by School Personnel

[Board Policy 6.303](#)

Students may be questioned by teachers or principals about any matter pertaining to the operation of a school and/or the enforcement of its rules. Questioning must be conducted discreetly and under circumstances which will avoid unnecessary embarrassment to the student being questioned. Any student answering falsely, evasively or refusing to answer a proper question may be subject to disciplinary action, including suspension.

If a student is suspected or accused of misconduct or infraction of the student code of conduct, the principal may interrogate the student, without the presence of parent(s)/guardian(s) or legal custodians and without giving the student constitutional warning.

Animal Use in Searches

[Board Policy 6.303](#)

When necessary, dogs or other animals trained to detect drugs or dangerous weapons may be used in conducting searches, but the animals shall be used only to pinpoint areas which need to be searched and shall not be used to search the persons of students or visitors.

Interrogations by Police

If the principal has requested assistance by the police department to investigate a crime involving his/her school, the police shall have permission to interrogate a student suspect in school during school hours. The principal shall first attempt to notify the parent(s)/guardian(s) or legal custodians of the student of the intended interrogation unless circumstances require otherwise. The interrogation may proceed without attendance of the parent(s)/guardian(s) or legal custodians. The principal or his/her designee shall be present during the interrogation. The use of policewomen, if at all possible, or female staff members will be used for interrogations of a female student.

Police Initiated Interrogations

If the police deem circumstances of sufficient urgency to interrogate students at school for unrelated crimes committed outside of school hours, the police department shall first contact the principal regarding the planned interrogation, inform him/her of the probable cause to investigate within the school. The principal shall make reasonable effort to notify the parent(s)/guardian(s) or legal custodians of the interrogation unless circumstances require otherwise. The interrogation may proceed without attendance of the parent(s)/guardian(s) or legal custodians. The principal or his/her designee shall be present during the interrogation.

Searches by School Personnel

Any principal, or his/her designee, having reasonable suspicion may search any student, place or thing on school property or in the actual or constructive possession of any student during any organized school activity off campus, including buses, vehicles of students or visitors, and containers or packages if he/she receives information which would cause a reasonable belief that the search will lead to the discovery of

1. Evidence of any violation of the law
2. Evidence of any violation of school rules or regulations or proper standards of student or faculty conduct
3. Any object or substance which, because of its presence, presents an immediate danger of harm or illness to any person.

A student using a locker that is the property of the school system does not have the right of privacy in that locker or its contents. All lockers or other storage areas provided for student use on school premises remain the property of the school system and are provided for the use of students subject to inspection, access for maintenance and search. A student may be subject to physical search or a student's pocket, purse or other container may be required to be emptied because of the results of a locker search, or because of information received from a teacher, staff member or other student if such action is reasonable to the principal. All of the following standards of reasonableness shall be met:

1. A particular student has violated policy;
2. The search could be expected to yield evidence of the violation of school policy or disclosure of a dangerous weapon or drug;
3. The search is in pursuit of legitimate interests of the school in maintaining order, discipline, safety, supervision and education of students;
4. The primary purpose of the search is not to collect evidence for a criminal prosecution; and
5. The search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student, as well as the nature of the infraction alleged to have been committed.

Searches by Police

If public health or safety is involved, upon request of the principal who shall be present, police officers may make a general search of students' lockers and desks, or students' automobiles for drugs, weapons or items of an illegal or prohibited nature.

If the principal has received reliable information which he/she believes to be true that evidence of a crime or of stolen goods, not involving school property of members of the school staff or student body, is located on school property and that any search for such evidence or goods would be unrelated to school discipline or to the health and safety of a student or the student body, he/she shall request police assistance; and procedures to obtain and execute a search warrant shall thereafter be followed:

Anything found in the course of the search conducted in accordance with this policy which is evidence of a violation of the law or a violation of student conduct standards may be:

1. Seized and admitted as evidence in any hearing, trial suspension or dismissal proceeding. It should be tagged for identification at the time it is seized and kept in a secure place by the principal or the principal's designee until it is presented at the hearing. At the discretion of the principal, the items seized may be returned to the parent or guardian of a student or, if it has no significant value, the item may be destroyed, but only with the express written permission of the director of schools.
2. Any seized item may be turned over to any law enforcement officer. Any dangerous weapon or drug as defined in TCA 49-6-4204 shall be turned over to an appropriate law enforcement official after completion of an administrative proceeding at which its presence is reasonably required.

Whenever the possibility of uncovering evidence of a criminal nature exists, the principal or his/her designee may request the assistance of a law enforcement officer to:

1. Search any area of the school premises, any student or any motor vehicle on the school premises or
2. Identify or dispose of anything found in the course of a search conducted in accordance with this policy.

If deemed necessary by the principal, and if requested by the principal, and law enforcement officers may include and be facilitated by the use of dogs trained to detect illegal drugs and drug paraphernalia by odor. However, such dogs shall not be used to sniff the person of any student. Any discovery of illegal drugs or drug paraphernalia will be handled by the principal as a school matter, and thereafter, turned over to law enforcement officer for proper disposal.

The involvement of law enforcement officials is encouraged when there is reasonable cause to suspect that criminal evidence is about to be uncovered.

Transportation

Notice to Parents

The first and foremost concern of the transportation Department is the safety of your children. At no time during a school day is your child's safety in jeopardy more than while on the school bus. It is very important we have your help and consideration in instructing your children to obey and to follow the School Board rules and state law:

1. The bus driver may assign seats
2. Be courteous
3. No profanity
4. Do not eat or drink on the bus. Keep the bus clean.
5. Violence is prohibited
6. Remain seated
7. No Smoking
8. Keep your hands and head inside bus
9. Do not destroy property
10. For your own safety do not distract the driver through misbehavior
11. Cross road in front of bus and never behind bus – make sure all traffic stops
12. Do not ask the driver to let you off the bus at stops other than your own
13. Go directly to your home
14. Absolutely NO FIREARMS

Penalty at discretion of principal depending on circumstances (may include temporary or permanent removal from bus)

When a student's conduct is such that it endangers the safety of other students, himself, or the driver, the driver has the authority to refuse to transport the student until the principal has been notified and action has been taken.

The driver can also, under the above conditions, stop the bus, notify the Supervisor of Transportation and/or the Sheriff's Department and refuse to transport the student until the situation is resolved. Driver will fill out a Bus Conduct report stating the details of the student's misconduct and take it to the Principal the following morning.

We want to encourage you to impress upon your children that the bus must be taken care of in every way. The Board of Education provides transportation as a service; it is not a requirement. We hope no transportation problems of any kind occur, and this can be a very good and safe school year. If we can be of assistance to you in any way, please call 484-6762 and ask for the Transportation Supervisor.

Bus Conduct

In order to maintain conditions and atmosphere suitable for learning, no person shall enter onto a school bus except students assigned to that bus or parents of students or other persons with lawful and valid business on the bus.

The school bus is an extension of school activity; therefore, students shall conduct themselves on the bus in a manner consistent with the established standards for safety and classroom behavior.

Students are under the supervision and control of the bus driver while on his/her bus, and all reasonable directions given by him/her shall be followed.

The principal of the student transported shall be informed by the bus driver of any serious discipline problem and may be called upon to assist if necessary. A student may be denied the privilege of riding the bus if the principal determines that his/her behavior is such as to cause disruption on the bus, or if he/she disobeys state or local rules and regulations pertaining to student transportation.

The suspension of a student from riding the school bus shall follow the same procedures as for any other school suspension.

Any student who gets off the bus at any point between the pick-up point and school must present the bus driver with a note of authorization from the parent or the principal of the school that the student attends.

Any student wishing to ride a bus other than his/her designated bus must have written parental permission and the approval of the principal or his/her designee.

Students who transfer from bus to bus while enroute to and from school shall be expected to abide by the discipline policies adopted by the Board and rules adopted by the staff of the terminal school.

Use of Video Cameras

Video cameras may be used to monitor student behavior on school vehicles transporting students to and from school or extracurricular activities.

Video surveillance shall be used only to promote the order, safety and security of students, staff, and property.

1. The right to inspect and review the student’s education records within 45 days of the day the school system receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. Discipline – Students with Disabilities under I.D.E.A., 504, and ADA

If a student is subject to the provision of IDEA, 504, and/or ADA, discipline not involving a change of placement for a period longer than ten days may be imposed without regard to whether the behavior requiring discipline is a manifestation of the handicapping condition. Thus in such cases the principal may impose appropriate discipline not to exceed a ten day suspension. It is recommended that appropriate disciplinary measures for such students be agreed upon and included in the student's individual education program or educational plan so that all concerned parties will be aware of what discipline will be imposed and that the most effective means of discipline can be chosen.

A proposed exclusion of a handicapped student for more than ten consecutive school days constitutes a change of placement. A series of suspensions that are each ten days or fewer in duration may constitute a "change in placement." The determination of whether a series of suspensions constitutes a change of placement must be made on a case by case basis. To implement a change in placement based on discipline, it must be determined if the behavior is a manifestation of a handicap or not. If the behavior is a manifestation of a handicap the school must address the behaviors through the IEP or Individual Educational Plan.

If the behaviors are not related to the handicap, then the student may be disciplined in the same manner as non-handicapped students. When the placement of a handicapped child is changed for disciplinary reasons, the procedural protection of IDEA, 504, and ADA are required. When disciplining handicapped students please refer to Special Education Administrative Policies and Procedures and Section 504 Policies and Procedures.

The following is a description of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

1. Have the School District advise you of your rights under federal law.
2. Have your child receive accommodations, special education, and/or related services if he/she is found to be eligible under the Individuals with Disabilities Education Act, Americans with Disabilities Act, or Section 504 of the Rehabilitation Act.
3. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have the School District make reasonable accommodation to allow your child an equal opportunity to participate in school and school-related activities.
4. Have evaluation, education, and placement decisions made based upon a variety of information sources, and by persons who know the student, the evaluation data, and placement options. If you feel the school's evaluation is unfair or inaccurate, you may request an independent evaluation by an outside agency or professional.
5. Examine all relevant records relating to decisions regarding your child's identification, evaluation, educational program, and placement. Obtain copies of educational records at a reasonable cost unless the fee would effectively deny you access to the records.
6. Receive written notice within reasonable time prior to any action requiring your consent, such as when the School System either proposes or refuses to change identification, assessment, or educational placement.
7. Receive a response from the School District to a reasonable request for explanation and interpretations of your child's records.
8. Request mediation or an impartial due process hearing related to decision or actions regarding your child's identification, evaluation, educational program or placement. You and the student may take part in the hearing and have an attorney represent you. Hearing requests must be made in writing to:

Right to Review Administrative Decision

All administrative decisions made under this code are subject to review or appeal. The Tennessee State Law does not provide an appeals process for short-term suspension (10 days or less); however, a parent may request an external review of the disciplinary action. A review can only be conducted after the parent has attempted to resolve the concern with the principal. The purpose of a review is to confirm that the principal's action is consistent with this Discipline Code and consistent with the discipline administered to other students committing similar offenses (the principal's disciplinary action will be implemented during a review). The Director of Student Services would conduct this review and report to the Director of Schools.

Any inconsistencies noted in the review will be addressed by the principal and the Director of Schools/Designee. If a student or parent disagrees with the findings of this level review, he/she may ask the Director of Schools to review the situation with the Board of Education. However, a principal acting with consistency to the discipline code may not be overruled on judgement calls related to administering discipline of less than ten days suspension.

General concerns, grievance, and concerns related to discipline consequences of less than ten days of suspension (includes short term suspension, detention, exclusion, etc.,) would generally be reviewed in the following:
Principal, Student Services Director – Director of Schools – Board of Education

Right to Appeal Administrative Decision

Expulsion or suspension beyond ten days is a legal action of the Board of Education, or their appointed designee (e.g. Disciplinary Hearing Authority or the principal, vice-principal, or teacher-principal). A formal appeals hearing may be conducted for any student suspended in excess of ten days or expelled by a principal. Students appealing a long-term suspension and expulsion are entitled to:

- Consideration of placement in the alternative program
- Legal counsel and right to have witness testimony
- Timely written notice detailing the incident and written notice of all hearings
- A presentation of case and a presentation of the evidence against him/her
- A written summary of the findings

Appeals of discipline actions where the consequences exceed ten school days will follow the following sequence:

Principal – DHA – Director of Schools – Board of Education (Zero Tolerance Offenses)

Additional safeguards are provided for students with disabilities. For additional information and procedures related to disciplining disabled students, please contact the Office of Student Services.
