You may contact Deke Brown-dbmahunt@yahoo.com for more information or any questions.

The annual Morgan Academy Deer Hunt is one of our largest fundraiser activities for our school. We have many gracious landowners that allow us to place hunters on their property during this wonderful weekend of making memories in the Blackbelt Region of the state. You will have the opportunity to harvest some of the finest bucks in our region and be placed with landowner and guide or landowner/guide for the 4 hunts. Hunters will have the opportunity to hunt in ladder stands, climbers, shooting houses or ground blinds, depending on who you are paired with and transportation will be provided to and from the stand or hunting location. Hunters will enjoy a meal on Friday night and Saturday night, complete with some of the best homemade goods from parents and some special entertainment, provided by some of our local musical talent. One deer cleaning and processing will also be provided by the school and may be picked up on Sunday after the completion of the hunt. If you would like to process more than one deer, we are happy to arrange, but the cost will be covered by you.

Please mark your calendars for January 10-12th 2025 for a great weekend of making memories and filling your freezer with some deer meat! We look forward to having you join us!

***All hunters must have a valid Alabama Hunting License and abide by state hunting rules and regulations.**
