A Philosophy on Discipline

The Califon School provides many opportunities for students to grow and learn. We encourage student participation in a variety of experiences that promote individual growth academically, physically, socially and emotionally. Our goal is to provide the best educational opportunity possible for every student. We recognize that every student has the right to grow and learn in a safe and orderly environment that is conducive to optimal individual development, and we realize that student discipline is a necessary and important part of this total educational process. The effectiveness of this process depends on the communication and understanding between home and school.

What is Discipline

Discipline is more than simply punishment for inappropriate behavior. It is the training that develops self control. Discipline in school helps students channel their energies toward learning. Its aim is to teach children to be accountable for their own actions - to take responsibility for what they do and say. Where specific rules exist, students should develop personal expectations for their own conduct in keeping with their level of maturity. Therefore, discipline is a legitimate and inseparable part of the school curriculum.

The Califon School Discipline Code has been developed with four concepts in mind:

- Be consistent
- Reinforce good behavior
- Involve communication and mutual support between parents and the entire school community.
- Encourage self-discipline and respect

A list of school-wide expectations and guidelines follows, but specific rules governing classroom procedures will be established by your child's teacher and communicated to you. Parent cooperation and support is essential.

Expectations and Rules

These expectations and rules apply to all students from the time they arrive at school in the morning until they return home after school, and at any other school related activities.

- It is the right of every individual to be safe and to feel safe in our school. Therefore, any attempt to physically, emotionally, sexually or verbally violate this right will not be tolerated.
- Every individual will respect school property and be responsible for restitution.
- Every individual will treat others with courtesy and respect. Everyone has the right to feel good about himself.

- Every individual has the right to benefit from the educational program and have the opportunity to learn, develop, and grow in our school. Therefore, no one will interfere with the ongoing progress of education within the classroom, or with activities outside the classroom, by displaying behavior that disrupts or threatens to disrupt the learning process
- Every individual has the right and responsibility to learn proper ways of communicating thoughts and feelings. Therefore, every individual will have the opportunity to learn and use appropriate language.

A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe and disciplined environment.
