Traffic Flow for After Paving - Information Item

The members will meet after the meeting to look at the flow of traffic for the morning drop off and afternoon pick up at the middle and high school building. Proposed plans are in place, but we will have to see how they work after the parking lot is paved.

Orchard Next Steps - Information Item

Lori Wilson will continue to follow up on the orchard, so we can hopefully begin our plans to make this area into a true athletic complex for all.

Athletic Complex - Information Item

We plan to reach out to our representatives in order to persuade them to provide some funding for the Athletic Complex Project. Mrs. Babb is planning to create a short video with the wants and needs for the complex in order for us to share with representatives in our region.

Approval of the 25-26 Staff - Information Item

At this time, it seems as if 100% of the staff is returning for the 2025-2026 school year. That is definitely something to celebrate!

SCSC Governance Training - Information Item

All members have completed face to face training with the exception of Sherri Cartwright, who will be attending the April training. All members should complete the online training as well.

Open Enrollment - Information Item

We had a large turn out for Open Enrollment. We have approximately 40 new students registered for the 2025-2026 school year.
