Attendance Policy 6.200

<https://tsba.net/cumberland-county-board-of-education-policy-manual/#students>

Absences shall be classified as either excused or unexcused as determined by the principal or his/her designee. Excused absences shall include: 1. Personal illness; 2. Illness of immediate family member; 3. Death in the family; 4. Extreme weather conditions; 5. Religious observances; 6. College visits; 7. Pregnancy; 8. School sponsored or school endorsed activities; 9. Summons, subpoena, or court order; or 10. Circumstances which, in the judgment of the principal create emergencies over which the student has no control; 11. Other absences as pre-approved by the principal, based on appropriate documentation at least ten(10) school days prior to day(s) to be missed. This does not include personal family vacations. 12. If a student is exempt from final exams per Board policy, the absence on the day of the exam is excused. 13. Driver's license/permit appointments will be excused with proof of appointment.

Tardies including early dismissal for any reason other than the previously mentioned excuses will be considered unexcused.

The Principal shall be responsible for ensuring that: 1. Attendance is checked and reported daily for each class; 2. Daily absentee sheets contain sign in/sign out sheets and indicate students present or absent for the majority of the day; 3. All student absences are verified;

TRUANCY

Students shall be present at least fifty percent (50%) of the scheduled school day in order to be counted present. Students receiving special education services may attend part-time days, alternating days, or for a specific amount of time as indicated in their Individualized Education Plan. Students who are absent five (5) days without adequate excuse shall be reported to the director of schools/designee who will, in turn, provide written notice to the parents/guardians of the student's absence. If a student accumulates a total of five (5) unexcused absences, then he/she is subject to referral to juvenile court.

Progressive Truancy Intervention Plan...

Students with three (3) unexcused absences shall be subject to the progressive truancy interventions framework outlined below:

Tier 1--1. After three (3) unexcused absences a student and parent will be required to meet with a school attendance representative to discuss reasons for student absences; 2. Set up an attendance contract with students and parents to be signed by all including the attendance representative; 3. Contract must include--Attendance policy, effective dates (90 days), and penalties for additional absences; 4. Regularly scheduled follow-up meetings, with the student to discuss his/her progress. If the student accumulates additional unexcused absences in violation of the attendance contract, he/she shall be subject to the additional intervention tiers.

Tier 2--1. After the 4th unexcused absence, an individualized assessment by a school counselor will be conducted to determine why the student has been absent from school. This may result in referral to counseling, community-based services, or other services to address the student's attendance problems; 2. Parents will be required to have a meeting with the school counselor, teacher(s), and attendance representative.

Tier 3--1. After the 5th unexcused absence, the student will be referred to Truancy Court; 2. Failure to attend Truancy Court and/or additional unexcused absences, the student will be cited to Juvenile Court; 3. The Court will be provided a report of all interventions that have been provided to support this student.

Upon completion of Tiers I, II, and III, the student will be cited to Juvenile Court.

Rights of Students with Disabilities

The following is a description of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

1. Have the School District advise you of your rights under federal law.
2. Have your child receive accommodations, special education, and/or related services if he/she is found eligible under the Individuals with Disabilities Education Act, Americans with Disabilities Act, or Section 504 of the Rehabilitation Act.
3. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have the School District make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.
4. Have evaluation, education, and placement decisions made based upon a variety of information sources, and by persons who know the student, the evaluation data, and placement options. If you feel the school's evaluation is unfair or inaccurate, you may request an independent evaluation by an outside agency or professional.
5. Examine all relevant records relating to decisions regarding your child's identification, evaluation, educational program, and placement. Obtain copies of educational records at a reasonable cost unless the fee would effectively deny you access to the records.
6. Receive written notice within a reasonable time prior to any action requiring your consent, such as when the School System either proposes or refuses to change identification, assessment, or educational placement.
7. Receive a response from the School District to a reasonable request for explanation and interpretations of your child's records.

Cumberland County Code of Conduct

The Board delegates to the Director of Schools the responsibility of developing specific codes of behavior and discipline, which are appropriate for each level of school. Codes of conduct for students in pre-kindergarten and kindergarten shall utilize alternative disciplinary practices such as time-out, (one) minute for each year of the student's age. Exclusionary discipline shall only be used as a measure of last resort. The development of each code shall involve principals and faculty members of each level and shall be based on evidence-based behavior supports and interventions.

The following levels of misbehavior and disciplinary procedures and options are standards designed to protect all members of the educational community in the exercise of their rights and duties to maintain a safe learning environment where orderly learning is possible and encouraged. These misbehaviors apply to student conduct on school buses, on school property, and while students are on school sponsored outings. Staff members have the authority to enforce the code of conduct and shall ensure that disciplinary measures are implemented in a manner that:

Protection of Pupil Rights Amendments

The principal or principal's designee at the building level administers disciplinary actions. Students referred for a disciplinary violation are entitled to explain their side of the story and to place their conduct in what they consider to be the proper context. This is done in an informal administrative conference prior to administering any disciplinary action (except in an emergency situation).

Tennessee Code Annotated (TCA 49-6-4301) gives a school principal or his designee the authority to suspend a student for various rule violations. When out of school suspension is used, the principal/designee will generally meet with the parent to develop a plan of improvement upon re-entry of the student. A written plan of improvement will always be developed if the suspension exceeds five school days. Students and parents may from time to time disagree with the action taken by the principal.

Range of Authority

Behavior problems are dealt with using procedures and consequences that vary based on the age of the student, severity of the offense, and the frequency of the offenses. Disciplinary procedures are not limited to those occurring on school campuses, but include all school-related activities, and even non-school-related activities if the student's behavior is directly linked to school events. The Tennessee State Law recognizes the right of school personnel to act in the place of the parent in situations where school personnel are responsible for the students.

Discipline---Students with Disabilities under I.D.E.A., 504, and ADA

If a student is subject to the provision of IDEA, 504, and/or ADA, discipline not involving a change of placement for a period longer than ten (10) days may be imposed without regard to whether the behavior requiring discipline is a manifestation of the handicapping condition. Thus, in such cases, the principal may impose appropriate discipline not to exceed a ten (10) day suspension. It is recommended that appropriate disciplinary measures for such students be agreed upon and included in the student's individual education program or educational plans so that all concerned parties will be aware of what discipline will be imposed and that the most effective means of discipline can be chosen.

A proposed exclusion of a handicapped student for more than ten (10) consecutive school days constitutes a change of placement. A series of suspensions that are each ten (10) days or fewer in duration may constitute a "change in placement". The determination of whether a series of suspensions constitutes a change in placement must be made on a case-by-case basis. To implement a change in placement based on discipline, it must be determined if the behavior is a manifestation of a handicap or not. If the behavior is a manifestation of a handicap, the school must address the behaviors through the IEP or Individual Education Plan.

If the behaviors are not related to the handicap, then the student may be disciplined in the same manner as non-handicapped students. When the placement of a handicapped child is changed for disciplinary reasons, the procedural protection of IDEA, 504, and ADA are required. When disciplining handicapped students, please refer to Special Education Administrative Policies and Procedures and Section 504 Policies and Procedures.

The school bus is an extension of school activity; therefore, students shall conduct themselves in a manner consistent with the established standards for safety and classroom

Students are under the supervision and control of the bus driver while on his/her bus, and all reasonable directions given by him/her shall be followed.

The Principal of the student transported shall be informed by the bus driver of any serious discipline problem and may be called upon to assist if necessary. A student may be denied the privilege of riding the bus if the Principal determines that his/her behavior is such as to cause disruption on the bus, or if he/she disobeys state or local rules and regulations pertaining to student transportation.

The suspension of a student from riding the school bus shall follow the same procedures as for any other school suspension.

Any student who gets off the bus at any point between the pick-up point and school must present the bus driver with a note of authorization from the parent or the principal of the school that the student attends. This note will have to be verified by the attendance office at the school. Someone will phone the parent/guardian to confirm and sign the note. Students should bring these to the attendance office immediately in the morning to get approval and give time for the school to call. It is the student's responsibility to pick these up from the attendance office before loading the bus in the afternoon.

Any student wishing to ride a bus other than his/her designated bus must have written parental permission and the approval of the principal or his/her designee.

Students who transfer from bus to bus while enroute to and from school shall be expected to abide by the discipline policies adopted by the Board and rules adopted by the staff of the terminal school.

When a student's conduct is such that it endangers the safety of other students, himself, or the driver can stop the bus, notify the Supervisor of Transportation and/or the Sheriff's Department, and refuse to transport the student until the situation is resolved. The driver will fill out a Bus Conduct report stating the details of the student's misconduct and take it to the Principal the following morning.

We want to encourage you to impress upon your children that the bus must be taken care of in every way. It belongs to all of us – bought with tax money from Cumberland County and it must last for a period of at least fifteen years.

The School Board furnishes transportation as a service; it is not a requirement. We hope no transportation problems of any kind occur, and this can be a very good and safe school year. If we can be of assistance to you in any way, please, call 484-6762 and ask for the Transportation Supervisor.

PBS guidelines also apply on school buses operated by the Cumberland County school District.

Crisis Plan

The Board authorizes the director of schools to close schools in the event of hazardous weather or any other emergency which presents a threat to the safety of students, staff members or school property. As soon as the decision is made to close schools, or dismiss them, the director of schools will notify the public media and request that an announcement be made at the earliest possible time. If school is not in session or is dismissed early due to snow or inclement weather, all scheduled activities at Cumberland County Schools in which students are involved may be postponed or cancelled at the discretion of the director of schools.

Providing for the safety and well being of all students and staff is a vital component of our efforts to create atmospheres where learning may occur. With this in mind, CCSS has developed an Emergency Response plan which is designed to minimize the danger posed to any individual on a school campus in the event an emergency develops. If such develops, keep the following in mind:

- Do not telephone the school
- Tune in to a local radio station

- Do not come to the school unless student pick up is requested
- If it becomes necessary to relocate students off campus, the alternative location will be provided to the media for public announcement

Family Life Curriculum

The purpose of the program is to provide growth, support, education, and guidance to adolescents regarding the development of healthy relationships, avoidance of drugs, sex, violence and the development of character and leadership skills. The program provides high-quality, evidence based and age appropriate education that supports adolescent health development. A permission form will be provided prior to participation in the program.

Upon completion of the work, the student's grades, diploma, and/or transcripts shall be released. Such sanctions shall not be imposed if the student is not at fault.

English Language Learner

Parents of a student identified as limited English proficient (ELL – English Language Learner) will be notified in a timely manner of their child's level of English proficiency, their child's opportunity to participate in an ELL program, details of the program, and the right to waive participation. Upon initial enrollment in all Cumberland County Schools, each family will be asked to complete the required "Migrant Occupational Survey" and "Home Language Survey". This documentation should be returned to your school to help us determine if your child(ren) qualifies for additional federal education programs.

Military Recruitment

Parents of secondary school students have the right to request that their child's name, address, and telephone number not be released to military recruiters without their prior written consent. Information will be provided to military recruiters, upon request, with three directory information categories (name, address, and telephone listing) unless parents have advised the Cumberland County School System that they do not want their student's information disclosed without their prior written consent. **Contact Phoenix High School for a form to complete to indicate that you do not want your child's information released to military recruiters.**

School Wide Status

Parents will be informed if their child is enrolled in a school identified for improvement, corrective action, or restructuring. An explanation of what this means, reasons for the identification, academic comparisons with other schools in the district and state, steps being taken to improve achievement, and how the parents can become involved will be addressed.

Testing and Reports

Parents will receive academic results for mid-reporting periods, end of reporting periods, and End-of-Course in a timely manner as required by local Board Policy and the Tennessee Department of Education. Parents can visit the state's website (www.state.tn.us) to access a description of the Tennessee Curriculum Standards assessment, and proficiency levels students are expected to meet.

Title 1 School

A written parental involvement policy will be developed jointly with and distributed to parents of children participation in Title 1 programs. The parental involvement policy is printed in the school's handbook or a copy is available at the school's office. An annual meeting will be held to inform parents of the school's participation and status in programs funded under the Elementary and Secondary Education Act (ESEA). The law requires all Title I schools to include the following:

1. Needs Assessment
2. Develop School
3. Obtain Highly Qualified Teachers
4. Provide high-quality training for all staff
5. Plan to attach highly qualified teachers
6. Increase parent involvement
7. Develop plans to help preschool children transition to further educational settings.
8. Include teachers on decision making to improve student achievement.
9. Give effective, timely help to students to reach standards in core courses.
10. Coordinate local school programs with state and federal programs.

Students and parents are encouraged to participate in safe and drug free school programs/activities. If parents object to these programs/activities, they may submit a written request to the principal that their child does not participate.

Use of Video Cameras

Video cameras are used to monitor the safety of all persons on or visiting the school campus. This includes hallways, playground, outside campus areas and parking lots. Areas within the main Phoenix School building are monitored by video cameras. These areas include hallways, café, main office areas, media center, gymnasium, and offices. At no time will the privacy of an individual be monitored in such areas as restrooms and changing rooms. Video surveillance shall be used only to promote the order, safety and security of students, staff and property.

Family Educational Rights and Privacy Act (FERPA) (20 USC 1232g)

The school board policy relating to student privacy and parental access to information is available in the school board policy manual located at each school and the Central Office.

As authorized by the Family Education Rights and Privacy Act (FERPA), the Cumberland County School System reserves the right to disclose information without parental consent about students to school officials with legitimate educational interest, including School Resource Officers.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the school system receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parents or eligible student the time and place where the records may be inspected. Parents may request a copy of records for a fee of 25 cents per page.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents of eligible students may ask the Cumberland County School System to amend their record. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school system decides not to amend the record as requested by the parent or eligible student, the school system will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent or not to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorized disclosure without consent. One exception, which permits disclosure without consent, is disclosure of the school officials with legitimate educational interests.

A school official is a person employed by the school system as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school system has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent of students serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the Cumberland County School System will disclose education records without parental consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the US Department of Education concerning alleged failures by the school system to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605

FERPA Notice of Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that the Cumberland County School System, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. A Disclosure to Parents of Dependent Students Release Form may be obtained from the front desk. However, the school may disclose appropriately designated "directory information" without consent, unless you have advised the District to the contrary in accordance with District procedures.

The primary purpose of directory information is to allow Cumberland County School System to include this type of information from your child's education records in certain school publications.

- A playbill, showing your student's role in a drama production
- The annual yearbook
- Honor roll or other recognition lists; including the website and newspaper
- Graduation programs and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1956 (ESEA) to provide military recruiters, upon request, with three directory information categories -name, addresses and telephone listings- unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. If you do not want the Cumberland County School System to disclose information from your child's education records without your prior written consent, you must notify the District in writing as soon as possible. The Cumberland County School System has designated the following information as directory information: [Note: an LEA may, but does not have to include all the information listed below.]

- Student's Name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level - Participation in officially recognized activities and sports

Transportation Rules and Regulations Cumberland County Schools

GENERAL INFORMATION REGARDING TRANSPORTATION OF STUDENTS

Routes are planned to achieve maximum economy of operations with reasonable safety. Routes are scheduled to reflect 100% of the rated bus capacity of eligible students, subject to the following conditions:

- **Routes are neither extended nor are new stops scheduled unless an eligible student would be required to walk in excess of ½ mile on a road. Stops that meet this requirement must have an adequate turn around location for the school bus.**
- **Routes are planned to keep individual riding distance and times to a practical minimum.**
- **Route times are approximate and are subject to change.**
- **Any route is subject to changes, additions, or deletions at any time.**
- **In the event of road closings, unsafe road conditions, and the like, the Transportation Department may temporarily alter routes until the conditions are remedied.**

- Bus stops and routes are established on the basis of safety and efficiency, and in accordance with regulations and guidelines set forth by the State of Tennessee and Cumberland County Board of Education.

SCHOOL CLOSINGS OR DELAYS

In the event that snow or other severe weather forces a delay or closing of school, local radio, and T.V. stations are notified as soon as possible as well as the contact persons for each school.

SEVERE WEATHER PROCEDURES

Cumberland County Director of Schools and Transportation Supervisor monitor the National Weather Service and notify all facilities as soon as information regarding adverse weather conditions becomes available. Cumberland County Schools Severe Weather Procedures are as follows:

TORNADO WATCH

A tornado watch means that conditions are favorable for tornadoes to develop. If a tornado watch is issued, the school program itself will remain unchanged. Schools will be notified of the watch and school officials will be particularly alert for any further development.

TORNADO WARNING

A tornado warning means a tornado has been sighted in the area. If a tornado warning is issued, school will not be dismissed. Students will be directed to prearranged locations selected for maximum safety in each building. Students are aware of procedures, as teachers discuss severe weather precautions with students and schools perform mock drills. If the immediate area is under a tornado warning at dismissal time, students will neither be sent home, nor will they be allowed to leave the building, unless a parent or authorized adult signs them out, or the warning has been lifted. 1

PROCEDURES FOR CHANGES IN REGULARLY SCHEDULED TRANSPORTATION

Should a change in a student's regularly scheduled transportation become necessary, written authorization from the parent/guardian must be turned in to the school. This includes requests for a student to ride home on another bus with friends or relatives. This note must be signed by a school representative and presented to the bus driver when boarding the bus.

What the note should include:

- Student's name
- Address for the newly requested destination
- Contact name and phone number for the newly requested destination
- Parent/Guardian's name and phone number, should a question arise

Cumberland County School System is concerned about the safety and security of all students.

Therefore, we cannot accommodate all requests to change the established pick-up/drop-off location(s) for a student on alternate days or weeks of the month. Bus stops must be consistent. The Transportation Department will accommodate short-term, temporary changes in a student's pick-up/drop-off location with advanced written authorization from the parent/guardian and the approval of the Director of Schools and the Transportation Supervisor.

STUDENT DISCOVERED ON THE WRONG BUS:

If a child should get on the wrong bus, and the driver is unaware of it, upon discovery of the child, the following procedure should occur:

- The driver should call the school on the required communication device to communicate the discovery and to notify the building-level administrator that the bus will be returning the child to the school.
- In the event no school personnel is available, the driver should contact the Transportation Department. • The building level administrator or his/her designee should alert the parents that the child is being returned to the school and finalize the plans for transporting the child home.
- The driver of the bus should notify the Transportation Department that the child is okay and explain how the situation is being resolved.

CHILD DID NOT GET OFF BUS AT HIS/HER DESIGNATED STOP:

If a child's parent/guardian contacts the school system because the child cannot be located following the school bus arrival, the following procedure should occur:

- The party receiving the call should notify the building level administrator where the child and bus are assigned and relay the information.
- In the event no school personnel are available, the party receiving the call should call the Transport

The building level administrator should contact the Transportation Department. The building level administrator should check the school for activities the child may be attending. Also, he or she should question staff, students, and others regarding any information related to the student's departure from school or possible whereabouts.

The driver of the bus should be notified by the Transportation Department to see if the child was or is still on the bus.

The Transportation Department should contact the School Resource Officer and/or Central Office Security if the student is not located in a timely manner. School Security will determine when outside authorities should be contacted for assistance.

When the child is located, all parties previously contacted to assist in locating the child should be called by the Transportation Department or building level administrator.

STUDENT RESPONSIBILITIES

- Understand that riding a school bus is a privilege, not a right.

BUS CONDUCT REPORTS

If a student violates his or her responsibilities while riding the bus, appropriate actions will be taken as follows: 1st Offense: Warning and parent notification. 2nd Offense: Parent notification and 3 day bus suspension. 3rd Offense: Parent notification and 5 day bus suspension. 4th Offense: Parent notification and 10 day bus suspension. 5th Offense: Bus suspension for the remainder of semester.

NON-STUDENTS BOARDING BUS

No one is allowed to board the bus unauthorized. Bus driver should NEVER allow any person to get on the bus to reprimand any child, including the parent of the child. This is strictly forbidden.

No such person is to have contact with students on the bus. Also, the driver cannot allow any person to come on the bus in an attempt to abuse, either physically or verbally, the driver. If an irate person attempts to board the bus, the Transportation department recommends that the driver contact 911. If action is severe enough for 911 to be contacted, the driver must REMAIN AT THE SCENE until the law enforcement officials arrive to give assistance (even if the person or persons causing the disturbance leave the scene).

STUDENT'S ITEMS ON BUS:

Students may carry school-related items on the bus such as projects, band instruments, etc. that can be safely secured by the student and do not create a threat of danger to the occupants on the bus and do not impede passenger movement. The following guidelines should be followed when securing student's items on the bus:

- Nothing can be placed in the bus aisle. The aisle must remain a clear passageway from the front to the rear of the bus.
- Nothing can be placed under the bus seats.
- Nothing can be placed against the emergency exits.
- No live animals shall be transported on the bus. Animals can be easily excited, which could create an unsafe situation for the driver.
- In addition, no item(s) identified by the base school as inappropriate or disallowed by the school shall be transported on the bus (e.g. yo-yos, laser lights, skateboards, glass items, balloons, etc.)

STUDENT MEDICATION:

Students needing to take medication during the school day must consult with the school principal, the school nurse, or the teacher to get the proper instructions for the medications to be administered to the student at school.

When a student requires medication on the bus or at school, the following procedures should be followed:

- The parent must package the medication needed by the student for that day ONLY. The child's name and his or her teacher's name should be clearly labeled on the package. Directions for the administration of the medication should also be included.
- The parent must notify the school principal or his or her designee that the child's medication package is being delivered by the school bus.
- The parent must give the medication package to the bus driver to transport to the school. • The principal or his or her designee must make arrangements to receive the medication package from the bus driver. Drivers cannot leave the bus while other students are on board.

4. USE OF VIDEO CAMERAS

Video cameras may be used to monitor student behavior on school vehicles transporting students to and from school or extracurricular activities.

Students in violation of bus conduct rules shall be subject to disciplinary action in accordance with established board policy and regulations governing student conduct and discipline. Photographs and video footage shall be used only to promote the order, safety and security of students, staff and property. The district shall comply with all applicable state and federal laws related to photographs and video footage. These materials shall be maintained for a minimum of 60 days. Parent(s)/guardian(s) may submit a written request to view photographs and video footage to the Director of Schools/designee, and a time shall be arranged for viewing at the Central Office within 7 days after the request is made. PARENTAL NOTIFICATION

Under the Elementary and Secondary Education Act (ESEA)

The Elementary and Secondary Education Act (ESEA) as amended in Dec. 2015 by the Every Student Succeeds Act (ESSA) makes it clear that Congress expects local educational agencies (LEAs) and schools receiving federal funds to ensure that parents are actively involved and knowledgeable about their schools and their children's education. The law requires schools to give parents many different kinds of information and notices in a uniform and understandable format and, to the extent practicable, in a language that the parents can understand. Listed below are some of these required notices that must be made to parents by school districts or individual public schools.

Teacher Qualifications and Highly Effective Teachers

At the beginning of each year, an LEA shall notify parents that they may request, and the LEA will provide, information regarding whether professionals are highly effective, including the qualifications of the student's teachers and paraprofessionals. This includes information about whether the student's teacher:

- 1) has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;**
- 2) is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived;**
- 3) is teaching in the field of discipline not of the certification of the teacher; and**
- 4) is teaching alongside paraprofessionals and, if so, the paraprofessional's qualifications**

[ESSA § 1112(e)(1)(A)].

Student Privacy

Districts must give parents annual notice at the beginning of the school year of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

✓ activities involving the collection, disclosure, or use of personal student information for the purpose of marketing or selling that information;

✓ administration of surveys containing request for certain types of sensitive information; and

✓ any nonemergency, invasive physical examination that is required as a condition of attendance, administered by the school, scheduled in advance, and not necessary to protect the immediate health and safety of student.

A district must develop and adopt policies regarding the rights of parents to inspect:

✓ third-party surveys before they are administered or distributed to students;

✓ measures to protect student privacy when surveys ask for certain sensitive information;

✓ any instructional materials;

✓ administration of physical examinations or screening of students;

✓ collection, disclosure, or use of personal information from students for the purpose of marketing or selling that information; and

Page 2 of 5

Parental Notification

✓ the parental right to inspect any instrument used to collect personal information before it is distributed to students.

Districts must give parents annual notice of an adoption or continued use of such policies and within a

reasonable period of time after any substantive change in such policies [20 U.S.C. 1232g].

Public Release of Student Directory Information

Under the Family Education Rights and Privacy Act (FERPA), an LEA must provide notice to parents of the types of student information that it releases publicly. This type of student information, commonly

referred to as “directory information,” includes such items as names, addresses, and telephone numbers and is information generally not considered harmful or an invasion of privacy if disclosed.

The notice must include an explanation of a parent’s right to request that the information not be disclosed without prior written consent.

Additionally, ESSA requires that parents be notified that the school routinely discloses names, addresses, and telephone numbers to military recruiters upon request, subject to a parent’s request not to disclose such information without written consent [§8025].

A single notice provided through a mailing, student handbook, or other method that is reasonably calculated to inform parents of the above information is sufficient to satisfy the parental notification requirements of both FERPA and ESSA. The notification must advise the parent of how to opt out of the public, nonconsensual disclosure of directory information and the method and timeline within which to do so [20 U.S.C. 1232g] [ESEA §8025].

Military Recruiter Access to Student Information

Districts receiving federal education funds must notify parents of secondary school students that they have a right to request their child's name, address, and telephone number not be released to a military recruiter without their prior written consent. Districts must comply with any such requests [ESEA §8528(a)(2)(B)].

Parent and Family Engagement

A district receiving Title I funds must develop jointly with, agree on with, and distribute to, parents and family members of participating children a written district-level parent and family engagement policy.

Each school served under Title I must also develop jointly with, agree on with, and distribute to, parents and family members of participating children a written school-level parent and family engagement policy. If an individual school or district has a parent and family engagement policy that applies to all, it may amend the policy to meet the requirements under the ESEA [ESEA Title I, Part A,

§1116(a)(2)] [20 U.S.C. §6318(b); (c)].

Parents shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents can understand. Such policy shall be made available to the local community and updated periodically to meet the changing needs of parents and the school [ESEA Title I, Part A, §1116(b)(1)].

Schools must:

- ✓ hold at least one annual meeting for Title I parents;
- ✓ offer a flexible number of meetings;
- ✓ involve parents and families in an ongoing manner in the planning, review, and improvement of Title I programs;

Page 3 of 5

Parental Notification

- ✓ provide Title I parents and families with timely information about the programs, a description and explanation of the curriculum, forms of academic assessment and expected levels of student proficiency;
- ✓ if requested, provide opportunities for regular meetings to discuss decisions related to the education of their children; and
- ✓ develop a school-parent compact that outlines the responsibilities of each party for improved student academic achievement [ESEA Title I, Part A, §1116(c)].

Report Cards on Statewide Academic Assessment

Each school district that receives Title I, Part A funds must prepare and disseminate an annual report card. Generally, the state or district must include on its report card information about public schools related to student achievement, accountability, teacher qualifications and other required information, as well as any other information that the state or district deems relevant.

These report cards must be concise and presented in an understandable and uniform format accessible to persons with disabilities and, to the extent practicable, provided in a language that parents can understand. In Tennessee, these requirements are met through the state's report card [ESEA Title I, Part A, §1111(h)(1) and (h)(2)].

Achievement on State Assessment

All schools must provide to parents, teachers, and principals the individual student interpretive, descriptive, and diagnostic reports, which allow specific academic needs to be understood and addressed, and include information on the student's achievement on academic assessments aligned

with state academic achievement standards [ESEA §1111(b)(2)(B)(x)].

National Assessment of Education Progress

Districts, schools, and students may voluntarily participate in the National Assessment of Educational

Progress (NAEP). Parents of children selected to participate in any NAEP assessment must be informed before the assessment is administered that their child may be excused from participation for

any reason, is not required to finish any assessment, and is not required to answer any test question.

A district must make reasonable efforts to inform parents and the public about their right to access all

assessment data (except personally identifiable information), questions, and current assessment instruments [ESEA Title VI, Part C, §411(c)(1); (d)(1)–(2)].

Schoolwide Programs

An eligible school operating a schoolwide program shall make the comprehensive plan available to the LEA, parents, and the public. The information contained in such plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand [20 U.S.C. §6314][ESEA Title I, Part A, §1114].

English Learner Programs

A school district that uses federal funds to provide a language instruction education program for English learners must no later than 30 days after the beginning of the school year inform the parents

of each child identified for participation or participating in such a program:

Cumberland County Schools has access to computers, networks, and the Internet. This technology is the most effective way we have found for introducing students to the global nature of information. It allows users to find, synthesize and share information in a variety of unique ways.

A small minority of Internet users has made objectionable materials available over the Internet. Cumberland County Schools will take every precaution to restrict access to this information. However, an industrious user may discover information not acceptable for school use. We firmly believe that the valuable information and interaction available on the Internet far outweigh the possibility that users may obtain unsuitable material. Disciplinary action will be taken against users found sending or acquiring objectionable material over the Internet or developing objectionable material on school equipment.

Please remember the following:

- Never abuse or tamper with technology equipment.
- All network communication must be polite, kind, and free from inappropriate language.
 - Electronic mail is not guaranteed to be private.
- Personal addresses, phone numbers, and financial information shall not be included in network communication.
- No attempt to tamper with other people's data or to gain unauthorized access to accounts or files on the networks, including the Internet, is permitted.
- Cumberland County Schools does not own the copyright on any of its software and, except for a single copy for backup purposes or unless expressly authorized by the copyright owner(s), does not have the right to reproduce it.

- If you are unsure about any use of the networks or Internet, ask a faculty member.
- Cumberland County Schools does not condone and specifically forbids the unauthorized duplication of software.

•I will abide by copyright law.

I understand that computer, network and Internet use at Cumberland County Schools is a privilege and not a right and that my use of this privilege may be revoked at any time for any reason.

As a condition of my use of the computers, networks and Internet, I will abide by the above Terms and Conditions for Technology/Internet Use at Cumberland County Schools, and by any future terms or conditions that may be developed. I understand disciplinary action will be taken if I am found abusing my computer, network, or Internet privileges.

AGREEMENT BETWEEN the CUMBERLAND COUNTY BOARD OF EDUCATION and STUDENT/PARENT FOR USE OF CHROMEBOOK

This agreement is made and entered into this 8 day of August 2026-27, by and between the CUMBERLAND COUNTY BOARD OF EDUCATION, hereinafter referred to as "BOARD", the student named below and the student's parent(s) named below.

WHEREAS, the BOARD has acquired personal laptop computers (Chromebooks) through general and federal funds, to be used by Cumberland County students for class assignments; and

WHEREAS, possession and use of such Chromebooks will be of great benefit to the students who receive these devices; and

WHEREAS, it is agreed that such devices require certain care; and

WHEREAS, it is agreed that certain rules regarding the use of these devices must be established and followed for continued use by the undersigned student:

NOW THEREFORE, in consideration of mutual covenants and promises contained herein, the parties hereto wish to enter into this agreement to set forth their respective rights and obligations and do mutually agree that:

1. TERM. This agreement commences on the date a student receives a Chromebook, and shall end at the end of the school year unless otherwise terminated in conformity with the terms of this contract.
1. FEE. Chromebooks shall be provided to the student at no cost to the student or student parent(s) for student's use during the school year.
1. OWNERSHIP. Chromebooks shall remain, at all times, property of the Cumberland County School District.
1. OBLIGATIONS OF THE STUDENT.
 1. Only use the device that is assigned specifically to you. Do not allow other students to use or borrow your device unless requested to do so by school administration.
 1. Do not leave your device unattended.
 1. Shut down the device completely before charging the device for the next day. This should occur at the end of every school day.

d. Do not plug in the device to charge between classes or during class without teacher permission.

1. Student will be expected to bring device fully charged and ready for use each day. Never let the battery run completely down. This can cause permanent damage to the Chromebook. The Chromebook holds a charge for between 6-8 hours.
1. Never use any product containing alcohol, ammonia or other strong solvent to clean your Chromebook. Clean your Chromebook only with a lightly moistened soft cloth.
1. Students should not personalize their devices in any way. This includes decals, downloading any software, application or shortcuts that have not been explicitly allowed by the teacher (devices will be periodically checked for illicit downloads).
1. "Cases" or "Skins" may be used with prior school administration approval, as long as they have been specifically designed for the device and are easily removable.
1. Students shall use the device for school work only.
1. Students shall not have food or drinks in close proximity to the device.
1. Cords, cables and removable storage devices must be inserted carefully into the Chromebook. The port on the power adapter is fragile, as well. Insert and remove with care every time. Do not carry your Chromebook around with the power adapter plugged in.
1. When not in use, wrap your Chromebook's power adapter up so that the cords don't become tangled and/or knotted.
1. Do not leave your Chromebook in your vehicle, on the dashboard, under a blanket or otherwise exposed to extreme heat (over 100 degrees Fahrenheit) or extreme cold (under 32 degrees Fahrenheit).

1. Chromebook screens can be easily damaged. Avoid touching or poking the screen of the Chromebook with fingers, pens, pencils or other items. This can cause blurring or cracking of the screen. Do not lean or put pressure on the top of the Chromebook when it is closed. Do not place books or other items on top of Chromebook. Do not store the Chromebook with the screen in the open position. Do not place anything near the Chromebook that could put pressure on the screen. Do not place anything on the keyboard before closing the lid (pens, pencils, or disks).
1. Avoid placing Chromebooks on uneven surfaces where they might be subject to an accidental fall.

p. Avoid dropping the Chromebook or dropping heavy objects onto the Chromebook. Even when in the case, a drop from any height can cause damage to the Chromebook.

1. Do not block air flow when the device is on. While your Chromebook does not get overly hot as a traditional laptop might, it does need to breathe.
1. DO NOT REMOVE the colored inventory sticker affixed to your Chromebook.
1. Student shall report suspected damage, loss or theft of the device immediately to school administration.
1. Keep Chromebook in the provided case when not in use. Even when the Chromebook is in your backpack, it should be inside the provided case.
1. Chromebook lids should always be closed and tightly secured when moving. Do not carry your Chromebook while the screen is open.
1. Unplug your Chromebook when it is not charging.
1. Never move a Chromebook by lifting from the screen. Always support a Chromebook from its bottom with the lid closed.
1. If carrying a Chromebook in your backpack, avoid sharp objects in your backpack, around the Chromebook, and avoid throwing your backpack or leaving it in places where it can be accidentally kicked.
1. Do not place the Chromebook charger in the district-provided Chromebook case. The case is meant to hold only the Chromebook. Inserting the charger in the sleeve may put too much pressure on the Chromebook screen.
1. In using Chromebooks, Students shall adhere to Board policies 4.406 Use of Internet.

6.304 Student Discrimination, Harassment, Bullying, Cyberbullying and Intimidation:

6.312 Use of Personal Communication Devices in School, as well as all school rules pertaining to the use of technology. Said policies as well as the student handbook are hereby incorporated into this contract as if printed verbatim.

1. VIOLATIONS OF (a-z):

Repeated violation of any of the above rules and/or guidelines may result in the student's Chromebook privileges being revoked and confiscation of the Chromebook. The

undersigned students and parents agree and acknowledge that they will be responsible for all repair costs caused by malicious damage to the device. In the event such costs are not paid, grade cards may be held.

1. SEVERABILITY.

If any provision of this agreement is declared illegal, void or unenforceable, the remaining provisions shall not be affected but shall remain in force and in effect.

I have read the above terms and conditions of this agreement, and I agree to my receipt of, and care for, a Chromebook under such terms and conditions.
