

I am pleased to welcome you to Perry Central High School on behalf of the faculty and staff. This is my seventh year in administration, and I am incredibly honored and thrilled to serve as the principal and lead practitioner.

According to research, the high school years are the most difficult for scholars, and our mission is to ensure that all students have a connection to school, are supported academically and socially, and are prepared for a successful high school experience. Our mission is to instill in each student the desire to succeed through a sense of personal accountability.

As principal, I recognize the significance of fostering an environment conducive to student achievement. The faculty and staff of Perry Central High School are dedicated to providing students with high-quality instruction in a supportive environment that enables them to realize their full potential by bridging the gap between high school and college or the workforce. Our faculty will maximize their capacity to ensure that all students are globally competitive.

Throughout the year, it is my hope that we will collaborate to provide the PCHS students with the BEST possible opportunities in preparing them to master the challenges of the future by establishing a strong foundation at our school. Remember, we are the best, better than the rest; we are the Mighty, Mighty Bulldogs. Have a day productive day, ON PURPOSE!

Educationally yours,
Joshua L. Yeager
Principal

Mr. Yeager is in his 14th year in education. He has served as teacher, coach, assistant principal, Director of Schools, and Special Projects coordinator. He is currently pursuing his doctorate in educational leadership from The American College of Education in Indianapolis. Mr. Yeager has one daughter, Makenlee Grace who attends Union High School.
