Principal's Weekly Update 9-12-22

Steven Campbell • 14 days ago • Monday, Sep 12 at 3:03 PM • **Santa Maria High School**

Good afternoon parents and students, I wanted to take a little time to explain something that our school and our district is doing to ensure we are doing all we can to provide a safe, respectful, and effective learning environment. This fall our school district has contracted with an outside consultant named Orenda. Orenda specializes in evaluating the practices of schools and/or school districts to find ways to better meet the needs of their students. Their main idea is centered around equitable access for all of our students. We have made great strides in our efforts to provide equity in our curriculum, but always welcome other points of view in an effort to improve.

The methods Orenda uses to gather their information include a staff survey and a four-day site visit in October (11th – 14th) which includes staff interviews, parent and student interviews, and classroom observations. Once finished with all this Orenda compiles their findings into a report which they share with our district staff and parents. This entire process will begin next week with a staff survey, the site visit is scheduled for October 11th – 14th, and the findings report is to come out sometime in January.

I look forward to this process if it will give us information that can be used to better meet the needs of our students. We will discuss this more throughout the year as events unfold.

-

Sincerely,

(Steve Campbell, Principal SMHS)
