Phone: 662-581-3032

II. Contractor Requirements

The contractor must, as a minimum, provide the following specifications:

The software program should have the following specifications:

- Provides user-friendly reports with actionable data that give teachers a foundational understanding of what assistance their students need
- Provides benchmarks three times a year for grades 1 through end-of-course and two times a year for kindergarten.
- Provides a comprehensive learning management system to support multiple modes of learning
- Provide mock ACT assessments for students in 8th grade through 12th grade
- Provide curriculum standard alignment, item difficulty, and content domain tags.
- Provide features for collaborative item development and support for diverse item types (e.g., multiple-choice, open-response, technology-enhanced)
- Ability to administer assessments directly in the learning management system
- Integrate with Clever SSO
- Integrate with student information system (SIS)
