NOTE: Student and Parents

Please remember this is a formal event designed for high school students. LHS Administration has determined that two-piece dresses are not acceptable, and they reserve the right to determine whether the attire of any and all prom attendees is appropriate.

Lewisburg High School Prom April 13, 2024 Breathalyzer Consent Form/Vaping Policy

All students attending the LHS Prom will be subject to a breathalyzer test by a school or law enforcement official. Additional tests may be administered if there are reasonable grounds to believe the student is under the influence. If they test positive, their parents will be notified to pick them up or they will be placed in the custody of local law officials. In addition, vaping in any form is prohibited by DCS and the venue itself. District policy states any student under the influence of alcohol or drugs at a DeSoto County school function will be suspended and have a disciplinary hearing possibly resulting in an assignment to DCAC. Any student involved in any incident of vaping will be removed by the venue and parents will be notified. Disciplinary action at the school level will be pursued.

I have read and understand the above statements and hereby agree to the guidelines put forth and consent to a breathalyzer test.
