PART I – SCHOOL PARENT AND FAMILY ENGAGEMENT POLICY ~ GENERAL EXPECTATIONS

Atkinson County Middle School is a Title I School. In accordance with Title I Guidelines, a Parent and Family Engagement Policy has been developed. Atkinson County Middle School believes in the importance of good communication between the home and the school to ensure a successful learning experience for all students. It is our goal to provide multiple opportunities for parents, families, students, and school staff to establish strong, meaningful, and lasting connections. We pride ourselves on creating a positive school climate that is a key factor to boosting student, parent, family and community engagement, as well as academic success for all students.

Parent and Family Engagement means the participation of families in regular, two-way, and meaningful communication involving the student’s academic learning and other school activities, including and ensuring:

- Families recognize the education of their child is a joint responsibility of parents and ACMS.
- Families will help their child understand that appropriate rules are required to maintain a safe, orderly environment.
- Families may enhance relationships and be full partners with the school and be actively involved with their child, teachers and administrators by participating in school functions such as Open House, Grade Expectations Night, and Parent-Teacher Conferences.
- The carrying out of other activities, such as those described in Section 1118 of the ESEA.

Atkinson County School District Goals:

- **By the end of 2023-2024, all schools will increase the percentage of students performing in levels 3 and 4 (Proficient - Level 3 and Distinguished - Level 4) of the GMAS scores in every content area by 2% points.**
- **To increase the GMAS scores of all subgroups by 2 percentage points.**

In conjunction with the district's goal, Atkinson County Middle School also believes there is always room for academic improvement.

Therefore, ACMS goals are:

- To improve instructional practices and student support to meet state performance targets for all student subgroups in ELA, mathematics, science, and social studies, while increasing the percentage of students that meet developing level or higher by 3% by the end of the 2023-2024 school year.
- To increase the mean scale score for all students by implementing MyAccess & Zoi writing with fidelity thus improving the mean scale score on the extended writing portion of the GMAS by the end of the 2023-2024 school year.
- To monitor and improve the number of students who will attend school at a minimum of 80% of the 2023-2024 school year.

Atkinson County Middle School Title I funds will be used to supplement other local, state, and federal funds to purchase technology, consumables, other needed instructional materials for students and teacher salaries. Title I funds will also be used for teacher professional learning activities to stay up to date with best practices. Examples of Title I Parent and Family Engagement funding are: parent and family engagement personnel salaries, supplies for parent/family workshops, translations, resource centers, and family correspondence. Atkinson County Middle School will involve the families and students in the joint development and agreement of its Parent and Family Engagement Policy and its School Wide Plan, in an organized, ongoing, and timely manner. This policy is presented at the School Council, Leadership Team, and during stakeholders' meetings for consideration of improvements, revisions, and adoption on an annual basis to meet requirements of Title I Part A.
