

2025-2026 3rd Math Curriculum Map

What do our students need to know? (Objective/Standard) Use IFD to be sure we are teaching to the depth of standard.

How are we going to teach it? (What lessons in the curriculum support that?)

How do we know if they learned it? (Which assessment/student work analysis)

What can we do if they don't get it? (Intervention)

What do we do when they do get it? (Move on, accelerate)
