

Dale County School System

Homeless Education Program

The Dale County School System will employ practices that increase the awareness of the Homeless Education Program. The system shall notify parents/guardians of homeless children and youth of available resources and assist them in accessing the resources.

The Dale County School System shall conduct annual evaluation of its Homeless Education Program to determine the effectiveness of the program. The system will adjust practices and procedures as needed to improve the effectiveness of implementation and student achievement.

DEFINITION:

For the purpose of identifying homeless children and youth, the Dale County School System shall use the McKinney-Vento Act's definition of homeless children and youth. The Act defines homeless children and youth (twenty-one years of age and younger) as:

- A. Children and youth who lack a fixed, regular, and adequate nighttime residence, and includes children and youth who are:
 - o Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason (i.e. "doubled up").
 - o Living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations.
 - o Living in emergency or transitional shelters
 - o Abandoned in Hospitals

- B. Children and youth who have a primary nighttime residence that is a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation for human beings.

- C. Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

- D. Migrants/ESL/ELL children who qualify as homeless if they are living in circumstances described above.

- E. The term unaccompanied youth includes a young person not in physical custody of a parent or guardian. This would include runaways living in runaway shelters, abandoned buildings, cars, on the streets, or in other inadequate housing; children and youth denied housing by their families (sometimes referred to as "throwaway children and youth"); and school-age unwed mothers living in homes for unwed mothers because they have no other housing available.

The *school of origin* is the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

HOMELESS EDUCATION PLAN

Purpose of the Program

Homeless children and youth will be provided the opportunity to receive a free and appropriate public education regardless of their residency status. Our system will ensure that these students are afforded equal access to academics and other services that will allow them to meet the same challenging state achievement standards as non-homeless students.

The program provides procedural guidelines to ensure that homeless students are not denied enrollment due to the lack of registration documentation at the time of enrollment. Homeless children and youth will be enrolled immediately pending obtainment of the necessary documents. The school counselor will assist parents guardians, or unaccompanied youth in obtaining the proper documentation.

The homeless education program makes every effort to provide homeless children and youth with a stable school environment by enrolling students in the *school of origin* and providing them with transportation to and from the school of origin. Provisions are made for parents, guardians, or unaccompanied youth to decline enrollment in the *school of origin*.

The program provides for a homeless liaison that will ensure program implementation and coordinate efforts to ensure that homeless children and youth are provided the opportunity for academic success.

Identification & Registration Procedures

Homeless children and youth are often undetected. The Dale County School System will conduct training sessions with appropriate school personnel to inform them of methods of identifying homeless children without stigmatizing students or families. The system will use a *Residency Questionnaire* (Appendix A) to facilitate identity of homeless children and youth. The parent, guardian, or unaccompanied youth will complete the *Residency Questionnaire* at the time of registration. The school counselor may provide appropriate assistance to the parent, guardian, or unaccompanied youth in answering the questionnaire if necessary.

A copy of the *Residency Questionnaire* must be submitted to the Dale County Schools Homeless Liaison on the day of registration. The school will maintain the original form in a file separate from the student's permanent record for audit purposes during the year. This file should be housed in the school counselor's office or in close proximity. School counselors will contact the system's Homeless Liaison if a student is suspected of being homeless.

The parent or guardian may enroll a homeless child or youth with or without proof of residency, birth certificate, social security number, immunization records, or school records. The school counselor or principal's designee will provide the parent, guardian, or unaccompanied youth appropriate assistance in obtaining the necessary records and documents for enrollment. Enrollment without the required immunization record will be pending receipt or acquisition of immunization documentation. The existing method of assigning a student number will be employed when a student enrolls without a social security number.

An unaccompanied youth may enroll him/herself at any time throughout the school year. In this case, the school principal or designee will immediately contact the system's Homeless Liaison to

report the enrollment of an unaccompanied youth. The school will provide the youth with proper assistance in a language that the student understands. The system's Homeless Liaison (Appendix B) will assist the homeless unaccompanied youth in obtaining eligible educational services.

The application process for free and reduced price meals will be expedited for homeless children and youth. The determination for free meals may be made without completing the full application process.

Identification of Homeless Preschoolers

The Dale County School Systems Homeless Liaison will collaborate with local community service agencies (e.g. Head Start, Department of Human Resources, Health Department, faith-based organizations and the court system, etc.) and school personnel to identify homeless preschoolers. The district will also include homeless preschoolers and homeless children in the "Child Find" process as required by the Individual with Disabilities Education Act.

School Placement

The school system will make school placement decisions in the "best interest" of the homeless child or youth. Students will continue in the school of origin for the duration of the homelessness when a family becomes homeless between academic years or during an academic year; or for the remainder of the academic year if the child or youth becomes permanently housed during an academic year. Students may enroll in any public school that non-homeless students who live in the attendance area in which the student is actually living are eligible to attend.

If school enrollment decision is contrary to the wishes of the child or youth's parent/guardian, the school will provide the parent, guardian, or unaccompanied youth with a written explanation of the decision, a statement of the right to appeal, and procedure for appealing the placement decision. The complainant must file a School Enrollment Dispute (Appendix C) with the school in which the student is presently enrolled. The principal of this school will notify the Dale County Schools Homeless Liaison of the dispute and take steps to resolve the dispute.

When a dispute arises regarding school placement, the system will immediately enroll the homeless student in the school in which enrollment is sought by the parent, guardian, or unaccompanied youth, pending resolution of the dispute. The Dale County Schools Homeless Liaison will expeditiously take steps to resolve the dispute (Appendix D). If the dispute cannot be settled by the homeless liaison, the liaison will assist the complainant in seeking technical assistance from an appropriate service agency.

Services for Homeless Students

The Dale County Board of Education will provide for homeless children a free and appropriate education inclusive of services comparable to those available to other students in the school for which eligibility criteria is met. The program will include educational programs for the disadvantaged, disabled, and limited English proficiency.

Once a homeless child has been identified, the counselors at each school have the responsibility of notifying the Dale County Schools Homeless Liaison in order that services may be offered to the student and his/her family.

Parents of Homeless students are encouraged to:

- Become actively involved in making suggestions in the planning and operations of the Title I program.
- Attend all informational meetings concerning Title I programs.
- Attend an annual public meeting to discuss the programs and activities that are carried out with Title I funds, to inform the parents of their right to consult in the design and implementation of projects, to solicit parents' input, and to provide parents with the mechanism for maintaining ongoing communication among parents, teachers, and agency officials.
- Consult with teachers on an on-going basis and attend parent/teacher conferences, if at all possible.
- Provide information and ideas on the effectiveness of the assistance that the student has received.

The Dale County School System will employ the following methods to inform school personnel, parents, and community members:

- Each year school personnel (counselors and building administrators) will receive training on identification of homeless students.
- The system will notify parents/guardians of homeless children and youth of available resources and assist them in accessing the resources as needed.
- Homeless posters provided by the National Center for Homeless Education (NCHE) are posted in all schools.
- Information for homeless parents, children and youth, along with enrollment, dispute and complaint forms are available on the district website.

The Federal Programs Homeless Advisory Committee will conduct an annual evaluation of its Homeless Education Program to determine the effectiveness of the program through surveys. The system will adjust practices and procedures as needed to improve the effectiveness of implementation and student achievement. This plan will be reviewed and revised, if necessary, each year.
