Introduction

Thinking about your senior year is both exciting and stressful. In order to make your senior year a little less stressful, this handbook has been created with information that we hope you will find helpful. Your senior year is a thrilling time of your life that is filled with many important decisions. Please do not feel overwhelmed because we are here to help you. One way we are helping is through this book. Allow it to not only be a source of information for you, but also something you may refer to when you do not remember a phone number, a deadline, or an email address. Some dates may change because of scheduling conflicts. Remember to sign up for Band (the app replacing Remind) so you will receive the most up-to-date information. As you begin your senior year, you hopefully are thinking about what you want to do and where you want to go in life. The faculty and staff here at HLHS believe the Class of 2024 is a remarkable group of young people, and we have enjoyed working with you. We now look forward to a great senior year with you.

As you open the pages of this senior book, please reflect on the following thought:

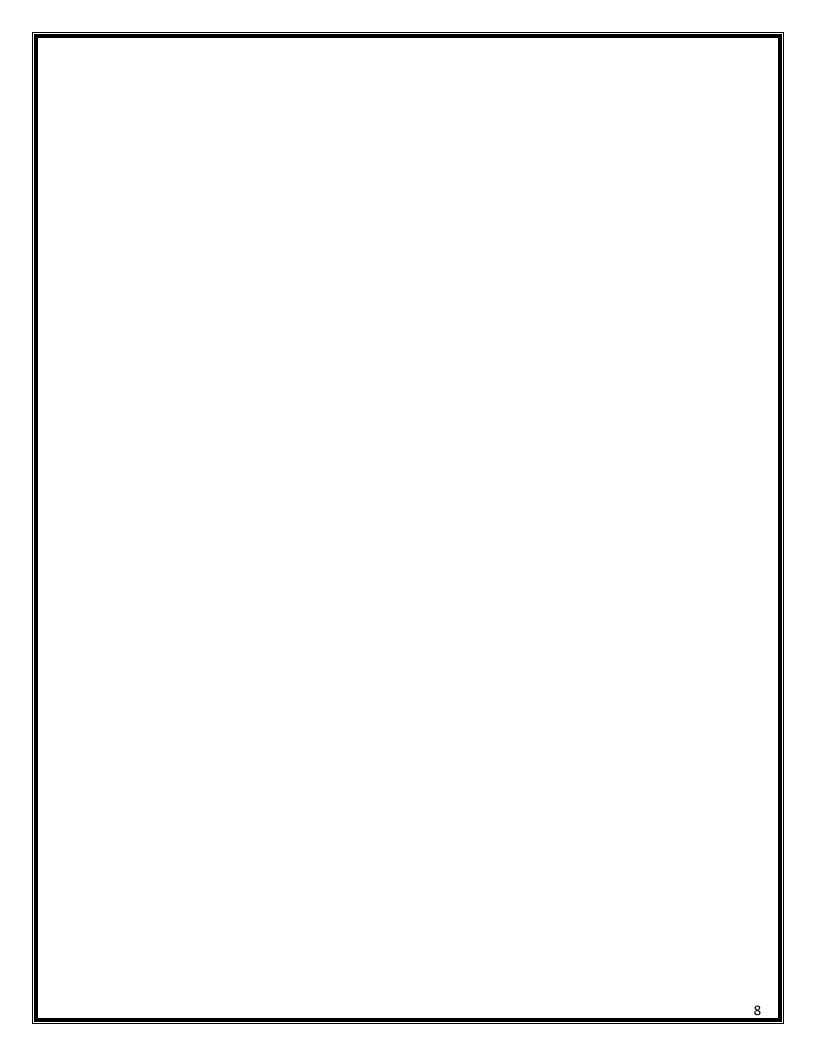

"It is not intelligence alone that brings success, but also the drive to succeed, the commitment to work hard, and the courage to believe in yourself. Know that your dreams must come from your heart's deepest desires. Only then will the barriers come down before you. To know your heart, you must know yourself. You are who you decide to be, not who other people decide for you to be. Be noble. Stand on the higher ground. Create your life and then go out and live it."

Chapter 36: Graduation Requirements

b. Using options outlined in Chapter 36, Rule 36.5,

Rule 36.5 *Additional Assessment Options for Meeting End-of-Course (EOC) Assessment Requirements.* State Board Policy Rule 36.5 provides approved options for students to meet these high school EOC assessment graduation requirements through approved alternate measures. State Board Polie Rule 36.5 applies to past, current, and future Mississippi students.

While it is possible that a student will meet one of the options below before taking the subject area test, this policy states that a student is eligible to use any of these options once he or she has failed to pass ay required EOC assessment one (1) time. Specifically, students may meet the graduation requirements outline in State Board Policy Rule 36.4 by attaining any one (1) of the measures outlined below for each of the EOC assessments listed.

The following graduation options provide opportunities for students to obtain a certain score or level on the ACT, ASVAB, ACT WorkKeys, MS-CPAS2, or other state-approved industry certifications. Students also may obtain a grade of "C" or higher in a dual credit/dual enrollment course, corresponding to the EOC assment that was not passed.

Assessment Options	Algebra I	Biology I	English II	U.S. History
ACT	17 (ACT Math Sub-Score)	17 (ACT Science Sub-Score)	17 (ACT English Sub-Score)	17 (ACT Reading Sub-Score)
Dual Credit/ Dual Enrollment/ College Credit	C or higher in MATH credit-bearing course	C or higher in BIOLOGY credit-bearing course	C or higher in ENGLISH credit-bearing course	C or higher in HISTORY credit-bearing course

The Graduation Options listed below are applicable to any Subject Area Testing Program assessment.

ASVAB + MS-CPAS or Industry Certification	 Must have an ASVAB AFQT score of 36 plus one of the following: 1. CPAS score that meets the attainment level assigned by Federal Perkins requirements. (Year 1 and 2 combined for an average of 60 or above) OR 2. Industry certification attainment based upon industry standards (only MDE approved certifications may be used). 		
ACT WorkKeys + MS-CPAS2 or Industry Certification	 Must have an WorkKeys Silver Level plus one of the following: 1. CPAS score that meets the attainment level assigned by Federal Perkins requirements. (Year 1 and 2 combined for an average of 60 or above) OR 2. Industry certification attainment based upon industry standards (only MDE approved certifications may be used). 		

Note: The college credit option is only applicable if the student is enrolled in high school and college at the same time.

OR

c. Using the end-of-course Subject Area Test score with the overall course grade based on the Concordance Table for each of the fours (4) end-of-course Subject Area Tests as provided to school districts by the Mississippi Department of Education. (Students must be enrolled in order to utilize this option.)

MDE Revision to Concordance Tables Effective 2021-2022

Concordance tables, effective beginning with the 2014-2015 school year, provide opportunities for students who do not obtain a passing score on an EOC assessment to utilize a different graduation option, using a combination of the assessment scores with the final course grade. The tables provide the final course grade required to use with the scale score obtained on the EOC assessment. Remember, students must be enrolled in school to utilize the concordance table option.

The Mississippi Department of Education (MDE) has worked with the Technical Advisory Committee (TAC) to develop one universal concordance table that shall be used for each of the four EOC subject area assessments. The concordance tables were developed during each of the EOC test administrations, and the universal concordance table concept will alleviate confusion in determining which concordance table to apply for each test administration.

Concordance Table	Scale Score			
Grade in Course	1049-1048	1047-1046	1045-1044	1043-1042
А	Pass	Pass	Pass	Pass
В	Pass	Pass	Pass	Fail
C	Pass	Pass	Fail	Fail
D	Pass	Fail	Fail	Fail

Universal Concordance Table

3. Beginning with school year 2015-2016, in addition to number two (2) above, all students enrolled may achieve a combined minimum score from the end-of-course Subject Area Tests to meet the requirement for graduation in lieu of passing the applicable end-of-course Subject Area Test.

HLHS Counselor Information School Counselors

The HLHS Counseling office staff is here to help you navigate through the college application process. Below are a few resources and procedures to make the process more efficient. Feel free to contact us with any questions.

Go to the HLHS website and go to the Counselor's page. There you will find scholarship information along with other relevant information you may need as a senior.

College Financing

There is an abundance of money available for college. Scholarships and grants are funds that students are not required to pay back. Please take advantage of the free money available by applying for as many scholarships and grants as possible. College information is provided on the Counselor Page on the HLHS website. Information will also be shared through the Band App and the Counselor area in the Commons.

College Application Waivers

Eligibility Requirements: You must be eligible for free or reduced lunch. Email your counselor and request a college application fee waiver.

Community Service

Community service is donating your time and talents freely to an organization or individual. If you are paid, it is NOT community service. Some colleges and scholarships require community service hours.

ACT Waivers

Eligibility Requirements: You must be eligible for free or reduced lunch. Maximum number-**4 TOTAL**

Email your counselor and request an ACT fee waiver.

Transcript Requests

If you need your transcript sent to a college or university, follow the steps below:

1. Go to <u>https://desotoms.scriborder.com</u> and set up your account, choose your high school, and you are ready to order and track the delivery of your transcript online.

- 2. You are allotted five (5) free transcripts for your selected colleges.
- 3. After your fifth transcript a fee will be applied.

Dual Enrollment

Dual enrollment is an opportunity to take college classes and earn credit from a college while still in high school. Enrollment information and deadlines will be announced.

Career Guidance

Contact the Career Coach for help deciding on a career, filling out applications for colleges, trade schools, FAFSA, and scholarships. You can also use the software Major Clarity to assist you in choosing a career. To find Major Clarity, log on to Clever and click on the Major Clarity icon. Start with Assessments first, then click on Career Exploration. It will then sort the career cluster boxes with the ones recommended for you at the top.

Graduation Ceremony

All graduation requirements concerning state tests must be met by **May 7, 2025,** to be included in the graduation program. The names of seniors who do not meet state test or academic requirements will not be in the graduation program.

Dress Code for Graduation

At Horn Lake High School, our graduation ceremony is a distinguished event. In order to participate in the graduation ceremony, seniors must comply with the following dress code.

Female Graduates

- 1. DCS dress code policy <u>must</u> be followed (i.e., No facial piercings). Be sure to review the school district's dress code policy in your handbook.
- 2. Female graduates should wear black bottoms (i.e., capris, pants, gauchos, skirts.)
- 3. Female graduates should wear a light top.
- 4. Female graduates should wear non-embellished plain black dress shoes (no emblems, fur, rhinestones, sequins, spikes, etc.) (No flip flops, Crocs, cowboy boots, casual sandals, tennis shoes, or combat boots).

*** ONLY PLAIN BLACK DRESS SHOES***

5. Dresses may be worn, preferably following the color scheme; however, if the dress does <u>not</u> show from under the gown, and it is dress code appropriate, it will be allowed.

Male Graduates

- 1. DCS dress code policy <u>must</u> be followed (i.e., No facial piercings). Be sure to review the school district's dress code policy in your handbook.
- 2. Male graduates must wear a white dress shirt and tie. Extreme colored ties are not acceptable.
- 3. Male graduates should wear navy blue, black, or dark gray pants (No shorts or capris).
- 4. Male graduates should wear non-embellished plain black dress shoes (no emblems, fur, rhinestones, sequins, spikes, etc.) (No Crocs, flip flops, cowboy boots, sandals, tennis shoes, or combat boots).

ONLY PLAIN BLACK DRESS SHOES

*No modifications to or extra decorations on graduation gown.

*No modifications to or extra decorations on graduation cap.

*If a senior does not have proper attire for graduation, see Mrs. Wendy Smith in C4 by May 10, 2025.

*If you are unsure if your graduation attire is appropriate for the ceremony, see Mrs. Wendy Smith in C4 by **May 10, 2025.**

*Do not let dress code issues keep you from participating in the ceremony.

Senior Portrait Information

Senior Pictures

Important: Hemker Portraits will take senior pictures for the yearbook this year. Packages will be available for purchase. Pictures will be taken at Horn Lake High School in the auditorium by **"appointment only"** on the following dates:

JULY 16, 17, 18, 19, 20 & JULY 23, 24, 25, 26 & 27

Please call Hemker Portraits at 662-280-2100 to schedule your Senior's appointment. *Scheduling starts on May 30 for appointments.*

Senior pictures are the opportunity to mark this great milestone of graduation in your life. The picture will be in the yearbook, on the composite and on the Jumbo Tron at graduation. See sitting fee information below.

Sitting Fee: This fee is due upon the arrival of your appointment. Each senior who has been photographed by Hemker Portraits will receive (one) 10×13 composite print at graduation. There are two different sessions to choose from and are listed below:

"The Deluxe Session" sitting fee - \$75.

This session includes the traditional formal (drape or tux), cap & gown plus assorted casuals which allow the senior up to 2 outfit changes. They will need to come to their appointment dressed in their first casual attire ready for pictures.

"The Traditional Session" sitting fee - \$50.

This session includes the traditional formal (drape or tux) and cap & gown only.

Proofs: Proofs and order form and information sheet on "How to Order" will be emailed to the email address you provide Hemker Portraits when booking your appointment time after the start of the 2024-2025 school year.

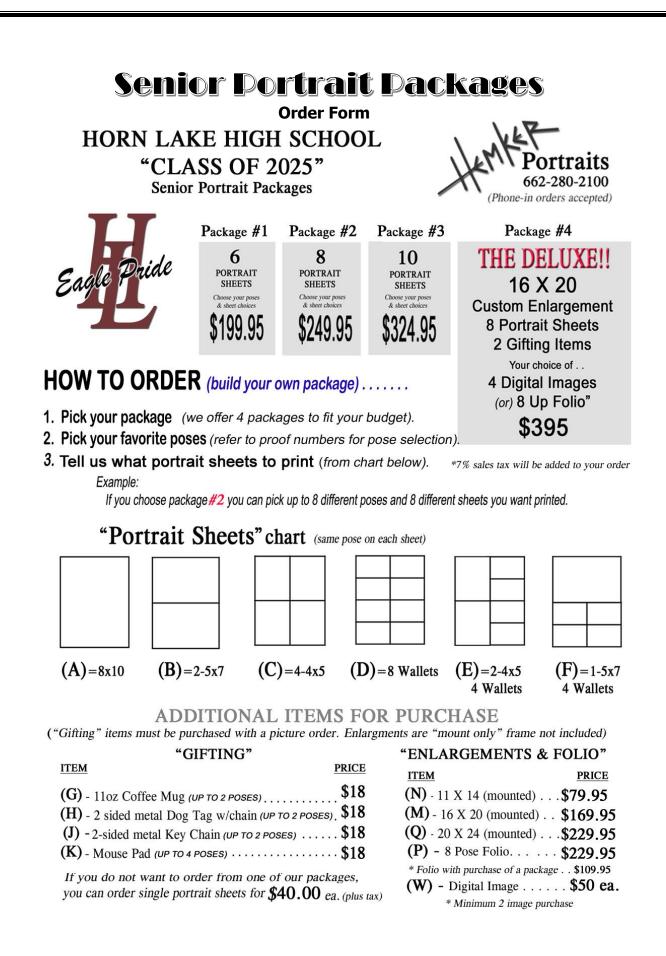

Orders: There will be a deadline for placing orders through the school unless you prefer to place a phone-in order with Hemker Portraits. Payments can be made by cash, check (payable to Hemker Portraits) or debit, and all major credit cards.

On the day of your appointment, please be prepared:

- > Arrive on time, come dressed and ready for pictures.
- > Have hair and make-up (if preferred) done before you arrive.
- > Guys bring a white t-shirt (it will be worn under the formal attire).
- ➢ Girls − bring a spaghetti strap top (it will be worn under the formal attire).
- If you have a hobby, talent such as a sport, music, or other outside interest, please bring it as your 2nd outfit change if selecting the "Deluxe Session".
- > All apparel needed for cap & gown and formal wear will be provided by Hemker Portraits.
- Only one person may come with you. Please no children since our focus will be on the senior.

TEST-TAKING STRATEGIES

Pace vourself and answer **EVERY** question

Concentrate on the easy/medium questions to gain the most points. There is no penalty for guessing on the ACT, so guess on the hard guestions if vou are uncertain of the correct answer or you run out of time. The ACT booklet won't be graded, so mark it up as you narrow down your answers, show your work on math problems, and underline key information in passages.

Practice makes perfect

The ACT is a standardized test, so you can learn what you will be tested on and how the questions will be asked. Practice as if you are taking the real ACT, so get up early to practice while you are TIRED! Practicing will help you become more accustomed to taking the ACT.

Process of elimination

Narrow down your choices before taking a guess. A 50% chance of getting it correct is better than a 25% chance.

Spot of the day

Pick a spot of your choice before starting the test. Use that spot every time you need to guess or run out of time. It will increase your odds of getting questions correct compared to randomly guessing.

The ACT & SAT

What is the ACT? It is a national college admissions test that consists of subject area tests in English, Math, Reading, and Science.

The ACT includes 215 multiple-choice questions and takes approximately 4 hours to complete, including a short break. This test is given on six different dates within the United States.

People of all ages and grade levels are eligible to take the ACT. This includes students in grades 6-12 and high school graduates. Of course, you will need to register and pay the test fees.

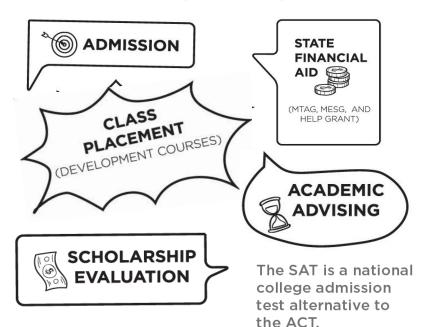

By taking the ACT, you make yourself visible to colleges and scholarship agencies, so it is another way to help you get ready for life after high school. When you register for the ACT, you can choose up to four colleges to which ACT will send your scores as part of the basic fee for your test option. If you take the test more than once, you choose which test date results the colleges will receive.

ACT Test Day Checklist

What to Bring on Test Day

Prepare for test day by knowing what to bring and what to leave at home!

Bring This, Not That

Bring:

Admission Ticket

Print a copy of your admission ticket to bring to the test center. Your ticket contains important registration match information or your online launch code.

Once you have uploaded your photo, you can print your admission ticket in MyACT.

Acceptable Photo identification

Acceptable photo identification is required to be admitted to the test center. You will not be admitted to test if your ID does not meet ACT requirements.

Number 2 pencil

Bring sharpened, No. 2 pencils with good erasers (no mechanical pencils or ink pens). Do not bring any other writing instruments; you will not be allowed to use them.

Watch or Other Timing Device

You may bring a watch, timer, or stopwatch to pace yourself during testing, but it may not have an alarm. Your watch or other timing device must be removed and placed on your desk while in the test room, so that it remains visible to staff during the test. If an alarm sounds, you'll be dismissed and your test will not be scored.

Calculator

Bring a permitted calculator to be used on the mathematics test only. You are not required to use a calculator at all, but if you do, it is your responsibility to know whether your calculator is permitted.

Snacks

You may bring a snack to eat outside the testing room during break.

Don't bring any of these; you can't access them:

- Textbooks, foreign language or other dictionaries, scratch paper, notes, or other aids
- · Highlighter pens, colored pens or pencils, or correction fluid/tape
- · Any electronic device, other than a permitted calculator and acceptable watch or timing device
- · Reading material
- · Tobacco in any form

Prohibited devices

The prohibited use of devices is in effect from the time you are admitted to your testing room until you are dismissed at the end of the test, including break times. Specifically:

- · You may not handle or access a cell phone or electronic device at any time in the testing room or during break times. This includes smart watches, fitness bands, and any other devices with recording, Wi-Fi, internet, or communication capabilities.
- · All devices, including cell phones and wearable devices, must be turned off and placed out of sight.
- · If you access your device or it activates or alarms in the testing room or during break times, you will be dismissed, your test will not be scored, and your phone or device may be taken away.

Acceptable Forms of ID

Current official photo ID

Must be an original, current (valid) ID issued by a city/state/federal government agency or your school

ID must be in hard plastic card format. Paper or electronic formats are NOT acceptable

You must use the name on your ID to register to test and the photo ID must be clearly recognizable as you.

ACT Student Identification Form with photo

You MUST present this ACT Student Identification Form (PDF) with photo if you do not have a current official photo ID as described above. This document must be fully completed by a school official or notary public; neither may be a relative

ACT WorkKeys Career Readiness Certificate

For students pursuing a Traditional Diploma with a Career and Technical Endorsement, they must earn silver level on ACT WorkKeys. WorkKeys is a system of assessments and curriculum that build and measure essential workplace skills that can affect your job performance and increase opportunities for career placement and advancement.

With ACT WorkKeys, you can earn your National Career Readiness Certificate (NCRC*), an assessment-based credential issued at four levels: Platinum, Gold, Silver, and Bronze. The NCRC measures and certifies the essential work skills needed for success in jobs across industries and occupations.

An NCRC is earned by achieving a Level Score of 3 or better on all three WorkKeys assessments:

- Applied Math
- Workplace Documents
- Graphic Literacy

They are also available in Spanish.

Make a plan that **Works** for you

College is a great investment. But, like all investments, choosing a college major or program that aligns with your career goals requires planning. Choosing the path for your career means finding a balance between your interests and skills, job opportunities, and earning potential.

We like to think of it like this:

<u>Choose carefully</u> when selecting a major since your program of study may impact your earnings more than your education level. On average, higher levels of education are associated with higher earnings—but that isn't always the case.

Careers in <u>demand</u>

In Mississippi, a great career is just around the corner. Opportunities in advanced manufacturing, energy, healthcare, and logistics are all in high-demand and offer good wages and potential for advancement—with or without a four-year degree.

Career growth

Consider this: When exploring careers, WHAT you want to do is only part of the story. Also, consider WHERE you want to do it. If you want to be an engineer but are passionate about the environment, consider being an engineer at a renewable energy company. If you are interested in a career in finance but want to work in the healthcare industry, consider working as an accountant for a doctor's office or hospital.

In addition to choosing your career path, explore employers that have opportunities available in your field. You might be surprised by what you find.

COLLEGE

CHIOOSE WISELY

Choosing and applying to colleges will be a year-long journey, but it doesn't have to be daunting. Use these questions to help you narrow down your search.

ASK YOURSELF SOME QUESTIONS.

Answering questions like these will help you focus your college search.

- What interests me?
- How do I spend my free time?
- What makes me feel passionate?
- How do I learn best?
- What do I think I want to do in the future?
- What type of degree am I seeking?

GET TO KNOW THE OPTIONS.

There are different types of colleges/universities. Do your research to determine the right fit for you.

- Public or private
- Community college or four-year institution
- Historically Black College or University (HBCU)
- All male or female student body
- Religious affiliation
- Military academy

WHERE DO I WANT TO LIVE?

- Urban, suburban, or rural
- Live at home and commute
- Move away from home and live on campus.

HOW LARGE IS THE STUDENT BODY?

- What is the average class size for freshmen classes?
- How many students live on campus?
- What percentage are from in-state vs out-ofstate?

"A warm smile is the universal language of kindness." William Arthur Ward

DECIDE WHAT MATTERS MOST TO YOU.

For some students, sports and activities are very important. Other students want a challenging academic environment. Some students want both.

- Are honors programs available?
- Are special services for students with learning and physical disabilities available?
- Does the school participate in an athletic conference?
- What student organizations and clubs are available?

Get2College is a free resource for seniors. It is funded by the Education Services Foundation and their mission is to help Mississippi students plan and pay for college. COLLEGE

College Research

Start Now and Don't Give Up!

Finding the right school isn't easy, and it's not something you decide overnight! Doing the necessary research is essential to making the right choice.

Identifying what's most important to you in a school is crucial. If you've identified your preferences and make the time to perform the necessary research, you're sure to find the right school for you.

COLLEGE REPRESENTATIVES' VISITS

Why is College Research Important?

College research ensures that the colleges you apply to are schools you'd actually like to attend. You'll spend at least four years at the college vou choose: vou want to ensure vou'll enjoy vourself!

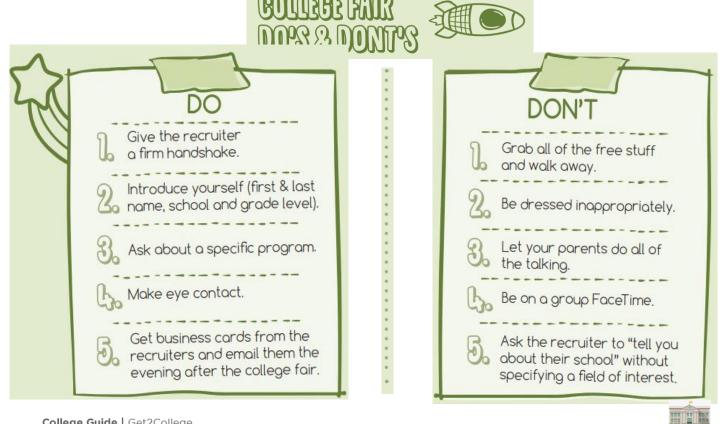

How do you do College Research?

College research can take many forms: for example, you can speak to college representatives that visit our school, attend college fairs, research school websites, and visit college campuses.

College representatives will be visiting our school throughout this school year. They are usually set up in the commons during all four lunches. This is a great time to get information about that school as well as give them your information so that they might contact you about their college or university.

COLLEGE FAIRS

College fairs are a great way to be exposed to different colleges. Attending a college fair will allow you to meet with representatives from different colleges and gather materials to give you information about each school. While attending these events, you want to leave behind a good impression on recruiters. Check out some helpful college fair etiquette tips on what you want to do and what you want to avoid doing!

Let the search begin!

You have a choice on where you go to college, and you want to find the college that is right for you. Each college presents a different experience, and no two colleges are the same, so that is why you must spend time researching all your options. Keep your preferences as a "checklist" while researching colleges. If you're researching a college that meets your criteria, it's a great fit! If you're still unsure, try to visit the college so you can see it and learn more in person. Sometimes a physical visit can help you determine if the school is a good fit for you.

SEARCH FOR COLLEGES

Do some research Use websites like bigfuture.com to help search for your college fit. Visit school websites, request brochures and catalogs, and talk to admission and financial aid staff.

- Check out great resource websites.
- Make campus visits.
- Look at colleges' Net Price Calculators to determine your cost of attending.

College Visits

Seniors are allowed two college visits per semester. This does not count against your absences if you provide documentation from your college visit. These forms are obtained from the college and must be returned to the attendance clerk in the main office. You are strongly encouraged to visit the colleges you are interested in. This would allow you to make an educated decision on what college you would like to attend. Also, the counseling department will usually take groups of seniors on several college visits during the school year. Because we are limited on the number of students, we may take on a campus tour, the following are the requirements that a student must meet to attend a campus tour with the

school. Requirements to attend.

- 1. Must currently be on track to complete the college prep curriculum.
- 2. Must meet ACT/GPA requirements for that college.
- 3. Must have a "C" or higher in all current classes.
- 4. Attendance/discipline will also be considered.

Campus Visits: Know Before You Go

You can only tell so much from college's websites and brochures, therefore it's a good idea to do these things:

- Review any materials the college has sent you. This will help you come up with questions specific to that college.
- Make a list of questions to ask both staff and students.
- Explore the map of the college campus and make a note of where the admission's office is so you'll know where you're going. This will help ensure that you're on time for your visit.

GET THE MOST OUT OF A CAMPUS VISIT IN 6 STEPS

DECIDE WHERE AND HOW

See if your school arranges group trips to colleges or if you could get a group of friends together and visit the campus. A family trip is another option and allows you to involve your family in the process.

2 PREPARE FOR YOUR VISIT

Before you set out, get a map of the college campus and pick out places of interest. Call the college's admission office to schedule a guided tour of the campus.

3 TAKE YOUR OWN TOUR

Just wandering around the campus on your own or with friends can be the best way to get a feel for what a college is like.

4 EXPLORE THE FACILITIES

Find the spots on campus where students gather or ask a student where the best place to eat is to get a feel for the character of the college. Visit the library and check out the gym or theater. Ask an admission officer if you can tour a dorm and a classroom.

5 MAKE CONNECTIONS

Talk to current students. Ask the students at the next table or sitting nearby what they like best about the college.

6 TAKE NOTES

During your visit, write down some notes about your experience. What did you see that excited you? Are there aspects of the college that you don't like? If so, what are they?

Campus Visit Checklist

Visiting a college campus helps you get a sense of what a college — and life at that college — is like. This can help you decide whether the college is right for you.

GATHER INFORMATION

Find out what you need to do to apply, and see if the college's class and major offerings are what you want:

- Take part in a group information session at the admission office.
- Interview with an admission officer.
- Pick up financial aid forms.
- Sit in on a class that interests you. If classes aren't in session, just see what the classrooms are like.
- Meet a professor who teaches a subject that interests you.
- Talk to students about what they think of their classes and professors.
- Get the names and business cards of the people you meet so you can contact them later if you have questions.

EXPLORE THE CAMPUS

Get a feel for student life, and see if this college is a place where you will do well:

- Take a campus tour.
- Talk to current students about the college and life on campus.
- Visit the dining hall, fitness center, library, career center, bookstore, and other campus facilities.
- Check out the freshman dorms,

if possible.

and stay overnight with a student,

- Talk to the coaches of sports that you may want to play.
- Walk or drive around the community surrounding the campus.

CHECK OUT CAMPUS MEDIA

Tune in to learn what's happening on campus and what's on students' minds:

- Listen to the college radio station.
- Read the student newspaper.
- services it offers.
- Scan bulletin boards to see what daily student life is like.
- Browse the school's website and any campus blogs.
- □ Go to the career center and learn what □ Read other student publications, such as department newsletters, alternative newspapers, and literary reviews.

Questions to Ask During Your Visit:

ASK TOUR GUIDES/STUDENTS

- What are the best reasons to go to this college?
- What's it like to go from high school to college?
- What do you do in your free time? On the weekends?
- What do you love about this college?
- What do you wish you could change about this college?
- Why did you choose this college?
- What is it like to live here?
- What does the college do to promote student involvement in campus groups, extracurricular activities, or volunteerism?

ASK PROFESSORS

- What are the best reasons to go to this college?
- Can a student be mentored by professors, graduate students, or upperclassmen?
- How are professors rated by the college? Does the college think mentoring and meetings for project guidance are important?
- How does the college help students have access to professors outside class? Do professors join students for lunch, help with community service groups, or guide student organizations?
- How many students do research or other kinds of projects for a semester or more?

ASK THE FINANCIAL AID OFFICE

- How much has your total college cost for each student risen in the past year?
- How much do your students usually end up owing when they graduate?
- What is the average income of graduates who had the same major that interests me?
- Will my costs go up when your tuition goes up, or can we use the same tuition rate I started with so I'll know the costs for four years?
- How many students usually graduate in the major that interests me? How long do these students usually take to get their degree? In what ways does the college help students graduate in four years?

Narrow Down Your List

You're now ready to narrow your list to the colleges you're sure you want to apply to.

The colleges you'll apply to should be places where you can see yourself thrive and should meet your preferences. Remember, this is where you'll spend the next four years of your life!

• Apply for college admission.

There's no specific number of colleges you need to apply to. However, most students typically apply to 7 to 12 colleges.

• Apply for scholarships at each college or university.

Apply to every scholarship you meet the required criteria. Your GPA, ACT, and SAT scores may also qualify you for scholarships that you don't have to repay.

• Complete the FAFSA, meeting the college's earliest priority deadline.

FAFSA and other financial aid programs can significantly cut your costs. However, remember that you will have to repay these loans after graduation.

• Complete the Mississippi Office of Financial Aid Application.

You may also be able to make college more affordable by studying in-state: some schools offer reduced rates for in-state students. MISSISSIPPI OFFICE

Tips for Juniors ~

Take challenging courses

The courses you take in high school show colleges your academic readiness. Sign up for advanced classes, honors sections, and AP or IB classes. Choose electives that stretch your mind and help you develop new abilities. Research academic coursework required by colleges and universities of interest. Earn the best grades you can. This is the last chance to bring your grades up for college applications.

Document your success

Summer jobs, extracurricular activities, academic programs, camps, and workshops demonstrate to colleges your leadership skills. Document these activities in a college resume along with any awards or recognition you receive.

Self exploration and essay writing ideas

You can complete college applications as early as the summer before your senior year. These applications often require essays, so now is the time to explore what sets you apart from other students. Also,

review your social media to make sure it represents you in a positive manner.

Prepare for standardized testing

Your ACT or SAT scores may be considered for admission into your desired college as well as awarding financial aid and scholarships. Prepare for standardized tests by taking prep classes your school offers or free summer workshops. ACT recommends students take the ACT at least once during their junior year.

College Admissions Information

Requirements for College Admission

If you want to go to one of Mississippi's eight public universities, you should meet the requirements for one of the tracks.

*Instead of ACT scores, students may submit equivalent SAT scores.

Students who do not meet the above criteria are still eligible for admission if they participate in a Summer Developmental Program (SDP). Students will enroll in one or more deficient subject areas (English, Reading, or Mathematics) based on ACT subscores and/or ACCUPLACER scores.

ACCUPLACER evaluates a student's skills in reading, writing, and math to help college administrators place them in courses that match their skills. They receive training in study skills and counseling to enhance their ability to succeed at the university.

Classes needed for college admissions (18 units)

The College Preparatory Curriculum (CPC)

ENGLISH

All must require substantial communication skills (i.e. reading, writing, listening, and speaking). Compensatory Reading and Writing may not be included.

MATHEMATICS

CPC-APPROVED MATH (1 unit) ALGEBRA I or equivalent

MATH HIGHER THAN ALGEBRA I (2 units)

SCIENCE BIOLOGY I

or equivalent SCIENCE HIGHER THAN BIOLOGY I (2 units)

SOCIAL STUDIES

Units must include integrated courses of social sciences and humanities promoting civic competence.

Note this change

As of 2023, only 3 social studies units are required.

ARTS

Includes any one Carnegie unit (or two ½ units) of visual and performing arts course(s) meeting the requirements for high school graduation.

UNIT

ADVANCED ELECTIVES Option 1: Foreign

Language I and II

Option 2: Foreign Language I & one Unit from Option 3

Option 3: (1) Any combination of advanced electives above the required Carnegie units as noted in the Office of Academic and Student Affairs CPC Manual and/or any Advanced Placement (AP), Academic or Career and Technical Dual Credit (DC). International Baccalaureate (IB), or Advanced International Certificate of Education(AICE) course. (2) Completion of any two-year Career and Technical course may count as one unit. Example: completion of both Health Sciences I & II will count as an advanced elective.

TECHNOLOGY OR COMPUTER SCIENCE COURSE

A technology course is defined as one that

emphasizes the use of technology as a productivity tool. Instruction should include utilizing various forms of technology to create, collaborate, organize, and publish information. The application of technology as a productivity tool, rather than specific hardware and/or software packages should be the focus of the course.

TAKING DUAL ENROLLMENT?

Dual enrollment courses are considered earned college credits. After graduation, make sure you request a transcript to be sent before attending summer orientation, so you don't duplicate credits on your class schedule. Your college GPA begins with any dual enrollment coursework, so it's important to take these classes seriously and study hard!

You may receive an invitation to join Phi Theta Kappa (PTK) International Honor Society because of your grades from your dual enrolled courses. This is a big accomplishment that can lead to scholarship opportunities when you enroll full-time in college.

You may receive an invitation to join Phi Theta Kappa (PTK) International Honor Society because of your grades from your dual enrolled courses. This is a big accomplishment that can lead to scholarship opportunities when you enroll full-time in college. Eligible students will receive an invitation once membership requirements are met, regardless if in high school or community college— typically a 3.5 GPA and 12 credit hours.

Scholarships are available to high-achieving community college students who plan to transfer to a four-year college or university. Ask your college recruiter about PTK scholarship options if you are a high school member. PTK members are eligible for transfer scholarships at Mississippi four-year colleges and universities.

*UMMC does not currently offer PTK scholarships.

College Scholarships and Grants

Scholarships

Begin research as early as your junior year. Many scholarships are not posted until the fall of your senior year but deadlines start popping up as early as December. Ask your high school counselor or career center manager for a list of scholarships.

Use the Get2College Scholarship search tool and browse other popular scholarship sites like:

- bigfuture.collegeboard.org
- fastweb.com
- unigo.com
- bold.org

Cost of Attendance is the total estimated cost of attending a college and includes tuition, fees, housing, meals, books, and other living expenses.

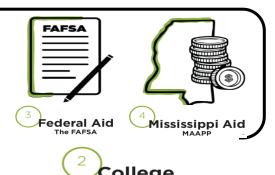

\$7,394 - \$9,358 annual tuition 2022-2023 Tuition and fees are subject to change

The FAFSA is the Free Application for Federal Student Aid and is required to receive any federal funds. Federal funds include Pell Grant and other need-based and non-need-based grants, work-study program, and student loans. The FAFSA may also be used for awarding some state aid, institutional aid, and even private scholarships. Apply at **studentaid.gov.**

If you have any special circumstances, contact the Financial Aid Office of the school you plan to attend.

Some schools may require the CSS Profile" in addition to the FAFSA.

²College Scholarships and Grants

Most scholarships come directly from individual colleges. These may be based on academic merit, leadership, community service, financial need, or talents such as athletics, art, or music. You must be accepted for admission in order to receive scholarships and financial aid. Most admission applications can be found online at each college's website. Make sure you meet all priority deadlines!

The Mississippi Office of Student Financial Aid offers grants based on merit and financial need to full-time students attending eligible Mississippi colleges and universities. To receive any state assistance, you must take and pass at least 15 hours each semester (Fall/Spring). If students meet the requirements for more than one grant, students will be awarded the state grant with the highest amount.

The application is available at **msfinancialaid.org** or you can link to the Mississippi application after completing the FAFSA and most of your info will be prefilled.

Reducing College Costs

Know Your Plan and Graduate On Time

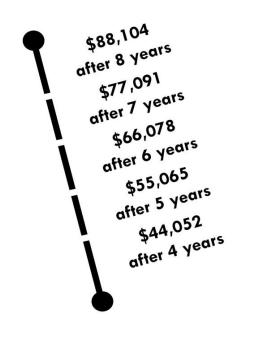

aduate in 4 Years nstead of 6 or 8! n. Books. Housing. Parking. year of college is expensive.

On average, depending on your major, if you take at least 15 credits each semester, you'll have an associate degree in 2 years or a bachelor's degree in 4 years.

An additional year of college can cost you more than \$50,000 in extra tuition, lost wages, and related costs. Taking longer to complete college not only means you'll pay more for your degree, but it also decreases your chances of graduating at all.

So, instead of letting the expenses of college drag on for years, follow your plan so you can be out in the world using your degree to get a better job and earn more money.

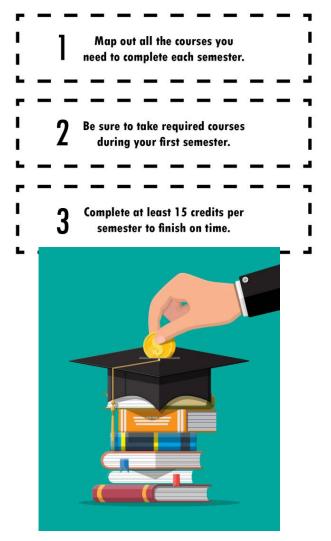

Finish in 4

Review Your Plan

Meet with your academic advisor each semester to make sure you're taking the required courses you need to earn your degree on time.

Keep the following in mind when meeting your advisor:

FAFSA and Mississippi Aid Application Tips

FSA ID

- Make sure to save your FAFSA username and password (FSA ID). Students and parents, you'll need this every year to submit the FAFSA. You can only have one username per Social Security Number.
- When creating your FSA ID, enter your information as it is on your Social Security Card. Confirm that everything is correct before proceeding. This is very important so that everything processes correctly!
- Have you forgotten your FSA ID? If you are unable to send a text, email, or answer challenge questions, it's time to call 1-800-4-FEDAID for help in resetting your information.

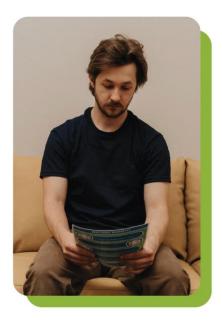

1-800-4-FEDAID

COMPLETING THE APPLICATION

- Know the information you will need to complete the FAFSA. Take time to gather these items beforehand. Find these documents on our website: get2college.org/fafsa-federal-aid
- If you get an error message while in the FAFSA, don't stress! Log out, clear your cache or try a different browser, and log back in. The FAFSA technology requires the browser history and cache to be cleared for a smooth submission process.
- If you are a dependent student, you must use parent's income information.

Which parent's information do I use on the FAFSA?

- If your biological parents are married (regardless of tax filing status), you will use both parents' information.
- If your parents are divorced or separated, the FAFSA instructs you to use the parent with whom you lived more during the past 12 months. Yes, stepparents are included on your FAFSA, so if your parent is remarried AS OF THE DAY you submit your FAFSA, you will use stepparent income and assets as well.

After submitting the FAFSA - Complete the MS Aid Application

When you submit your FAFSA, you will get a confirmation page. Don't close it! You will see a link to transfer your information to the MS Aid Application (MAAPP). Pay attention to your browser's popup blocker as it may block the application from opening.

If you provided your email address in the FAFSA, you will receive a confirmation email once you submit and a few days later, another confirmation email that the FAFSA is completed; this means the FAFSA information has been sent to the colleges.

After you submit your MAAPP, you will receive an email to create your log-in information for an online account. You will need this information to access the MAAPP online dashboard to access the status of your Mississippi Aid Application.

Tutorials for completing the FAFSA and MS Aid Applications can be found on our YouTube channel, or ask Cha-Ching, our 24/7 chatbot, any questions you have!

For the Free Application for Federal Student Aid (FAFSA) form go to: <u>https://studentaid.gov/fsa-id/sign-in/landing</u>

Completing the FAFSA

studentaid.gov

It is important to complete the Free Application for Federal Student Aid (FAFSA), the application used to help determine student eligibility for financial aid.

You can file as early as October 1 of your senior year. Make sure to file the FAFSA before your college's priority filing deadline to qualify for the most money.

FEDERAL AID THAT A STUDENT CAN RECEIVE BY COMPLETING THE FAFSA:

Pell Grant- Need-based grant for undergraduate students

Work-Study- Part-time job for students with financial need

FSEOG- Grant for undergraduate students with exceptional financial need at participating schools

THE FAFSA IS FREE!

If a website asks you to pay to fill it out, you're not dealing with the official FAFSA site, studentaid.gov.

The FAFSA asks for basic information about the student and parent and the family's financial situation. Depending on your circumstances, you might need the following information or documents as you fill out the FAFSA.

Parent(s) & student's:

- Legal names
- Social Security numbers
- Dates of birth
- Email addresses
- 2021 W-2 forms and other records of money earned
- 2021 Federal Income Tax Return (the 1040 form). If your parents or parent and step-parent file separately, have copies of both
- Mississippi ID or driver's
 license
- Alien Registration Number or Green Card (if applicable)

IMPORTANT NOTE

You'll need marriage date, divorce date, or separation date for the parent with whom vou live.

Do not use information from a grandparent, aunt, or anyone other than a parent unless you have been legally adopted (even if someone else claims you on the federal tax return).

FAFSA SUBMISSION

Make sure your parent knows the FAFSA isn't complete until they provide consent and submit their section of the application.

Financial Aid Data Sheet

Use this data sheet to record the required Federal Student Aid ID (FSA ID) and Mississippi Aid (MAAPP) login information. This login information will be used to log into the studentaid.gov and msfinancialaid.org websites throughout your college career. As you contact colleges, use this guide to identify the office that matches your needs.

Registrar's Office

Sometimes called the Business Office, it's at this office where you get information about your college courses and submit or retrieve your transcripts.

Financial Aid Office

Seek out this office if you have questions or concerns about your FAFSA, loans, and other financial aid.

Bursar's Office

It's at this office where you make a payment toward your tuition balance.

Online portal

You will have a college-specific online account. Use the portal to accept or decline your financial aid awards.

The summer before college

Make sure you meet housing deadlines and

pay deposits if required.

ORIENTATION

Orientation typically occurs during the summer months. During orientation, you will register for classes, meet with current students, have opportunities to discuss your potential major with an advisor, and tie up any loose ends before school begins. Make sure you pick the earliest orientation time so that you will have the most course options.

COURSE REGISTRATION

Get to know your college advisor who will help guide you through your course selection. Every student must fulfill general education requirements before graduating with a degree. As a freshman, if you have not declared a major, taking your general education classes will allow you to explore different fields of study.

BUYING BOOKS

Once you are signed up for classes, you can get a list of books for each class. Your on-campus bookstore is your simplest and fastest route for finding the books you need, but it also can be the most expensive. Some schools allow you to rent books. Buy and sell books wisely.

SUMMER BRIDGE PROGRAMS

These programs give students a chance to live on campus during the summer, allowing them to get familiar with the campus, their classes, and staff before the chaos of the fall semester begins. Be sure to ask your admission counselor about summer bridge programs at their college.

1881

REQUEST FINAL TRANSCRIPT Request a final transcript from your high school and if applicable from the

high school and, if applicable, from the college where you were dual-enrolled.

CHECK WITH HEALTH SERVICES

Make sure you know what you might need to get from your doctor before you move on campus.

Tips about Computer and Internet Usage

1. Create a Yahoo or Gmail email account with your name for all of your college correspondence. For example: <u>john.public@gmail.com</u>

2. If you do not have an email account, set up one now using the above information.

3. Check your email often because this is how colleges will communicate with you.

4. Be careful about Facebook, Twitter, and other social media outlets. You do not want those to paint you in a less desirable light to colleges. Keep your social posts professional.

5. Make sure your email username reflects you in a positive light.

Darent Tips

What can I do to help my senior? We all care about the students at Horn Lake High School. We want to see them do well after they leave high school behind. At HLHS, the teachers, counselors, and administration do all we can to make sure students reach their potential and achieve their post high school goals. The following are things that you as a parent can do as well to help your senior:

- Your student will need the information on your tax return to complete the FAFSA application. The FAFSA window opens December 2023 (see pages 67-69 for directions).
- Talk to your student about their college choices. Go with them on the college visits if possible. Help them set up a budget. Research scholarship opportunities with them.
- Help your senior keep up with all college applications and other important documents. Ask them what they need to complete college applications; follow up.
- Help your senior practice interview skills for colleges. Consider that your student might apply for work-study or other opportunities when he or she enrolls in which an interview would be required.
- Pay all fees well before the due dates to ensure your senior does not miss out on any of the senior and graduation activities.
- Enjoy the last year of your student's high school experience with them! This exciting and busy year is sure to fly by before you know it.
- Sign up for the Band App to get the same text reminders as your senior. Directions on how to sign up for the App is on page 49 in this book.
- Create an account in Parent Portal so you can see your student's grades.
