Enthusiastic and spirited students participated in homecoming activities . Dress days highlighted each day of the week with: Blue Crush, Safari, Classic TV, Final Frontier, and Color day. Competition was tightened with Float Construction and Lobby Decorations as the classes worked to win.

Homecoming Week was declared a success 95 townspeople and merchants gathered on a rainy, gloomy day to see the annual Homecoming Parade in an effort to support The Jets in the fight to win the game against Harriman. Student made floats were the highlight of the parade and despite the weather, the parade displayed color, excitement, and creativity.

A full crowd attended the game on October 11, 2002, and cheered with emotion for the successful Jet Football team. The score, 42-0, equalled the emotion invested by the crowd. The Jets played superbly and continued their winning streak to make a 7-0 record.

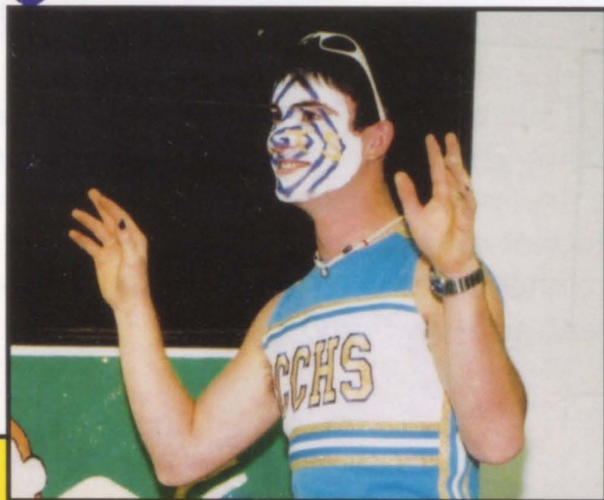

Thousands of people viewed the activities at the community complex fairgrounds. From face painting to pig petting to pageant watching, the fair was filled with tons of fun and events, with half-hour waits for all the new rides. Each year, the fair is bigger and better.

After school students dispersed into the world to work, to practice sports, to lounge on the couch at home, or to hang out in the blue lot of the high school. On Friday and Saturday nights , teens gathered at the hot spots of town including cruising down Main Street and gathering in the Food Lion parking lot.

Homecoming started with the dance at the state park on Saturday. Homecoming was finally here. Monday brought Surfer Day with everyone wearing beachwear. Tuesday was equally exciting because everyone dressed as their favorite crocodile hunter for Safari Day. On Wednesday, famous movie stars were spotted on Movie Celebrity Day. Thursday had the Men In Black on call and Obiwan Kenobi protecting the school for Space Day on Thursday. Friday ended the week with homecoming shirts and blue and gold everywhere. When time came for the pep rally, the band marched the halls proudly and picked up every class. The pep rally created excitement for the game, and everyone showed school spirit for the football team. Senior Shawn Savage stated, "Homecoming provides special atmosphere including the dress up days, pep rally, and the game. It really gets the students and team excited."

Relaxation and adventure provided an escape for teenagers from the hectic life at school. Instead of sitting at a desk all day, students experienced adventures in rock climbing, exhilaration in traveling around the globe, or satisfaction in working to save money for school.

While rock climbing in Colorado, Sophomore Lynndy Houston exclaimed, "It was an exhilarating experience although it was a little scary." Other students ventured to places far away, and some decided to stay with in the comforts of home. Senior Whitney Meads stated, "I spent my summer working, laughing, and going to New Orleans. This summer was probably one of the best. I also went to Florida."

3.

- 1.) **Senior Seth Chadwell** exclaims, "My friends threw me an awesome surprise birthday party! When I came in, I was so scared, I almost wet myself, but it was a lot of fun."

Unlimited

THIS IS NOW...

Ryan Rector, Joe Kalbarczyk, and Denis Gilpin all say, "Rock on!" to the Revised Dress Code. Senior Natalie Newton relaxes happily in her comfortable t-shirt.

Smiling, Senior Leah Neil says, "...It's nice not worrying about your shirt tail and keeping your mind on more important things."

Junior Anna Borning says, "I think the new dress code has made life easier. We are more focused on our school work..."

Senior Melissa Gaynor comments, "I like the new dress because I don't have to worry about shopping..."

Junior Trey Kerley exclaims, "What it is nephew! I'm glad cuz they ain't no dress code no more!"

Another change resulted in the dress code being changed two weeks into the new school year. For the first two weeks students returned to school in their usual fashion, collars and tucked shirts.

Detentions and ISS were issued if the rules of the "Dress Code" were not followed. The students felt "limited" in the way they were allowed to express their individuality.

But then it all changed...

The first day that the decision was made to change the dress code, the student body bombarded the school sporting their favorite t-shirts in an untucked fashion. "We felt that we could be ourselves and no one could conform us," says Jessica Seikes when asked about the first day of the Dress Code change.

There were some items that were not permitted, but the student body was still ecstatic about the changes that now gave NO LIMITS to the way students were able to express their individuality.

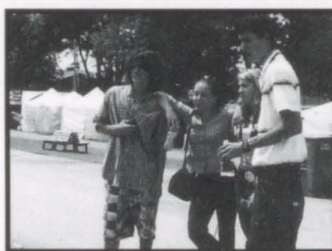

Fashion

THAT WAS THEN...

Senior Blake Allen says ,
" I do not really care that the dress code has been changed because it has never bothered me much. It's good for the underclassmen!"

Junior Ben Daugherty states, *"The dress code was over the top; they thought wearing tucked-in collars would make us look and act better."*

Senior Matt Cravens says, *"It is not as bad as people make it out to be, especially since it has been changed."*

Vice Principle Hollis Bolin says, *"I think it has caused a lot of confusion, and has not changed the two major issues of girls wearing shirts that show the midriff, and boys wearing big baggy pants."*

We have a revised dress code, but with limits. What else would you like changed?

- | | | |
|-----------|-----------------------|------------|
| A. | Cargo Pants | 20% |
| B. | Backless Shoes | 37% |
| C. | Overalls | 17% |
| D. | All | 26% |

Junior Victoria Cecil says,
"I tend to violate the dress code more often as I get older because I've learned to get around the rules!"

Senior Jeff Dixon says,
"The dress code change didn't effect me that much because I still wear most of the clothes I had before the change."

Junior Anna Boring states, *"I think the new dress code has made life easier."*

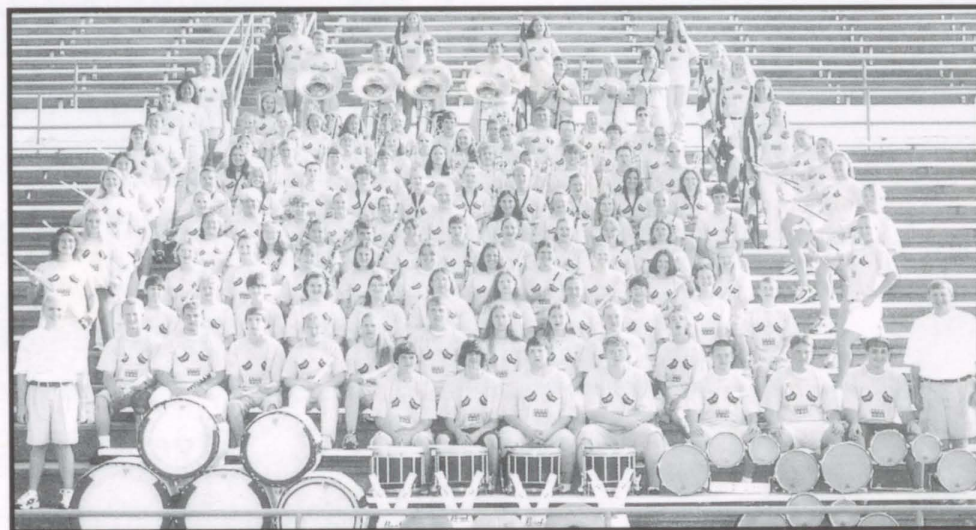

Senior Melissa Cole says, *"We should get to come to school without a collar and look nice!"*

The Jet Pride Marching Band, 132 strong, provided a spectacular show this year with music from the motion picture soundtrack "The Mummy". Under the direction of Mr. Steve Tinnel and Mr. Crisp, with five majorettes and many guard members, the band took the field at half time with a breath-taking twelve minutes.

The band went to many contests, like the Patriot Preview and swept them away with all superior scores and with a great positive attitude to kick off the season right. After attending the Patriot Preview, they held the Upper Cumberland Marching Festival at Jet Stadium, with approximately 20 bands all competing for on thing-superior scores. Then, they attended The Bradley Classic held at Bradley Central High School, while not taking home all superior scores, they brought back a more positive attitude because they finally realized that they were the best and no one could beat them. After more shows, the climax of the season was the state competition.

The Contest of Champions held at Middle Tennessee State University, showed everybody just how good they were. After finishing the season with the Crossville Jaycees Christmas Parade, and the Cookeville Parade and The Christmas Concert, the members were ready for a Christmas break. The Concert Band will be doing a unique concert in March. Using Power Point, a computer program, the Concert Band will present a "History of Music".

The seniors won the competitions among the four classes. Senior, Forest Legare stated, "Senior Power! The judges were seniors, so I wonder how we won?"

EXCEEDING EXPECTATIONS

NO LIMIT

NO LIMIT

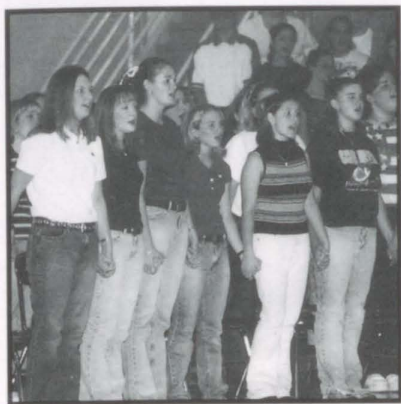

2003

EXCEEDING EXPECTATIONS

Three different languages could be taken: French, Spanish, and German. Students took their choice of foreign language not only because it was required, but also to broaden their knowledge of foreign cultures. The courses taught the basic skills of the languages and inspired students to become fluently bilingual. In that case, students took advanced classes in the language.

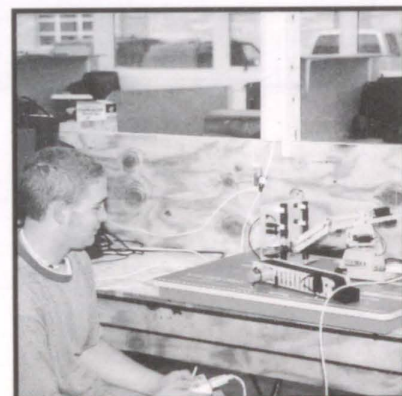

“Do, re, me, fa, so, la, te, do!” Approaching E-wing, one could hear the sounds of students vocalizing these notes as well as more difficult song pieces. Students blessed with a sound for music could involve themselves in the various vocal music classes or even the high school choir. Other music classes included band, strings, and guitar. The sounds of drums, guitars, and trumpets flowed from the open doors. With the variety of music classes offered, the student could find a class to fit his or her style.

Students possessing artistic skills could take a creative art class. Visual Arts 1 was the beginning art class which taught the basic skills for drawing, shading, and painting. If students found they enjoyed expressing their thoughts through the form of art, they could progress to the second and third levels of the art class. Creative works and masterpieces could be seen hanging on the walls outside of the art studio.

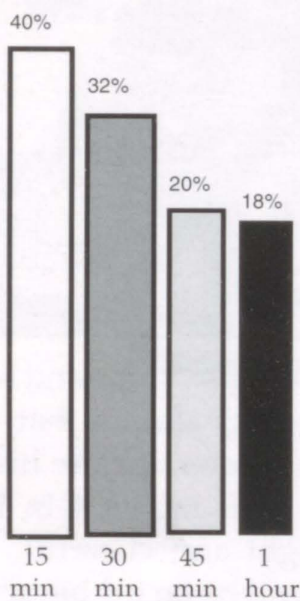

Lights! Camera! Action! While busily performing, singing, and working backstage, students enjoyed the Theatre Arts classes that were offered. Students learned about modern day theater, theatre history, and the theatre industry. There was never a dull moment in those classes, and the atmosphere was always light and cheerful. Who knows? Perhaps one of these young students will be on the big screen.

Leaving school to take a class at the Vocational School was one privilege that vocational students had. Many students took advantage of these classes because they specialized in different areas of vocation. These classes allowed students to get individual hands-on experience in the specific areas of work of their chosen career.

When asked about her favorite type of art, Junior, Keely Martin responds, "The pastel paintings, because they are fun and inspiring to me."

How long do you study for a test?

When asked if our school should have a theater, Senior, Melissa Cole says, "Of course I do! Theater helps teens develop so many important skills, and you have a lot of fun."

Using The Imagination

Visual

Art

Sophomore, Patrick O'Donnel says, "I draw pictures about my trip to Egypt and Africa."

Art was fascinating. Among all of the classes, students were working hard and learning skills that would help them exceed their hopes and goals. The students and teachers used their skills and abilities to make the classes an environment where learning was creative and fun.

When asked about her favorite aspect of art, Ms. Jane Armes commented, "Art to me is about being creative. Painting, drawing, and computer art are all different skills. No matter what, art is still about being creative. So, find your skill and choose how to use it." By using this advice, students went far and achieved much. The teachers taught the students, and both teachers and students had a really good time. Art was eventful and encouraging to all the students who participated.

Our students were encouraged to be themselves and do their own art the way they wanted. They had extremely unique ideas and were creative. The teachers were proud of the success of the students and wished the best for them. Student, Danielle Rogers stated, "It was a lot of fun and it helps you be more creative with things."

Pictured painting in Visual Arts 2, Senior, Casie Pelfery, states, "I am the best artist in the whole universe!"

Senior, Jennifer Knaebel, says, "People use art in almost any job. My creativity skills will help me in whatever I decide to do."

Abby Burgess

When asked if she felt that classes get harder over the years, Junior, Abby Burgess replies, "Yes, I feel you have to pay more attention because the work is harder."

When asked, what was his most difficult class as a Freshman, McShan replies, "Honors English 9 because ... Duh it's an honors class."

Micah McShan

Unraveling Ideas Using... Modern Language

Our students were definitely looking forward to learning to read, write, and think in foreign languages as well as to write critically in their native language, English.. The teachers enthusiastically showed students how to hone these skills. Students explored different languages such as Spanish, English, French, and German, which proved that there are "no limits" or limited expectations when it comes to learning.

Ms. Lourdes Dunaway, a Spanish teacher, responds, "Being able to speak different languages is like opening the doors to two different worlds. There were many doors opened and many new worlds explored throughout this year."

The students were extremely excited to learn new skills and to be able to speak more than just one language. They were happy because speaking more than one language was a gift in itself. The ability to speak fluently in languages other than English helped students determine the routes they will take in the future.

Sophomore, Jennifer Gibson was asked about her enjoyment of Spanish class and comments, "Spanish is so much fun! We always have a blast and we learn a lot, as well. I like it because it is different and I enjoy exploring new things."

Which language interests you the most?

Spanish 62%

French 20%

German 18%

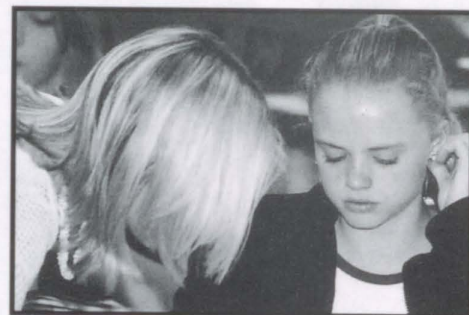

Pictured left, Junior, Alisha France comments, "The Spanish holiday, Day of the Dead, should be recognized in America, because it's a great way to remember the dead."

Freshman, Vanessa Poore states, "Being the character allowed me to be part of the Holocaust. I had a chance to partly live it."

Challenging Our Minds With ...

Problem Solving

Freshman Casha Foster comments
"Math class was exciting. I learned many new things."

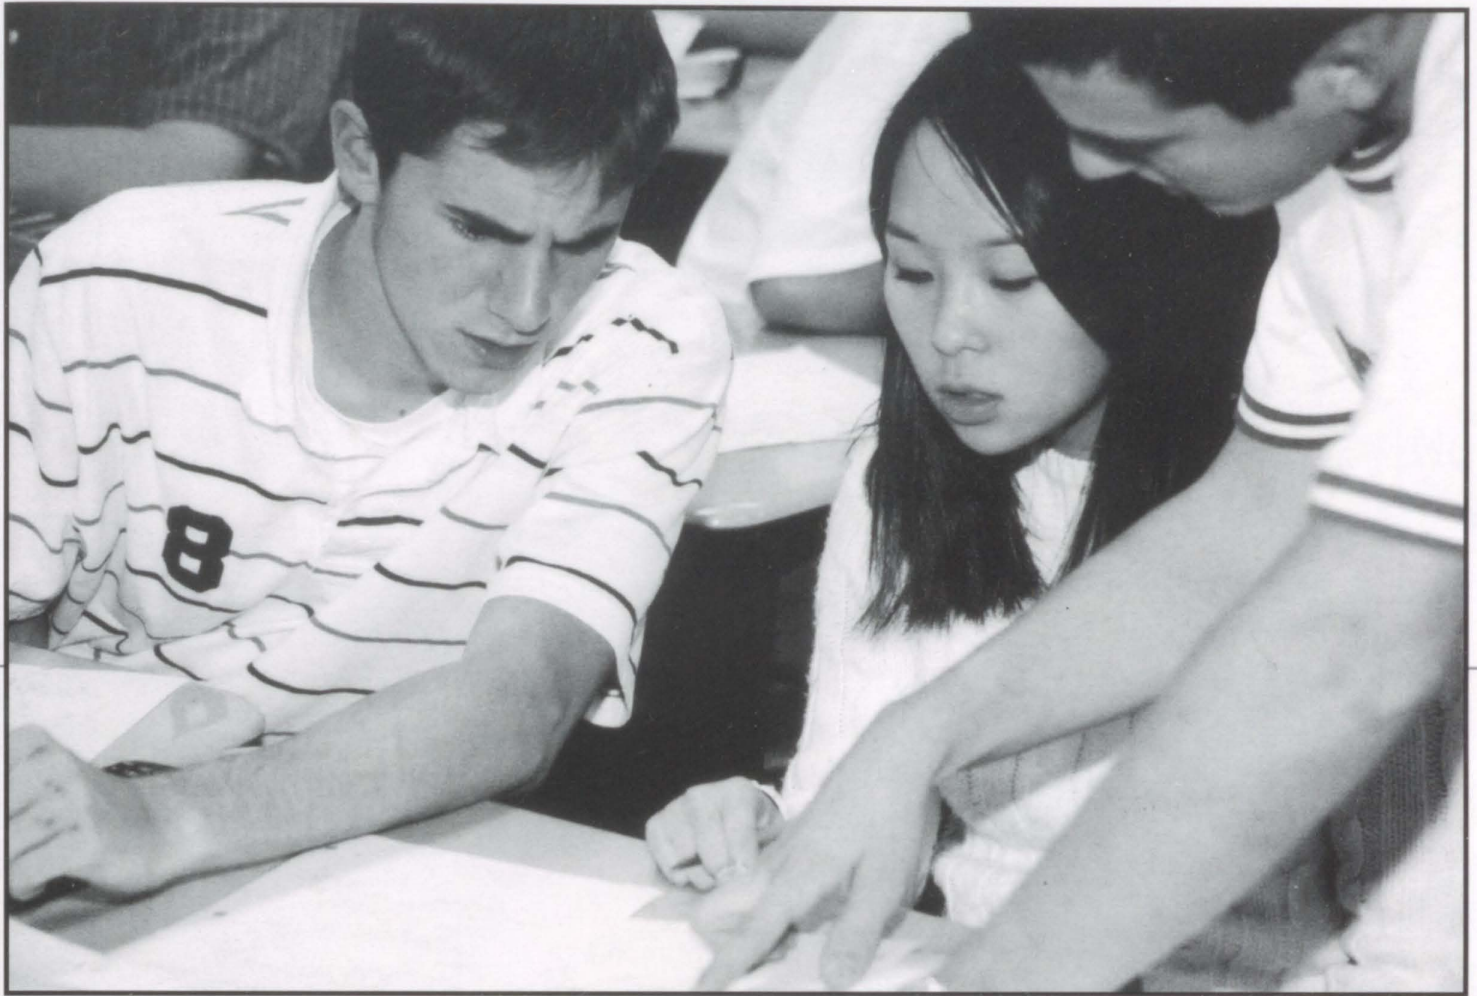

Students were working hard and doing an excellent job while learning math skills such as: graphing, parabolas, radicals, integrals, and antiderivatives. Students realized how helpful and fun math could be, but others were surprised when their teachers proved that math was practical but fun.

Mr. Jon Hall, Math teacher, responded, "Math classes help to develop a person's ability to think in a logical manner. If you can think, you can solve any problem whether it involves numbers or not."

Students worked hard and were proud when they captured their goals. Senior, Lindsay Bice, stated, "It's easy to reach goals when you work hard and have the determination and heart to reach those desired goals."

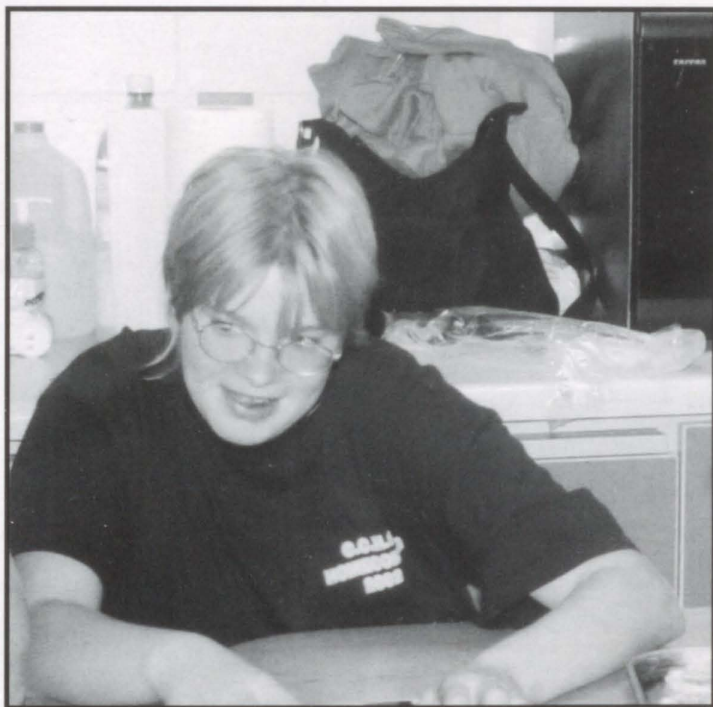

When asked if she thought Trigonometry would help her in the future, Junior, Anna York says, "Well, not if I marry a rich prince charming!"

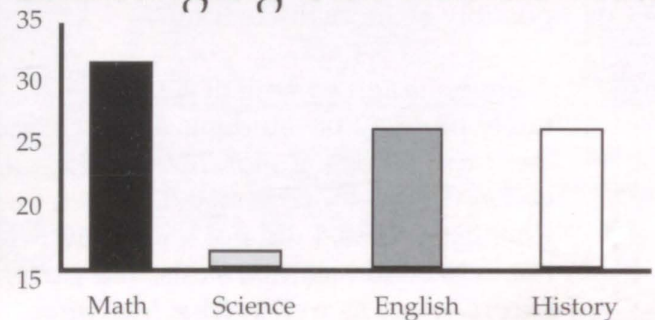

Senior, Choi Yap, says " I had to show those dumb American boys how to do Calculus with my SUPER INTELLIGENT ASIAN POWERS!"

When asked about her favorite part of class, Senior Tabitha Corson, says " The teacher, Ms. Andrews, and being with all my friends."

Challenging Our Minds With...

Unveiling The Universe That Surrounds Us

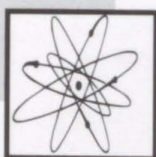

Investigating Science

Senior Samantha Stafford states, "I love animals so dissecting the rat wasn't my thing."

Senior Brandon Tollett says, "My favorite thing about science class is being around all my friends."

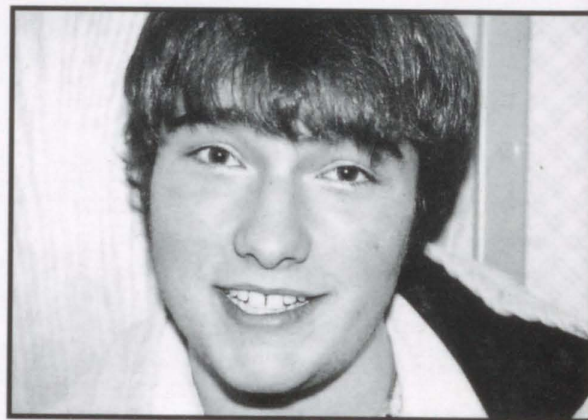

Science was a blast. Students learned how to interact with the hands-on labs and out-of-class activities. Sophomore, Emily Dodson, commenting on her science class experience, stated, "My favorite activity in Chemistry was when we used the Bunsen Burners to make yummy smores." The students also learned more about safety and different skills that they could use in the future. Junior, Ashley Gilliam stated, "Chemistry was a challenge, but the new skills I learned will help me through college."

The classes were tough, but our students didn't hold back. They worked hard and established objectives. The classes worked as teams and overcame numerous tasks that were presented to them. Ms. Jill Lay stated, "In a Science class you are learning how life and things in the world operate. What could possibly be more fascinating?"

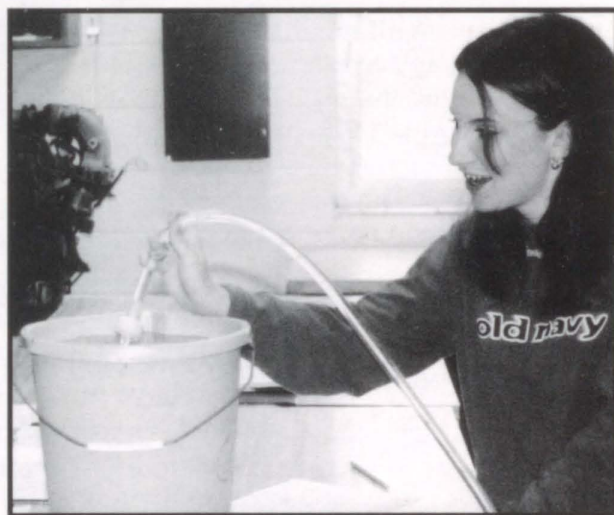

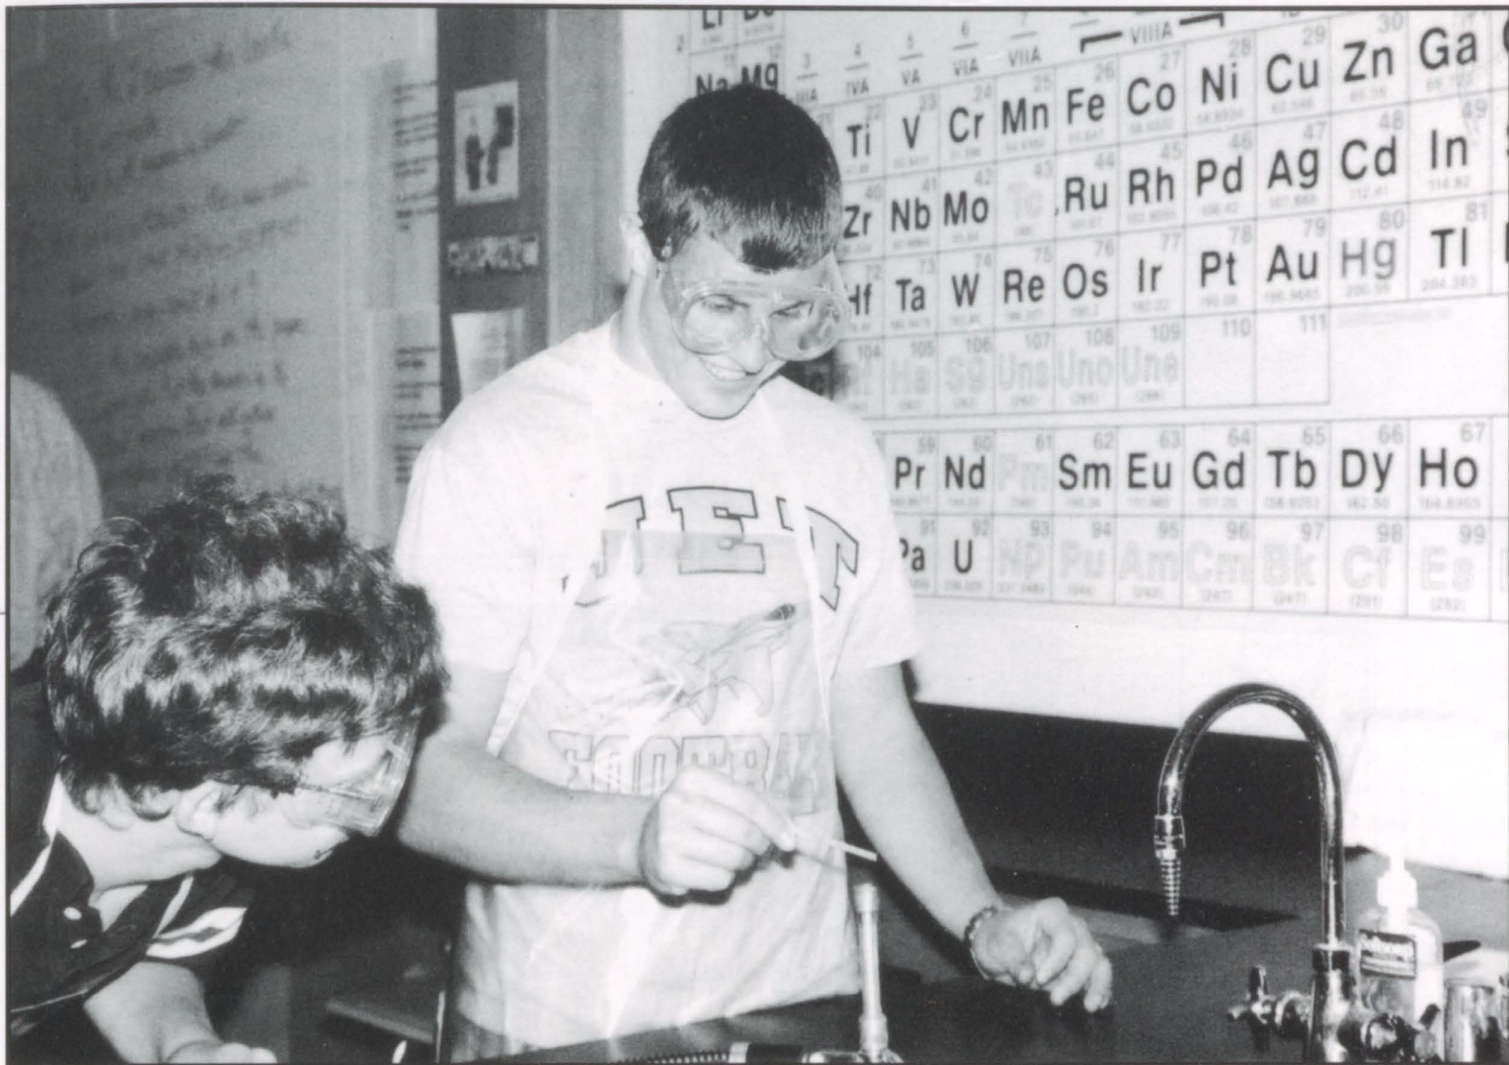

Students agreed with that assessment. The year definitely proved that students always surpass our teachers' expectations. Junior, Mariah Bowen, commenting on her Chemistry class stated, "When I walked into my Chemistry class, I did not know how well I would do, but in the end I learned skills, and performed labs that surprised me as well as Mrs. McDuffee."

Which subject do you believe will prepare you for the future?

Math	30%
Science	31%
Language	20%
History	19%

Junior, John Wilbanks says, "Ms. Shaffer's Ecology class is the best because you have so much fun while you are learning and the dissections are great."

Junior, Mark Barnwell states, "Watching the sticks that had been soaked in different chemicals and change color when you put them into the flame was incredible."

Junior, Genine Durso remarks, "It was pretty gross dissecting the owl pellets in class."

Freshman, Kayla Masiongale, pictured above, states, "Hands-on labs are very positive ways of learning, and they are fun."

Exploring The Past And Present In..

History Geography

History was entertaining as well as educational. The students learned how to bring the past to life and almost experience it for themselves. When asked how he felt about history, Mr. Jimmy Inman said, "In order to know where you are going, you have to know where you have already been." This inspired many students to enjoy the journey back into time.

The students strived to meet their goals in learning about their own family past so they could help their futures. History was found to be a wonderful way to learn and also have fun. The students and teachers worked hard to bring the past to life. Junior, Christy Stone, stated, "In history class I learned so much about our culture and past. I never realized how important history really was until now."

Government

Junior, Eric Shaver II, says, "It is awesome learning about how our culture developed and became more advanced. Mr. Davis is wicked awesome!"

Mr. J.C. Davis comments on History and the pain of teaching it. He says, "Yes, sometimes it does hurt to teach!"

Junior Alejandra Tolliver states, "Hands-on activities help you learn better in class because it makes learning more interesting and fun!"

Senior, Justin Rogers replies, "I think when a teacher like Mr. J.C. Davis gets the students involved in class, instead of just reading out of a book, helps the History student to better understand the class."

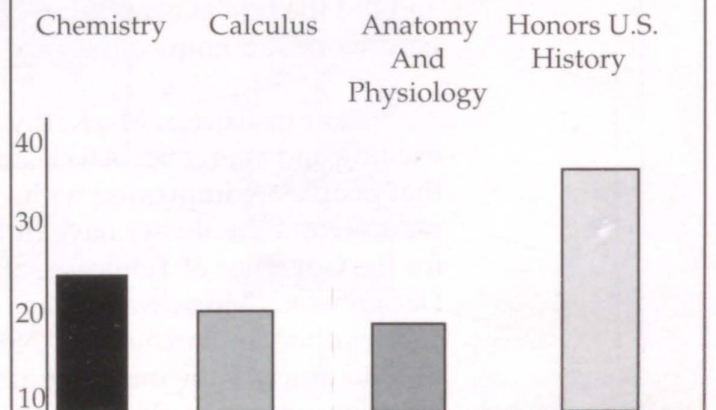

Junior, Jesse Johnson says, "I enjoy Mr. Davis's class. It really gives you a chance to get in touch with the fashions of yesterday."

Junior, Anna Boring states, "History class has been a blast. I have learned so much in Mr. Davis' class: How to shoot cannons and grenades, load a gun...Ohh! And so much history stuff!"

What class do you fear taking most?

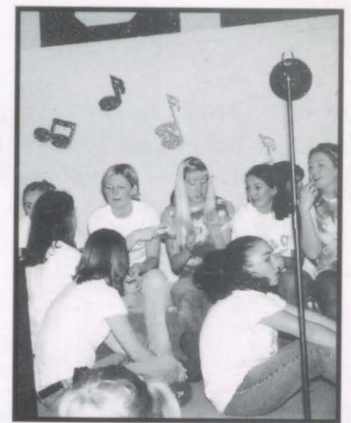

When asked if she felt her dedication and hard work in band had paid off, Senior, Lesley McNeal responds, "Yes, because it makes you take care of responsibilities."

After the show, Ms. Price, asked if she thought the production of "Rock On" was a success, comments, "It was incredible. The students worked so hard and were very impressive."

Senior, Marley Wyatt, states, "Choir is a blast! It helps you to prepare for your future job opportunities."

When asked how she felt about the turn out of the "Rock On" performance, Sophomore, Brittany Kennedy replies, "It was a huge success!"

Performing Vocal Music

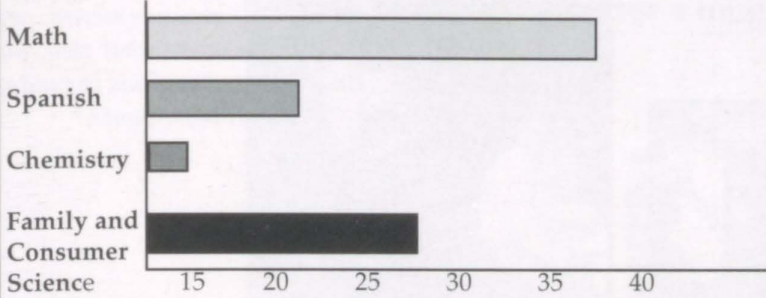

Junior, Larry Brown replies, "Playing guitar in school was awesome and lots of fun."

Band, choir, and orchestra excelled with spirit, dedication, and practice. The members showed spirit in competition. The students worked together and did the best at everything they attempted. They dedicated themselves to hard work and hours of practice.

Choir instructor, Ms. Kathy Price states, "Vocal music classes are very exciting and energetic. All classes work together to reach a performance level that people are impressed with. There are many types of musical performances, and we always have fun." The orchestra received a request to play for the Governor of Tennessee at the Governor's Mansion in Nashville on December 6. Music was a way for the students to express themselves in choir, guitar, and orchestra. "No limits" was definitely a term that could be used to describe the music student's creativity.

If you could teach any class for a day, what would you teach?

Senior, Nicole McClenny comments, "Being in Colorguard gave me great ability, patience, and it also taught me the importance and rewards in working hard to achieve my goals."

Junior, Jared Houston says, "I feel playing this part helped me to decide whether or not to be a D.J."

The orchestra played for Governor Sundquist in the Governor's Mansion at his request. Junior, Emma Paquette says, "Playing for the Governor was an excellent experience and one that I will never forget."

Guitar

Orchestra

Sophomore, Heath Nichols states, "Steven and I both agree that plastic is the best invention... ever!"

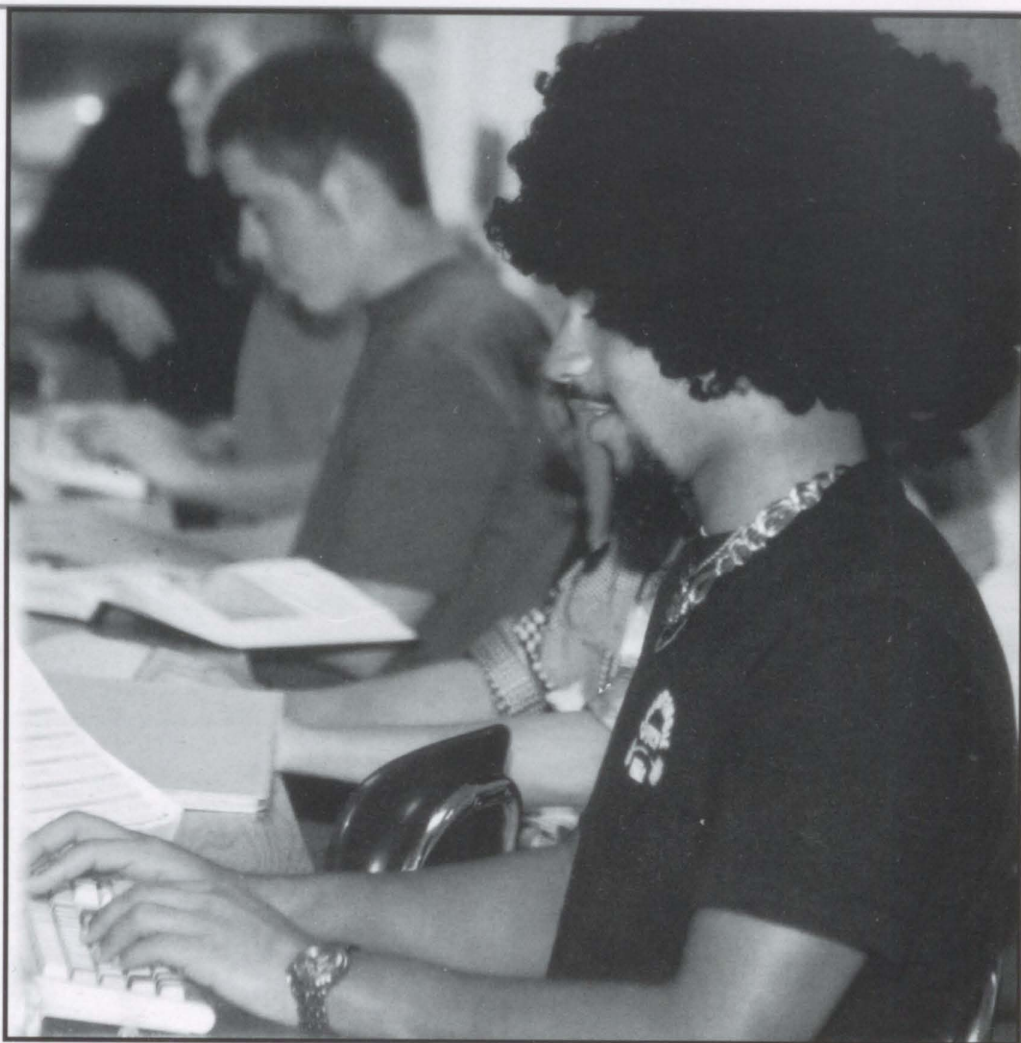

Senior, Roy Stone states, "The announcements went great that day, but I was afraid I would split those pants."

Sophomore, Megan Whitaker says, "Family and Consumer Science helps you to get ready for what is ahead and helps you make decisions in life."

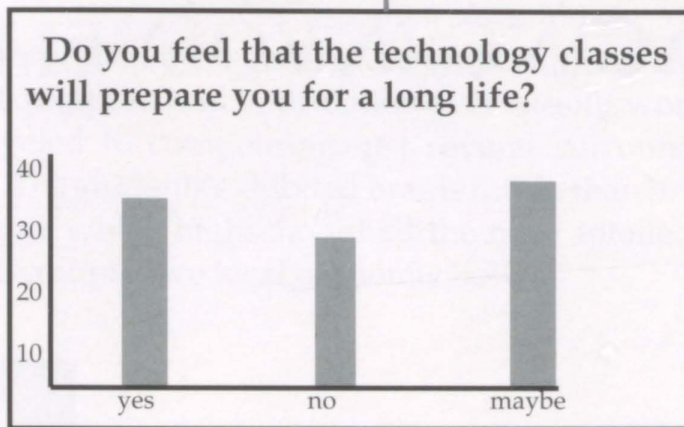

Senior, Jake Gantner, commenting on Inovations and Inventions, says, "It is a cool class to take if you like to work with your hands."

Sophomore, Kelli Harrelson states, "The best part about cooking in class is that you get to eat when you are finished and it is alot of fun."

Freshman, John Bostaph comments, "Yes, keyboarding will help me do reports faster and neater and will improve my computer skills."

Understanding ...

Technology

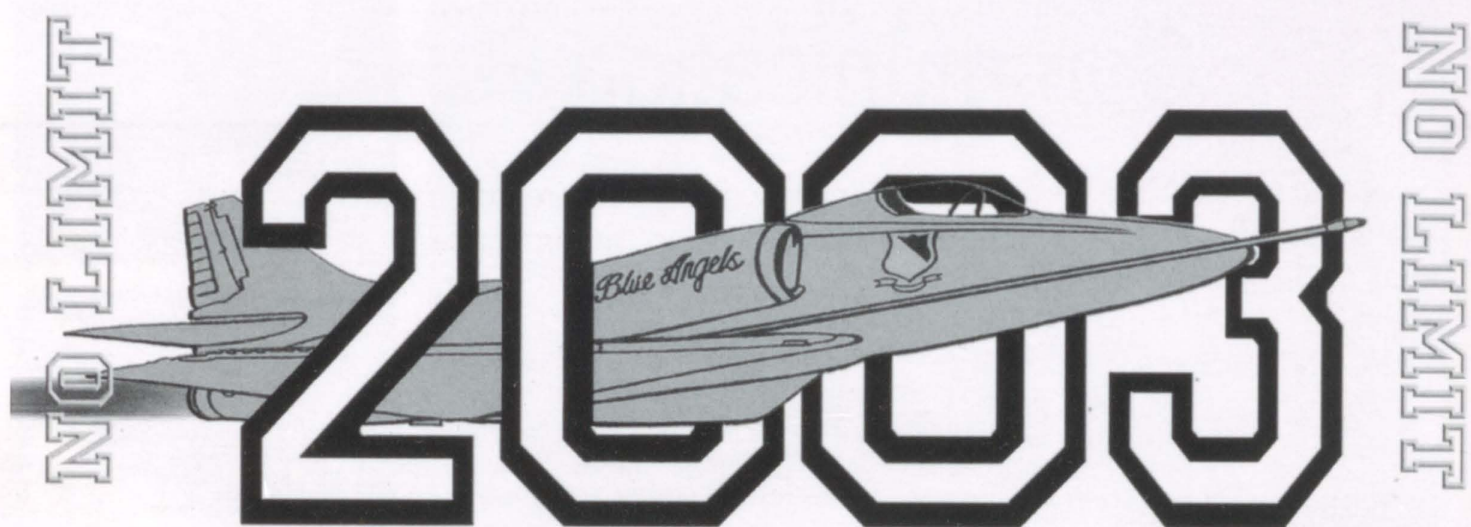

Communication

Technology was a positive way for students to learn about the real world. They had the opportunity to participate in hands-on activities and to get a better understanding of other areas besides regular, everyday subjects. Ms. Brenda McDonald commented, "What a wonderful class to take. All classes use computers everyday to complete assignments and homework. A variety of practices and software are used in each class, plus the atmosphere is very good and pleasant."

Technology was very helpful, and many students were able to reach their goals and learn valuable things for the future. The pupils applied themselves and experienced facing obstacles they would meet after completing high school.

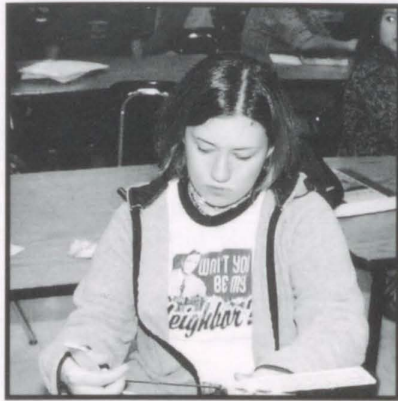

EMBRACING INVOLVEMENT

EMBRACING INVOLVEMENT

The Academic Team proved to be quite successful. Students in this organization studied questions and information over various worldly topics and then traveled to compete against several surrounding county highschooIs. The students exhibited brains rather than brawn in the struggle to show which highschool had the most intellectual students through the competitive local academic bowls.

The Writer's Guild was a club students could join if they wished to practice writing skills or just share their written pieces with others. Many creative students found they enjoyed writing and loved having a club where written expression was valued. Some of the members were aspiring to a career in journalism or to publishing a book!

Some twenty-five students were included in school-related decisions pertaining to the student body as well as planning pep rallies and dances. The Student Council played a large role in what happened in and around the school and did a great job of keeping the students informed.

The Pep Club was one of largest clubs at school and reflected great success. Hundreds of spirited students piled into buses and cars to go support the Jets during an away game. They led cheers, chants, and dances to pump the student body wherever they went and always pushed the Jets into the mood to win. Having such a supportive crowd was bound to boost the morale of a fighting team.

Future Farmers of America was another club students could join. Students wishing to learn agricultural skills could join this club. Some students were interested in the various topics this club included while others studied to take over the family business. No matter what the reason, club members always had fun learning about agribusiness.

“Show Me The Money!”

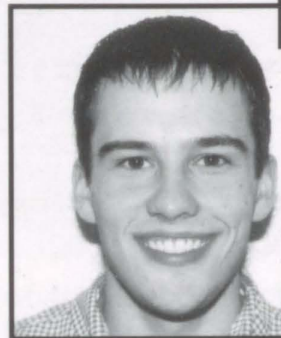

DECA was an organization for marketing students. It offered opportunities to students who were interested in marketing and advertising. The competitions included written papers and series events. Series events had people assume a roll where they were presented with a problem that they had to solve. DECA was not only about competing but about having fun as well. DECA was an organization that allowed students to experience “real life” situations. Erika Mullinax exclaims, “One gets an awesome experience by being a part of DECA.”

President

Q: What are the responsibilities you hold as President?

A: "Being president of the entire student body is great. I certainly try to keep things in order in council whenever it gets a little crazy, but everyone works together great. I'll never forget it."

Candace Fox
Vice President

A: "My main responsibility is trying to keep Ryan in line, which is a hard enough chore in itself."

Emilee Warner
Secretary

Q: Are the duties of secretary more strenuous than expected?

Q: What did you enjoy most about Student Council?

A: "Student Council takes a lot of time, but it is also buckets of fun. I enjoyed helping the teachers make football homecoming a huge success."

Student Council

Ryan Dickenson, Candace Fox, Emilee Warner, Dale Ernst, Marley Wyatt, Leah Neil, Alex Reed, Jon Papaik, Slade Hurd, Rachel Donnelly, Whitney Ivey, Melissa O'Neal, Alex Douglas, Destiny Smith, Chris Price, John Sweeney, Sarah Bilbrey, Megan Price, Jana Robbins, Bethany Perrigan, Whitney Isaacson, Steven Hall, Kelsey Wilson, and Brigette Edmonds

What did Student Council do anyway? The question was posed when students did not see the Student Council members wearing their navy shirts at pep rallies and other school activities. They participated in service projects to help others. The toy drive helped the local Bread of Life Mission Shelter. Student Council also provided a Christmas meal for a needy family in town and helped improve and set the standards for class officers.

Even though they weren't in charge of homecoming, Student Council still did their part by helping. Not being in charge of everything wasn't all bad though. It was nice not having to worry about everything and knowing that committees were in charge of accomplishing the objectives.

So what did Student Council members think of the change? Senior Leah Neil said, "I have to admit I miss some of the old things we used to do. But even though those fun things are gone, I still know that we do a lot of good things to help many people, which, in all reality, is what Student Council is about."

SURPASSING THE OBSTACLES

Our physically fit cross country runners blew everyone away. At each meet, they ran a gruesome three miles. The home track was a trail in the Tansi Community, but they also ran on various tracks in the area against the other highschool cross country teams. Each team member had extremely high endurance, and they made the school very proud with their running accomplishments.

Strike! The school found a new sport to include in the physical education curriculum: bowling. We had a team of skilled bowling students representing the school in area competitions against other high school bowling teams. It was a great sport to join!

Serving, passing, setting, and spiking were a few of the skills needed to play the game of volleyball. Others were maneuvering, jumping, blocking while maintaining great mental concentration. Our girls flaunted their skills. It was time to congratulate the Jet volleyball team of 2003. The Lady Jet Spikers won the District Championship for the first time in the history of the school.

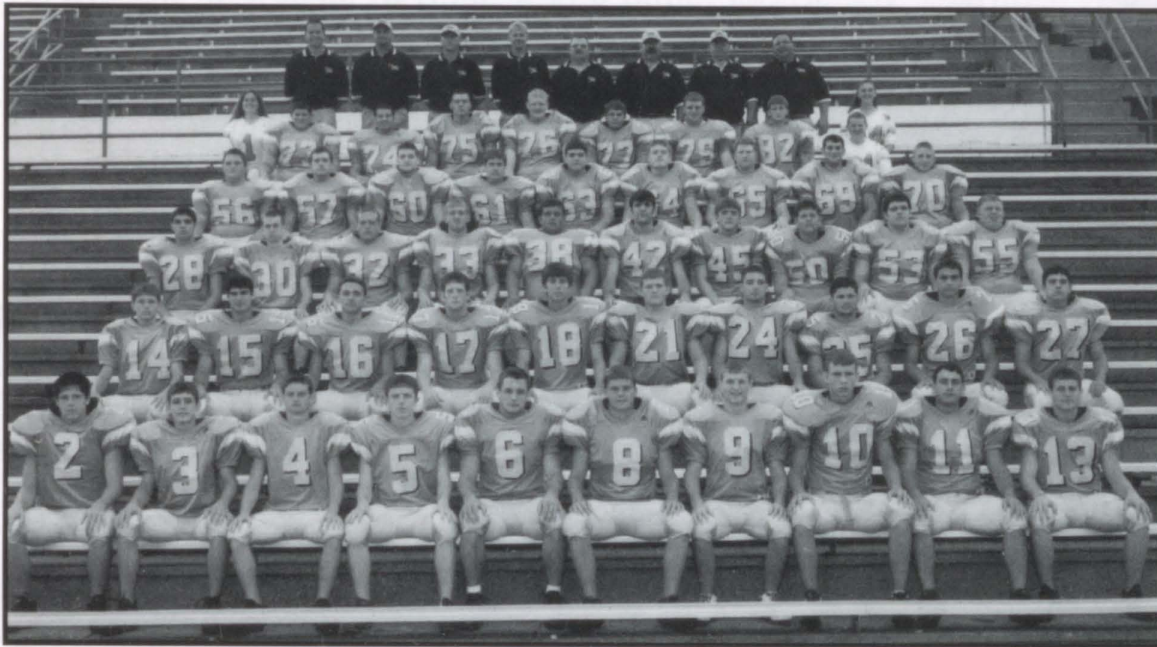

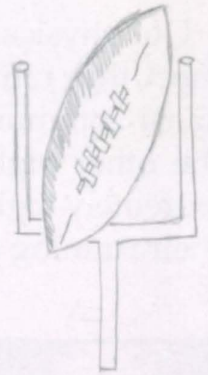

Par-tee! Many rounds of golf were played by the high school golf team, and our fellow golfers were rather talented. Winning a number of tournaments and winning the district, the regional, and the state categories, they supplied a reason for pride at the high school. Go Jets!

The high school Dance Team was a great success this year. The Jet Dancers performed at football and basketball games to dance and pump up the home crowd. Approximately fifteen girls showed their dancing moves as they provided excitement and entertainment during the game half-time shows.

PLAYOFF

Oakland	6	21
---------	---	----

From the weight room to the field, the team played hard this football season. The team started its season in January with an intense workout program. Topping off the summer conditioning was a strenuous week in a Military base located at Ringold, GA. The team trained from dawn to dusk. Ending a hard yet exciting week with a scrimmage against East Ridge, the team felt good.

Starting the season with a domination over Livingston Academy gave impetus to the team. Soaring high the team displayed a 49 to 12 victory. The team's first test came from Knox Webb. Being down at halftime only lighted the fire because the team won with a 24 to 21 victory. Jet pride was evident as tears of joy fogged everyone's vision.

The team experienced another test 5 games later when the biggest rival, the Cookeville Cavaliers, came to town. Faltering, the team blemished its almost perfect record with a 7 to 19 loss. The next loss would be received the next Friday. The loss was received with ill tidings when a freakish kicker from McMinn won the game with a 54 yard field goal to make the scoreboard 28 to 30. The season ended with the team scoring a huge win over Lincoln Co. with a close score of 31 to 27. The playoffs were a big disappointment when the team lost to Oakland 6 to 21.

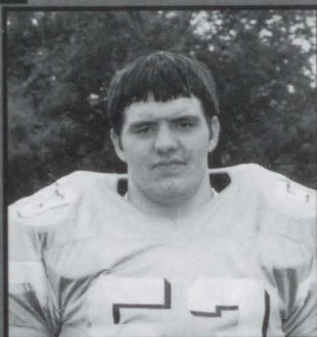

Commenting on his favorite game, Senior Sean Mullikin says, "My favorite game this season was the Homecoming game because we had a great crowd and a great time."

The hardest part of football, says Captain Billy Krause, "...is trying to keep everyone in line when I don't even stay in line."

Senior David Cates remembers Football camp free time by stating, "We sleep and have pillow fights and look forward to our next exciting practice in the hot sun."

Right Guard Senior Gabe West shares his experience being a fullback by saying, "I had a lot of fun being in the backfield and it was a dream come true."

As he and the Marshmallow Men were preparing to attack Lincoln County, Senior Quarterback Scot Winningham says, "As I was gazing across the line of scrimmage, I began to wonder how bad Jake Houston was gonna kill that line backer."

Senior Jake Houston comments on football camp in Ringgold, Georgia saying, "The 110 degrees heat index was definitely the best part. Well, really just being able to hang out with everyone and watching Bill throw shampoo on Gabe."

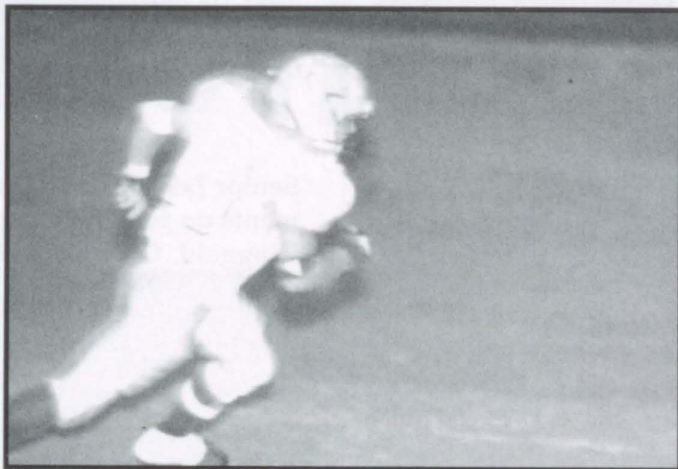

Bursting through the Harriman Blue Devils, Issac "O-Train" Ostrander states his motivation says, "I believe that you can talk as much as you like before the game and hype it up but it is how you perform on the field and I just try to prove myself every night."

Asking Sophomore Heath Blaylock about his thoughts while running the ball against Cookville, he bluntly says, "I am thinking how bad I hate them and what we can do to win."

Senior Joshua Adam Baird, commenting on his senior year of football, says, "Of all the years of football that I have been through, my senior year was the best. Everything that I have learned over the years finally fell together when it actually counted, and we ended with an incredible 8-2 season."

PASSING

While waiting his turn during pregame warmups sophomore, Taylor Atchley says, "I like playing JV because I can correct my mistakes so when I get into varsity games I won't mess up and embarrass myself."

SCORING

Sophomore DL King says, "JV has helped to prepare me for the varsity team. I have made mistakes in JV games that I will learn from and fix in Varsity games."

Sophomore Shannon Wood says, "Playing JV set the pace that I needed to have for the varsity level."

When asked to describe the JV season, sophomore Greg Dannels says, "We didn't look very good at first but after running scout teams against the varsity in practice, we learned to step up and play."

The Jets Junior Varsity team did what they do every year. They obtained the experience they needed for the next level. They didn't start on a very good note, but the team kept fighting. Four games were played during the season. While one team cancelled, the JV team finished with a record of 2-1. JV games were not about winning or losing, but about getting better and learning what to do in real game situations. Coach Marty Davis commented, "They improved vastly throughout the season. In the first game, they lost 8-7, then turned around at the end of the season by beating the same team 27-7. These kids worked hard to get better."

TEARIN' UP THE FIELD

This season, for the Lady Jets, would be one to remember. Most people would say that a successful season would be one in which you have more wins than losses, and a district or state championship. However, this was not the case for The Lady Jets. Their first win over White County would be a memorable one. Their teammate, Natalie Dawkins, had been involved in a wreck. Shortly after the win, The Lady Jets learned that Natalie had passed. Overcoming this obstacle would be difficult for the team. Along with other obstacles this young, inexperienced team would beat Cleveland, tie Bradley, and place second in the district. These young ladies were young, but they would prove, in their own way, to be one of the toughest teams to represent their school. Coach Kemmer remarks, "I have never been more proud of a team. These girls dealt with a true tragedy and were able to lay with class and poise."

Both Coach Mike Buck and the seniors started their high school career here four years ago. They have grown together and worked hard to accomplish all they have done. Coach Mike Buck stated, "I am proud of these young men. They understand that you have to prepare to achieve success. We have good chemistry and are capable of beating anyone. We have lofty goals and expectations."

This season has been a season of rebuilding and hardships. Head Coach Amy Breazeale stated, "This is without a doubt the best group I have ever had, when it comes to work and discipline ethics." Lots of respect go to the two remaining seniors for sticking out a rough season when they knew it would be a rebuilding year. Coach Breazeale also said, " We have played most of our season without Lauren Elmore, which we feel like would have made quite a difference." Eventhough the girls had a disappointing record, the girls are still second in our district, and still deserve a lot of praise and respect.

What do you try to instill in the girls during the time-outs? Coach Breazeale replies, "I try to instill an overall calmness and a winning attitude."

Last year's Junior Varsity team consisted of mostly Freshmen. This allowed the underclassmen to gain the essential experience they need before playing at a more intense level of Varsity Basketball. Junior Varsity aided the players in making the transition from slower paced elementary sports to the highly competitive world of Varsity competition. The three sophomore girls of the Junior Varsity team showed tremendous leadership last year by taking the incoming freshmen under their wings and helping them develop a better understanding of the game itself," stated Junior Varsity Coach, Jason Atkinson.

UNIFYING DIFFERENCES

UNIFYING DIFFERENCES

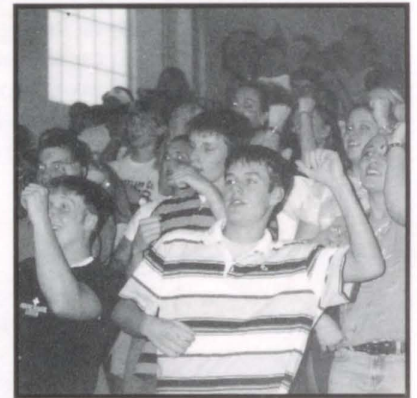

Finally! At last! Wahoo! These phrases were constantly heard coming from the mouths of the graduating class of 2003. After four years of hard work, late study nights, and countless papers, they had finally made it. They obtained their diplomas in the spring and left to enter the world. Everyone wished them the best for their futures and careers.

They took the tests, toured the colleges, and passed the exams. The year of preparing for the future and making memories was finished. Now, with only one year of high school left, they worked diligently to meet the goals that would determine the outcomes of their lives.

No longer the smallest fish on campus, the sophomore class made themselves at home. This was their last year as lower classmen, and as they looked forward to the future, they continued to learn along the way. They began the preparation process, looked at their options for the future, and made plans for the directions that they had chosen.

It seemed as if they had just arrived. Well, they had. The freshman class would be the class of 2006. No doubt, the tots were scared the first week, but after awhile, they were hanging with the big dogs. Even though they have three more years ahead, they'll have the best time of their lives.

Our faculty consisted of approximately one hundred teachers, five principals, four counselors, ten office support staff, twenty coaches, twenty lunch room staff, and fifteen custodial engineers. The students greatly appreciated all the hard work and effort the faculty and staff put forth to create a better, more comfortable learning environment. Congratulations to our principal, Mr. Paul Hodge, for his hard work and dedication to the faculty and to the students of the high school.

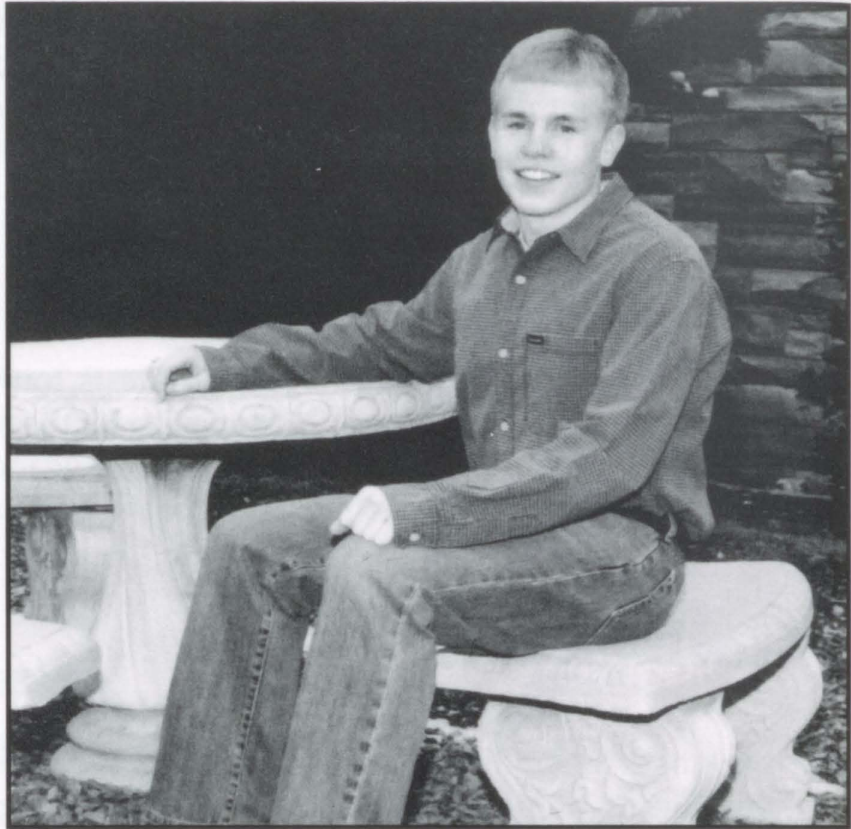

Valedictorian

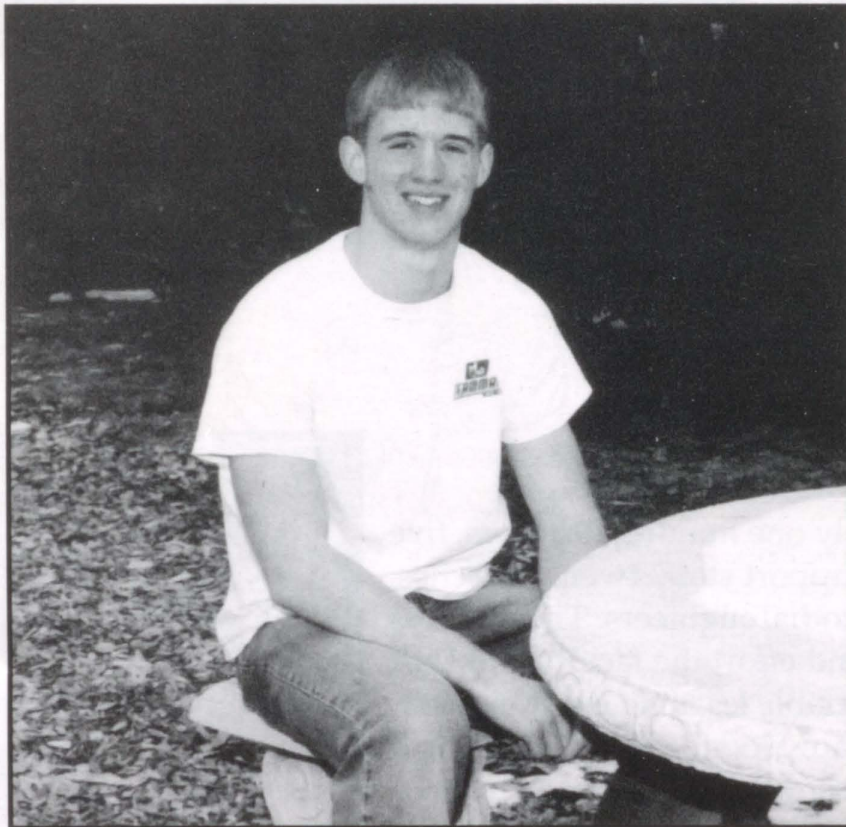

In the sixth grade, I had the opportunity to build my own kaleidoscope. I was very proud of the final product because it was my own creation. The designs produced were a result of my decisions and actions. Reflecting on this experience, I can now see that our lives are also like kaleidoscopes. We are multifaceted and constantly changing. The decisions we make affect not only our futures but others' as well.

In the past four years, I have had the opportunity to build another kaleidoscope. Through hard work, determination, and much help from my family and friends, I have achieved many things. However, my fondest memories of CCHS are not of winning awards or reaching goals. They are of friendships, band, sporting events, and conversing with teachers who have changed my life.

It is an honor to be the Valedictorian of the Class of 2003. The last four years have been the greatest of my life. Thank you to all who have given me laughs, encouragement, and help along the way. Though each of our kaleidoscopes is different, we all have the potential to do great things. I wish success for all of you in your future endeavors. Good luck and God bless.

Salutatorian

I feel honored to be the Salutatorian of the Class of 2003. I would like to thank my family, friends, teammates, coaches, teachers, administrators and everyone who helped make high school a great experience for me.

There was no question that everyone in the Class of '03 learned a great deal during their high school years. Some learned more than others (grades are not always the best indicator), but everyone learned something. However, the knowledge, the problem-solving skills, the people skills, etc. will only be useful as we apply them to our lives. May we take what we have learned and use it, never stop challenging ourselves, and as our perspectives on life continue to develop, let's not forget to give God a chance.

In Loving Memory Of Jessie Joel Dixon

August 31, 1985-July 26, 2002

If only God had let you stay. One more day, one more hour, one more minute. Our lives were so blessed to have you in it.

The joy of your laughter and smiling face. No one will ever take your place. It hasn't been that long, you know, since we had to let you go.

We love and miss you more each day. Yes, more than words could ever say. You're with angels up above, surrounded by God's infinite love.

You've gone on to a better place, It's stil the hardest thing to face. Although we had to let you go, It's not forever, this we know.

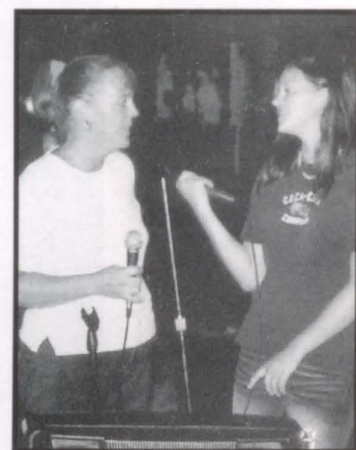

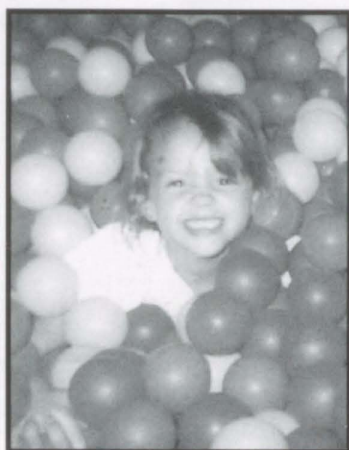

You were so special, unlike the rest, which proves God only takes the best. You're in heaven, this we don't mind. What hurts is you left us behind.

You touched our lives in so many ways. We'll live on still counting the days. Until again your hand we'll hold, and walk together down streets of gold.

Sadly missed by all who knew him.

In Loving Memory Of Natalie Lacle Dawkins
January 10, 1986-September 3, 2002

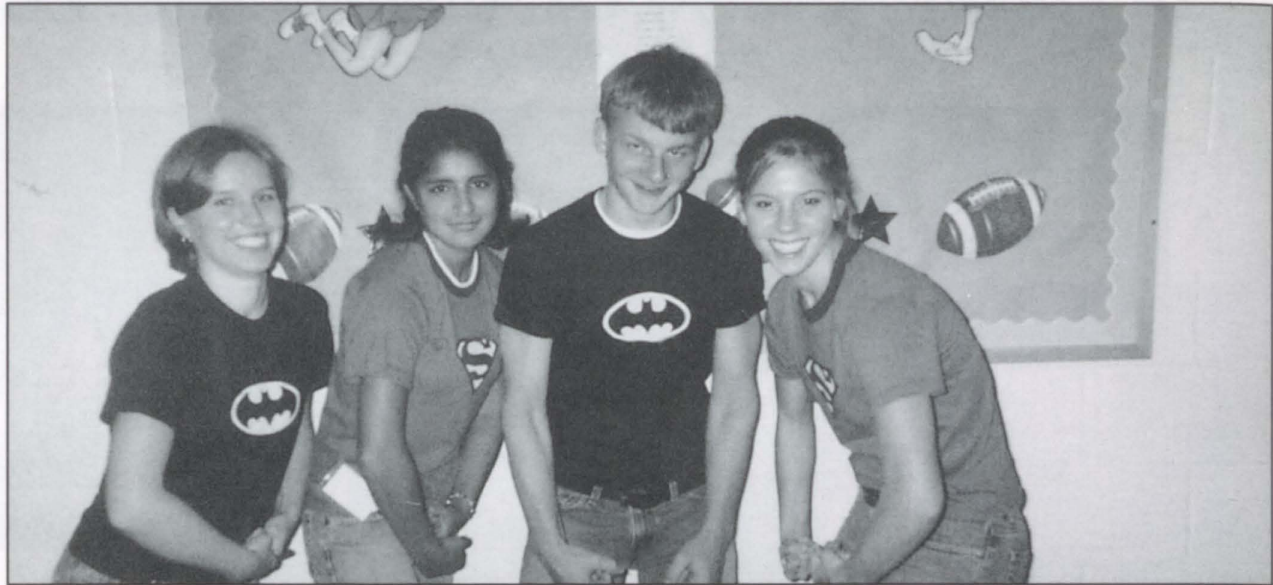

Somehow

*Do not stand at my grave and weep, I am not here I do not sleep.
I am a thousand winds that blow, I am the diamond glints on snow,
I am the sunlight on ripened grain, I am the gentle autumn rain,
I am the stars that shine at night.
When you awaken in the mornings hush, I am the swift uplifting rush of
Quiet birds circled in flight.
Do not stand at my grave and cry,
I am not there, I did not die.*

Band Marched On!

While marching to success, the band competed in the Hendersonville Golden Invitational, Jeffersonville Patriot Preview, and the Bradley Classic. While there, they earned the highest score in the competition. The band hosted the Upper Cumberland Marching Band Festival and received an invitation to participate in the contest of champions. Junior band member Keisha Martin said, "Competitions help determine how we feel about our show. This year we did really well at competitions, so it made us feel really good about our show." Junior drum major Jeremy Hassler commented, "Competitions are very important to our success because it lets us see how good we really are compared to other bands, so we get better after each one."

Homecoming 2002

"What I liked most about this years homecoming was the fact that we had so much support from everyone. The decorations weren't that bad either, especially the women in black!!!" , replied Toby Barrie.

The Ultimate Challenge: The ACT

The Junior class experienced a wide variety of challenges from deciding which class to take for the college curriculum chosen or which vocational class to take for work after high school. The hardest and most challenging obstacle for many students is the ACT exam, which is that student's ticket into a respectable college. Junior Joey Phillips said, "I'm going to take the ACT to prove to the smart people, that just because I don't have straight A's,

Tune Into The Jets

"The Junior Float was the best part of Homecoming this year. It was awesome!", said Jennifer Davis.

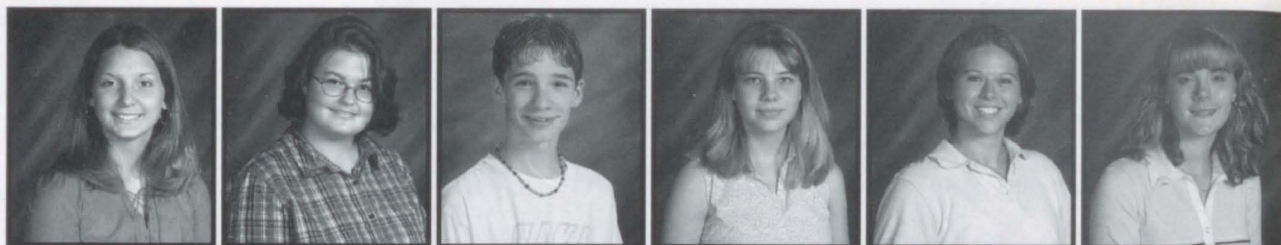

"I really enjoyed getting to work everyday on Homecoming activities with my friends and teachers, and never seeing those classmates that always complain. I enjoy being a class officer.", commented Jesse Johnson.

I'm still as smart as they are." Each person has his/her own unique way of preparing for success in life. "I took advanced classes and took a class at Roane State specifically for the ACT," commented Junior Cody Bussey. Being punctual, having a map, and being alert constituted other characteristics necessary to complete the ACT. Junior Michael Casutto remarked, "Right before the test...I got lost on the way to Wartburg."

Sweethearts: Jason and Heather

"Ask her out for me, I'm too shy," said Junior Jason Lanzilotta to a friend almost five years ago. After receiving a phone call, Junior Heather DeLorenzo said, "Yes!" "At that point," Heather said, "I think I was the happiest girl in the world!"

More than four years later they are still together. "Since the seventh grade we have had so much fun, we go everywhere together," commented Jason.

When asked about their relationship Heather replied, "Jason means everything to me, I wouldn't trade him for anyone in the world. I have been in love with him since I was a little girl."

"There are no words to describe what Heather means to me. I am very comfortable around her. She is part of my family, my heart, and she is my best friend," commented Jason.

Double The Fun Kevin and Kayla Keck

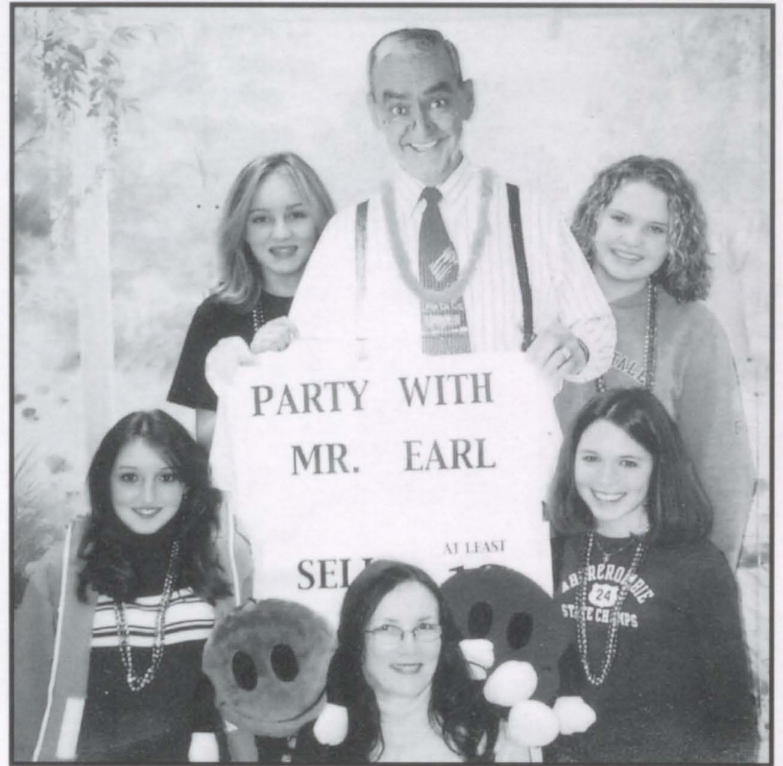

Part of being in high school is interaction with your peers. For these two twins, they are siblings, as well as friends. Kayla said, "Being twins is a lot of fun. But it has its ups and downs. Like most brothers and sisters, of course we fight. One of us says black, and the other says blue." Unlike most siblings, these two make up one of few sets of twins here. Kayla says, "I couldn't imagine growing up without someone always being around. Even when we don't want the other around!" Kevin agrees with his sister, and adds, "And there will always be our long, long, lost triplet, James Rinks!" Together these two twins have twice as much fun.

Two of a Kind

"We are best friends"

Brittany Elmore

Brittany and Erica Elmore were born identical twins. Being twins had many advantages and disadvantages. The girls said, "The advantages about being twins, is we can switch classes, play tricks on people, finish each others sentences, and confuse people." "However, there are disadvantages of being a twin", replied the girls, "Like everyday people ask us if we are twins, it really gets annoying." Like all siblings, the twins have had their arguments. The girls said, "It is sometimes hard being a twin because people, even our own boyfriends, mix us up."

"All and all we are very lucky to be so close to each other. Some identical twins don't like one another. We are so glad God blessed us with each other. We love each other so much and we wouldn't know what to do without each other."

FACULTY & STAFF

The Faculty encountered a new student body, new faces and even some new staff members; a number of new people were added to the school's faculty. The newly arrived staff were graciously invited and welcomed by the remaining members and students. Throughout the year, they bonded. Being one of the rookies, Ms. Amy Rutherford exclaimed, "Overall it has been great- every day is different!"

The faculty deemed the school year a success. All of the administration, officers, teachers, custodians, and coaches worked hard to make the year a great one. They constantly invented new ideas to make the school better, and make the school a more enjoyable place for the students. Mrs. Jane Parris, commented, "I think that Renaissance activities have been good. Students who work hard academically should be honored."

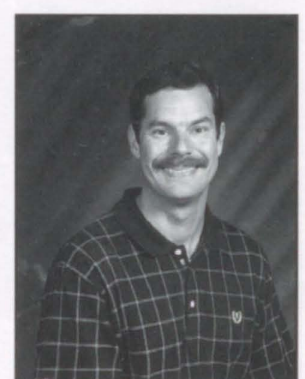

Although another fun-filled year of school was passing, there was no doubt the members of the Faculty were ready for a break. Although the teachers and staff had wonderful experiences throughout the year, they were still relieved to know the summer months were just around the corner. Junior English Teacher, Diane Atkins said, "R-E-L-I-E-F! Rushed, Excited, Lighthearted, Invigorated, Eager, and Frenzied. That's how I spell relief!"

At the teachers Olympics, Mr. Sanderson states, "Had a geat time until they paired me with David Safdie in the ballon stomp. A 50 year old couch potato should not be paired with a 18 year old track and soccer player."

At the teacher Olympics, Mr. Davis simply states, "THIS IS ALL CORNY!"

MULTIMEDIA

"Multimedia is a fickle mistress"

- Steven Biss

"Yes, she has many moods that change with the passing of time."

- Ryan Threet

Our Multimedia Design class was different every day. The early bird students arrived at a quarter till seven every day. The technical directors began slaving on the editing of the day's announcements. Others toiled at individual projects that each selected based on their own interests.

When the bell rang at seven forty-five, many of the students had already started preparing for the taping of the day's announcements. The cameramen set up their equipment, as the anchors looked over their scripts. The technical directors checked sound equipment and set the tapes at the right spot. They also prepared the credits, the Moment of Silence, and the songs that were played.

With few minor technical problems, we produced the announcements every morning. This feat was accomplished because everyone contributed in their area of expertise. It took everybody to get the announcements finished and broadcasted.

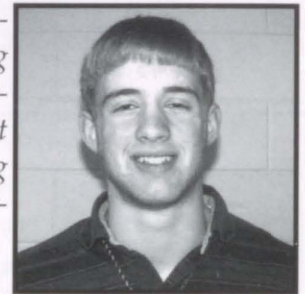

After the announcements were finished, we dispersed to our own projects. For some this was editing movies, designing web pages, animating drawings, or touching up photographs. All this was done under Mrs. Dunigan's supervision. Thus is the story of Multimedia Design.

Derric Williams
Anchor

"I'd like to thank Mrs. Dunigan for enabling me to flex my verbal muscle. Maybe now Roy and I can fulfill our dreams of being Rappers."

"I enjoyed working on the announcements and learning how to use all of the Multimedia equipment. I hope that everyone enjoyed watching them as much as we did making them."

Roy Stone
Anchor

Michael Vasquez
Videographer

"The more you accomplish in a well-done skill, the better your chances are to be successful in what you do."

"Being the world's greatest superhero, I know that one day the computers will start a revolution and we will have to destroy them all, so enjoy computers while you can."

Kyle Devore
Technical Director

Ryan Threet
Head Technical Director

"When I started this class, I knew nothing. Now I know everything. It was not a Gabbit at all, who would do such a thing?"

"Multimedia is like chocolate. Some kinds are light and fluffy; others are hard and dark; yet more are foreign and strange. And if someone doesn't like any of it, they are considered strange."

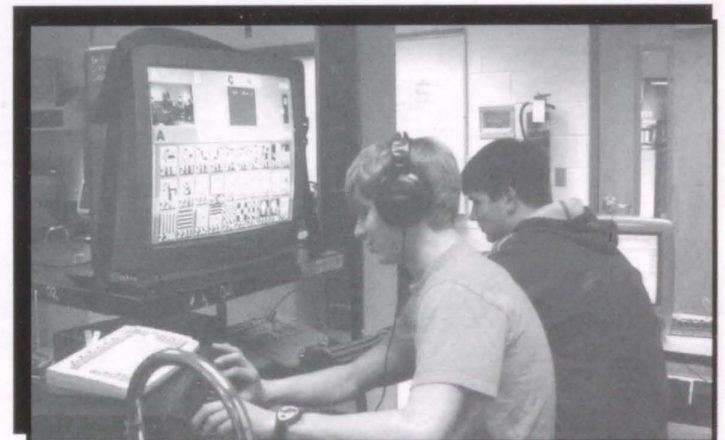

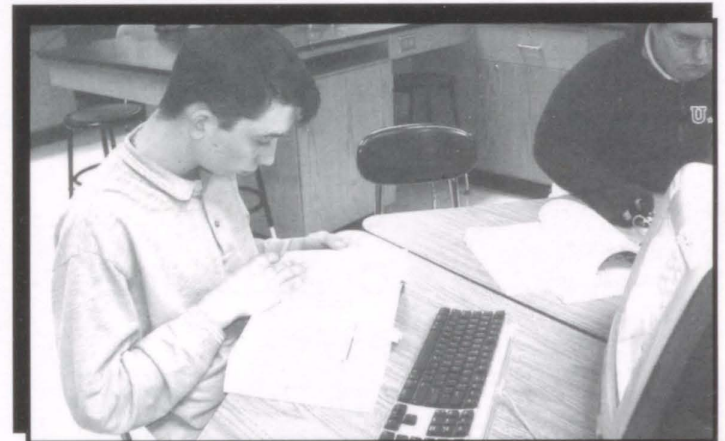

Steven Biss
Head Video Technician

Heath Nichols
Anchor

"A supernatural power lurks somewhere within the computers of Multimedia. Only a select few ever meet this power; but if you do, it's like giving birth to a child."

**Junior

"Being in this class has taught me alot about deadlines and how stressful being a reporter can be."

**Senior
Maria Stammen,
Editor-In-Chief,
replies,**

“Even though we have to work hard to meet deadlines and it gets stressful, it is fun letting everyone know my opinion!”

As times and people changed, we at the Jet Contrail also changed. News happened every day, and we had to be there to write the thoughts and ideas of the students.

This year we have carried on the timeless tradition that began long, long ago. Newspapers hold the words of our time. They were silent that spoke with personality on paper. Publishing a newspaper was an ever-changing, ageless art, a journal of life as we knew it.

As journalists, it was our duty to continue learning and growing, to keep an open mind and a tuned ear so we could give our readers the information they needed. So as long as the times changed, and there was news to be covered, we were there.

YEARBOOK

The Yearbook classes had six deadlines required by February 3rd. That alone made the advisor and students edgy about getting things done. However, regardless of the stress, in the end, yearbook was rewarding for both students and advisor, Brenda Wyatt.

Not only did deadlines come due, but proofs from previous deadlines had to be corrected at the same time. They were then mailed back to the plant for final corrections. Editor-In-Chief, Cami Vincent, stated, "When the proofs came back, everything seemed to turn upside down. Such a hassle!"

Yearbook is a cooperation including teachers, coaches, club sponsors, and students. The Yearbook staff made numerous trips around the school, sometimes without gaining the essential information needed, which made meeting deadlines even harder. The job of creating the yearbook became one of tenacity.

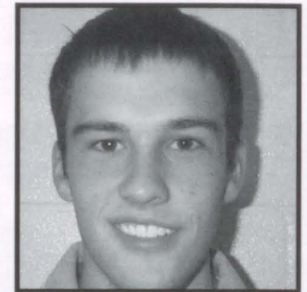

Preparing the yearbook took time before, during, and after school. Unfortunately, weather and sickness also played a role in how quickly work could be finished for a deadline. Junior, Mariah Bowen, said, "The winter weather has definitely not been on our side this year. With all the days we've missed, it was hard to keep up with everything."

The classes who composed the Yearbook Staff had a difficult challenge, but finally rose to meet that challenge to publish a book for the students and staff to have for years to come. That, alone, was exceptionally rewarding.

Editor-In-Chief, Cami Vincent comments on her interesting job, stating, "Being the Editor of the yearbook has been an honor as well as a gruelling task. Working with the yearbook staff and Mrs. Wyatt has been a great experience, and although meeting deadlines and making changes to the proofs is very aggravating, all the stress is worth it in the end. The Yearbook is a beautiful thing."

Business Editor, Jon Papaik remarks, "Yearbook- what an experience! Being an editor has been great. We laughed a lot, cried some, and spent too many hours after school working on this book. But it sure was fun!"

Senior, Jenni Emmert says, "It takes hard work and dedication to make the yearbook. Students don't know how much time and energy is used."

Junior, Ashley Gilliam comments, "The Student Life Section is the most exciting to do. Everything in yearbook takes hard work and dedication..."

Junior, Mariah Bowen says, "Being editor of the clubs section was a lot of fun and responsibility. We had fun making it a good section."

Junior, Sabrena Yates replies, "It was a lot of hard work...."

Junior, Anna York, remarks, "I enjoyed selling ads and working on the Junior section."

Junior, Kasi Martin says, "Working on the sports section was a real experience. Coming up with different ideas was hard."

Junior, Christy Brown states, "The sports section was fun and hard work... Being in Yearbook was a great experience."

Junior, Betsy Brooks says, "It was a great experience for me to get to work on the yearbook."

Junior, Cassie Cherry replies, "It was interesting and fun to help make the yearbook..."

Junior, Jennifer Hyder states, "Working on the Freshman section...was a great experience: writing stories and arranging pictures in my own creative way."

Junior, Amanda Cox replies, "It was fun working on the freshmen section, but a lot of hard work. Thanks, Ms. Wyatt."

Junior, Julie Davis comments, "Working on the sophomore section was a challenge, but also a lot of fun."

Junior, Sarah Hunter says, "It was hard, but lots of fun to do."

Junior, Emma Paquette comments, "Being the Junior editor was great. We all worked really hard and the section turned out great."

Senior, Choi Yap, exclaims, "...Yearbook rocks!!!"

Senior, Heather Copeland replies, "The index was hard and challenging, but when the yearbook comes out, the hard work was worth it."

Senior, Jessica Heaton comments, "I enjoyed yearbook, but it was a lot of hard work and nerve wracking."

Junior, J.R. Tinch, proudly states, "I was honored to design the cover of the Yearbook. I can't wait to see how it looks."

Senior, Bill Bertram, says, "Sometimes, I would be creating ad after ad, in a zone, you know? Suddenly an error type 2 would occur, and I would lose an entire page....My name is Bill, and I create ads for the yearbook."

Senior, Marley Wyatt, remarks, "I enjoyed working on the Ads section for the Yearbook. It was challenging, but yet rewarding. But I couldn't have done it without our Bill Bertram. He's got skill!"

GONE IN SIX MINUTES

The wrestler walked onto the mat. The cheers from the stands filled the audience's ears. The opponents shook hands and suddenly a loud whistle was heard. The match had begun. The team had many upsets and heartbreaks. The team began their training months before the season started.

Even before training many of the wrestlers attended camps to help them train on their own. The constant training for the wrestlers was a must. The matches were only six minutes long. These six minutes were known by all wrestlers as the "toughest six minutes in sports." Wrestlers ran sprints, lifted weights, and practiced moves on a daily basis to become top competitors.

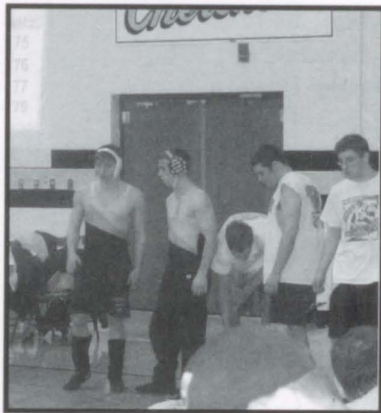

The team gained a lot of leadership from the seniors: Jonathan Durham, Daniel Grippe, Jeremy Foust, Andrew Perez, Keith "Bubba" Underwood, and Josh Naser. The team placed 4th in the region with a team record of 19-9. Wrestlers who qualified for regional competition were: Jonathan Durham, Jeremy Foust, Andrew Perez, Clay White, James Kimbrell, Daniel Grippe, and Caleb Davis. While competing in regionals, Junior Caleb Davis recorded his 100th win. The 2002-2003 season for the Jet Wrestlers was a season that they would never forget.

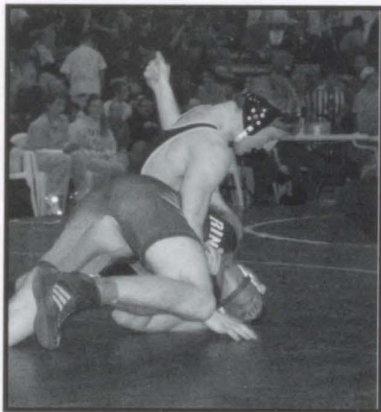

The 2002-2003 CCHS Jet Wrestlers: 103: C. Hassler, 112: C. Proffitt, 119: C. Davis, D. Gadd, 125: C. White, 130: B. Mini, D. Jackson, 135: S. Dearmon, T. Stanley, 140: C. Davis, 145: J. Durham, C. Lowe, 152: A. Perez, H. Hall, 160: A. Wyatt, R. Munch, 171: J. Kimbrell, 189: J. Foust, W. Bruce, C. Hancock, 215: D. Grippe, K. Underwood, 275: C. Breeding, J. Naser, Managers: K. Catterall, T. Dale, T. Dearmon, W. Loden, Coaches: R. Cook, B. Parker

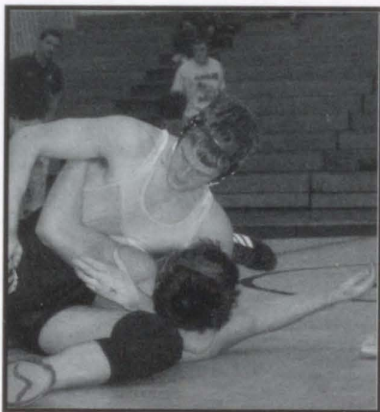

Senior Jeremy Foust comments, "I feel that this year's team was young, but full of talent and effort. The team really came together during the hard matches."

Junior Aaron Wyatt says, "Pinning someone in 22 seconds happens very rarely, so when it does happen it makes me feel like I am really good and/or he is a super fish."

Junior James Kimbrell remarks, "I feel that this year's team was good, but we could have been better."

Junior Caleb Davis comments, "This season has been a blast. Staying in hotel rooms, taking bus rides, and all the competitive wrestling, it has all been great."

Junior Chase Breeding remarks, "The best part was when the purple flap-jaw caterpillar did a 360 on Hari-Kari Rock in Yin-Yang space."

Senior Daniel Grippe says, "The greatest part has been the challenges and the will of my team members to overcome those challenges. This is a tough sport, and it takes every individual to stand the punishment."

Senior Jonathan Durham comments, "Seriously they have been great. The coaches are cool, and wrestling has been awesome. I am going to miss it."

Junior Dustin Jackson says, "This year's team was full of different people with different abilities."

The track team consisted of an elite group of young boys and girls with special talent in track and field. There were 16 girls and 29 boys on this year's track and field team. The track team traveled to many other high schools and tracks to compete against the other area track teams. Throughout the running season, the track team ran against various teams and hosted numerous track meets.

Talents included in the track team were sprinting, hurdling, long distance running, and relays. The field aspect of the team involved shot-putting, disk throwing, long jumping and triple jumping, as well as the classic high jump.

There were many records made by previous track members that may be broken by the team as well as making more records for the charts. Overall, the track team ran, threw, and jumped their best during the spring to show their unlimited Jet Pride.

Sophomore Amber Marshall exclaims, "Track is an experience, great coaches, challenging events, and I'm not even going to talk about the bus rides and sun burns! I've made many lasting friendships and pushed myself to limits that I never thought was possible."

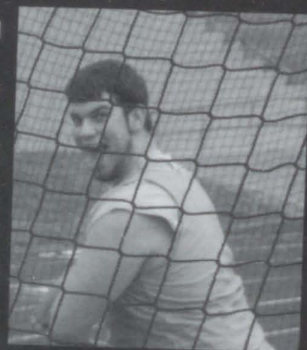

Senior Billy Kraus comments, "Track is great. Bird Dog kept me on a tight leash but I liked it."

Freshman John Bostaph comments, "Track is a good way to build endurance and compete at very high levels. It is a good all around experience."

Senior Samantha Stafford comments, "Track is a great way to stay in shape. Being the manager is great too, you don't have to run. It also takes a great coach like Coach Rock to lead the way."

Senior Roy Stone replies, "Track is great because you get to run really fast and no matter how fast you run, Coach Rock wants you to run faster."

Senior Issac Ostrander says, "Track is fun and exciting, the thing I like most is the challenge it provides. Track is also a great way to stay in shape."

Although the season started slowly, the team lost their first three home games that put them in a losing streak, but not for long. The team beat rival Bradley Central in an away game to get the winning streak started.

I think we can go far!" All they needed was to get past their point of normalcy, come together as a team, and be the great team that they had the potential to be. Justin Bell stated, "This has been a decent year so far, but we are still trying to get past being average. We want to have the best year ever this year!"

"A Moment Like This"

The 2003 Senior prom was truly filled with many moments that will be cherished for a lifetime. The event was held at the Druid Hill's Country Club, in Fairfield Glade. The theme was "A Moment Like this". And with a D.J. outside under the moonlight, and the band "City lights" playing slow songs inside, everyone was sure to cut a rug or cuddle up close with their dates.

Thanks so much to everyone, especially the Senior Class sponsors, who made prom so magical and memorable.

Class Night 2003

Class Night 2003 was a night of recognition and achievement. Awards were given and speeches were made. The night began with a prelude played by Lourdes Dunaway followed by a processional performed by Lourdes Dunaway and Rebecca Bull. Ryan Dickenson welcomed the crowd of almost 190 people. Inspirational speeches were given by Roy Stone and Scot Winningham, but Senior awards were presented by the senior class officers. The Senior Class of 2003 remembered a lost classmate, Jessie Dixon.

Class Night was a night to remember. Seniors could remember friends and experiences with the slide show presented by Art Sanderson. Senior class officers Jonathan Papiak, Marley Wyatt, Delilah Brown, and Alex Reed presented a farewell to the seniors. Senior sponsor Marti Blake gave an emotional speech that would set the tone for the feelings felt by seniors on Class Night and Graduation Night 2003. Jessica Heaton stated, "Ms. Blake's speech was really touching; it really hit home for me." Salutatorian Roy Stone presented a metaphor that showed life as seen from a lunch line. It was an emotional night filled with tears of joy and sadness all at the same time. Class Night 2003 was preparation for Graduation Night.

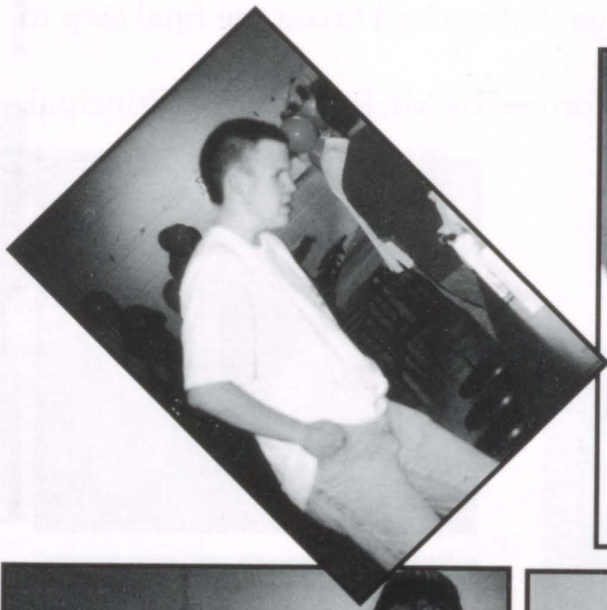

Senior Breakfast 2003

The Senior Breakfast was a social event with decorations and food. The senior breakfast is a yearly event presented by the administration and staff to honor the seniors dedication in finishing the first stage of life.

The seniors ate, signed yearbooks, and visited with some friends for a last meal together. Emotion could be seen in the faces as yearbooks were signed and "do you remember stories" were told. Teachers enhanced the emotion of sadness as they mingled with the students, and both teachers and students realized that this might be the last meeting between valued friends.

Dustin Boyett commented, " The Senior Breakfast was our last chance to have some mischievous fun in school and enjoy some good school food."

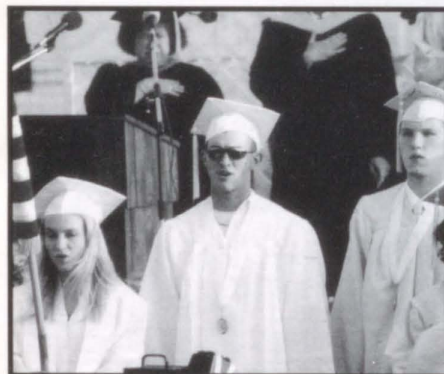

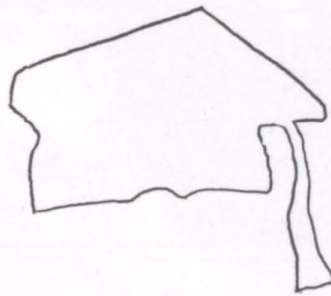

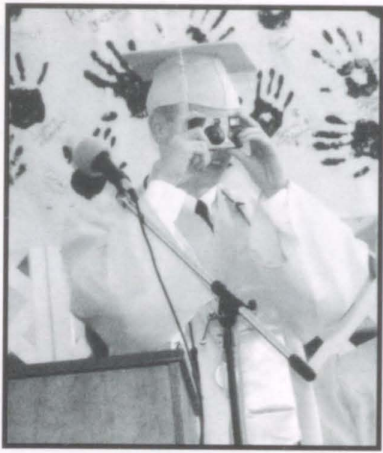

Graduation 2003

Graduation had all the pomp and frills of a college graduation. Both teachers and graduates marched around the track with the teachers leading the graduates to their seats while "The Graduation Song" recorded by Evervigilant and "Pomp and Circumstance" played. Beautiful flowers bloomed in front of the main stage and the handprints of each graduate were displayed on the backdrop to make this graduation unique for these graduates.

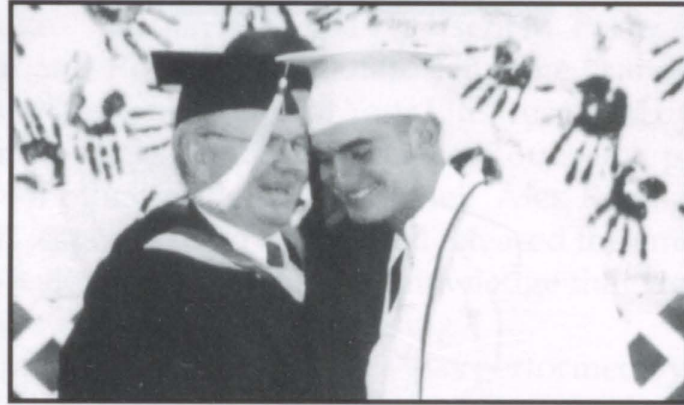

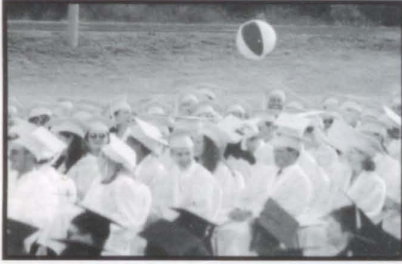

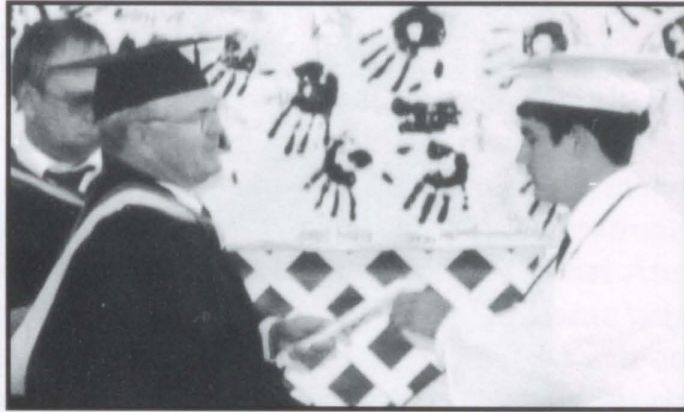

Melissa Cole and Stacey Oakes performed "The National Anthem." The Pledge of Allegiance was led by the 2003 Military Candidates. The welcome was given by Mr. Don Hassler, Director of Schools. Inspiration was provided by Marley Wyatt and Delilah Brown while Jon Papaik responded to the community with gratitude and gave an emotional tribute to the Head Sponsor, Ms. Marti Blake. Dr. Janet Brooker presented Perfect Certificate Awards. Seth Chadwell, Valedictorian and Roy Stone, Salutatorian gave humorous but pertinent remarks about life in general. The class song, "Time of Your Life" recorded by Green Day, was played for the audience. Ms. Karen Hicks, Senior Guidance Counselor presented scholarships and diplomas with the help of other guidance personnel. Alex Reed gave a poignant, humorous farewell. Jessica Heaton responded, "The farewell released the emotion that many seniors felt about graduation. The feeling of relief and the knowledge that we had taken the final step to prepare us for college or a career was overpowering."

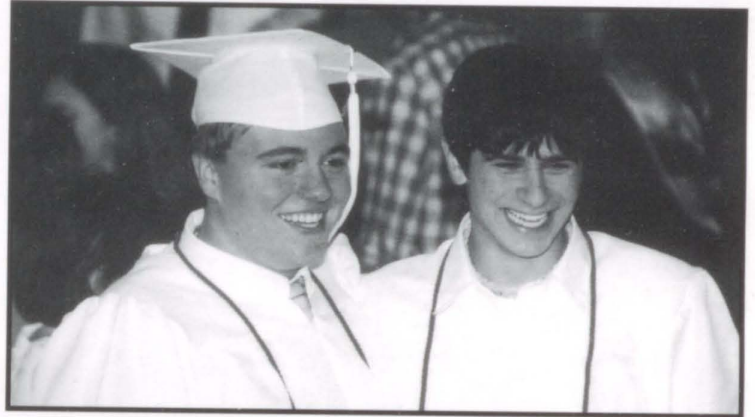

The Conferring of Diplomas to the graduates was performed by Mr. Paul Hodge, Principal.
