

READ THESE NOTES.

the district is fractional, write the names of the children in each township separately under the name of the township, beginning with that township in which the schoolhouse is situated. A separate statement must be made to the clerks of the several townships in which the district is in part situated, giving the number of children five years of age and under in that part of the district lying within their respective townships. There is not space on this page sufficient to contain the names of all the children in the district, write the remainder upon ordinary foolscap paper, properly ruled, and attach to this report. Do not use additional blanks. The ages of the children must be given as they are on June 6, 1910.
