Course Description:

Salon is a one-credit course that enables students to develop entry-level management skills for the cosmetology industry. Students practice all phases of cosmetology in a salon setting. Upon successful completion of this course, students are able to demonstrate professional work ethics and communication skills, job-seeking and management skills, and exhibit knowledge of the technology used in salons. The prerequisite for this course is Introduction to Cosmetology.

Essential Questions:

- Why are rules, regulations, and licensure necessary for the Professional Cosmetologist?
- Why are safety measures vital in thermal styling?
- Why is it important for students to understand facial shapes?
- How are thermal instruments used in advanced hair designs?
- What teamwork and technology skills are necessary to operate a successful salon?
- What advanced tools are needed for haircutting and shaping?
- How does the physical structure of the nail bed determine clients' needs and care.
- How can advertising be used to create business?

Cosmetology Classroom Policies

- Be in your seat and ready to work when the tardy bell rings.
- No personal grooming in class.
- No drinking or eating in the classroom.
- No cell phones, headphones, iPods, etc. are to be used in class unless part of class work.
- Personal area must be cleaned before leaving class.
- Show respect to everyone and everything.
- Follow all rules in the Code of Conduct and Student Handbook for the ACTC

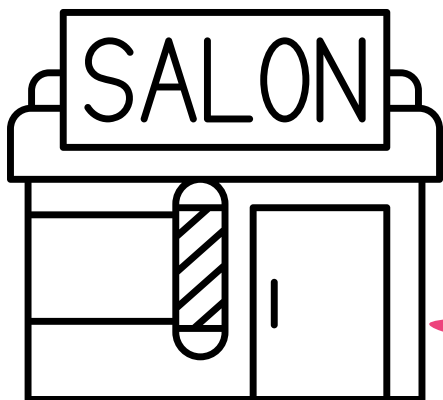

Students are expected to act in a professional manner by meeting deadlines, solving problems, cooperating with classmates, and generally contributing in a positive way to the class. Working in your field of study often means searching for solutions in a group context. Teamwork, listening, empathy, enthusiasm, emotional maturity, and consideration of other people's concerns are all essential to success. Please bring these qualities and values with you to class. It is as important to 'practice' these interpersonal skills as it is to learn new intellectual content. Students will be evaluated on their professional demeanor in class.

*The ACTC does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups.
