STATEWIDE MUTUAL AID AGREEMENT - 2023

This Agreement is an acknowledgment of receipt by the Florida Division of Emergency Management (“the Division”) and the local government (“Participating Party”) signing this Agreement. Execution of this agreement replaces all previous iterations and is active until a new agreement is drafted and requested by The Division.

This Agreement is based on the existence of the following conditions:

- A. The State of Florida is vulnerable to a wide range of emergencies and disasters that are likely to cause the disruption of essential services and the destruction of the infrastructure needed to deliver those services.
- B. Such emergencies and disasters often exceed the emergency response and recovery capabilities of any one county or local government.
- C. Such incidents may also give rise to unusual and unanticipated physical and technical needs which a local government cannot meet with existing resources, but that other local governments within the State of Florida may be able to provide.
- D. The Emergency Management Act, chapter 252, *Florida Statutes*, provides each local government of the state the authority to develop and enter into mutual aid agreements within the state for reciprocal emergency aid in case of emergencies too extensive to be dealt with unassisted, and through such agreements ensure the timely reimbursement of costs incurred by the local governments which render such assistance.
- E. Pursuant to chapter 252.32, *Florida Statutes*, the Division renders mutual aid among the political subdivisions of the state to carry out emergency management functions and responsibilities.
- F. Pursuant to chapter 252, *Florida Statutes*, the Division has the authority to coordinate and direct emergency management assistance between local governments and concentrate available resources where needed.

Based on the existence of the foregoing conditions, the Parties agree to the following articles:

ARTICLE I: DEFINITIONS

As used in this Agreement, the following expressions shall have the following meanings:

4. TCC will not charge tuition for courses for which a student receives articulated credit.

This agreement may be terminated at any time by Gadsden County Schools or Tallahassee Community College by providing thirty (30) days' notice. In the event of termination, both schools agree that students currently in secondary courses and working toward fulfilling the competencies or in their first semester at TCC will be allowed to complete the articulated credit.

 - b. FAMU will provide information to the schools regarding requirements for participation in, and the educational benefits to be derived from Dual Enrollment or other accelerated programs.
 - c. The schools, in turn, will utilize printed, published, electronic or other media to inform students and parents of the availability of the dual enrollment program, program requirements, educational benefits, and courses currently offered. The School Board will also determine if dual enrollment meets the individual's educational needs, determine if the courses requested are currently offered by the individual's school and obtain a written intent to pursue a post-secondary education and signed reimbursement requests.
 - d. The University will post application deadlines and registration dates on its Dual Enrollment website.
 - e. The University's Dual Enrollment Coordinator will work with the University's Registrar staff to ensure district and school officials are aware of targeted Dual Enrollment registration activities.
 - f. The University's Dual Enrollment Coordinator will work with district and school officials on targeted Dual Enrollment recruiting activities.

- 3. A delineation of courses and programs available to students eligible to participate in dual enrollment.**
 - a. Courses to be provided by the University under this agreement will be mutually agreed upon by FAMU and the School board, and will avoid unnecessary duplication of existing courses in grades nine (9) – twelve (12). Current law allows for any course in the Statewide Course Numbering System, except developmental education courses and physical education and other courses that focus on physical execution of a skill rather than the intellectual attributes of the activity.
 - b. Postsecondary courses in foreign languages, mathematics, English, sciences, social studies, computer science, performing or visual arts, applied technology, and any other classes that comply with applicable state regulations will be counted toward meeting the graduation requirement of §1003.4282, Florida Statute (2021).
 - c. Students (age eighteen [18]) who wish to take college credit courses that contain a study abroad or travel component (during summer only) must receive permission of their school principal and parent/guardian before participating. If the permission is granted, the student will be exempt from

the payment of registration, matriculation, and laboratory fees. However, the student is responsible for the full cost of travel.

4. A description of the process by which students and their parents exercise options to participate in the dual enrollment program.

- A. Students and the parent/guardian of students wishing to pursue participation in dual enrollment must contact their school guidance counselors to discuss admissions criteria and to obtain the necessary application information. School guidance counselors may contact the University’s Dual Enrollment Coordinator for application packets and information. Application packets and registration information can be found on the University’s dual enrollment website.
- B. The student must be in the ninth grade (to ensure readiness for college); must have a 3.0 unweighted high school grade point average; must have an appropriate score on the SAT, ACT, PERT, ACCUPLACER or CLT as listed below; and must meet any course requirements as set forth in the University undergraduate catalogue. Special dual credit enrollment programs may have admission requirements different from the above, i.e., limited access programs. These courses will be beyond the scope of this agreement.

	SAT	ACT	PERT	ACCUPLACER (Next Generation)	CLT
Reading	490	21	106	256	38
Math	480	21	114	261	16

- C. The college-level courses offered through the University dual credit enrollment program must be coordinated through the curriculum offices of the University and the School Board. The student is responsible for requesting and providing the documents needed for eligibility to their guidance counselor. The Dual Enrollment Coordinator must receive all documentation by the posted application deadlines. If a student does not meet eligibility criteria or does not submit the paperwork by the posted deadline, the FAMU Dual Enrollment Coordinator will contact the school counselor. The school counselor is responsible for contacting the student.
- D. Once all documents are received and verified by the FAMU Dual Enrollment Coordinator, the packet will be forwarded to the University’s Registrar Office for processing. Once the student is fully admitted and registered for course(s) a roster is sent to the counselor if the courses are offered at the high school. If the student is attending courses on the campus, the Registrar’s Office will send an email to the student and counselor with their enrollment schedule.
- E. High school freshmen may register for three (3) credit hours only during the fall and spring terms. Sophomores may register for no more than six (6) credit hours during the fall and spring term. - A. The University agrees to permit high school students enrolled in a public high school in Gadsden County, who have been certified by their principals as qualified, to dually enroll in regularly offered courses listed and described in the University's undergraduate catalogue as satisfying general education/liberal arts requirements, under the provisions of Florida Statutes, applicable state rules or regulations.
 - B. Students may lose the opportunity to participate in the dual enrollment program if their behavior or actions are disruptive to the classroom learning process. Specific conduct guidelines which outline the student compliance and expectations can be found in the FAMU Student Code of Conduct.
 - C. Dual enrollment students are not permitted to drop courses after the add/drop period closes on the fourth day of classes except for documented extenuating circumstances approved by both the FAMU University Registrar or designee and the school guidance counselor. If a student is determined to be "not fee liable" for a medical or other course drop after this date, FAMU will reimburse the school district for the standard state university tuition rate per credit hour paid for such student during a fall or spring semester. Early admit students are considered degree-seeking students and therefore, must comply with all academic policies outlined in the FAMU University Regulations.
 - D. Student progress subsequent to enrollment in dual credit enrollment courses shall be monitored by individual student assessment. To remain in a dual credit enrollment program, each student must successfully complete each dual credit enrollment course with a grade of "C" or better. The University shall be solely responsible for determining the enrolled student's status and grades in accordance with standard University policies and regulations. Successful completion of dual credit enrollment courses does not ensure admission to the University.

Three credit (or equivalent) postsecondary courses taken through dual enrollment that are not listed on this list shall be awarded at least 0.5 high school credits either as an elective or subject area credit as determined by the local school district. Postsecondary courses that are offered for fewer than three (3) credits may earn less than 0.5 high school credit.
 - C. Courses indicated as Postsecondary General Education Core Subject Area courses (GE Core), may also be applied to the General Education Core requirements for an undergraduate degree from a public postsecondary institution in Florida. Students should check with their postsecondary institution regarding these requirements.

Courses will not be modified to accommodate variations in student age and/or maturity.

10. Exceptions, if any, to the professional rules, guidelines, and expectations state in the faculty or adjunct faculty handbook for the postsecondary institution.

All School Board employees serving as dual enrollment faculty approved to teach college courses under this agreement will annually attend a new faculty or adjunct pre-planning conference conducted by the University. - A. The school board will annually assess the demand for dual enrollment and provide that information to the University for assistance in planning classes in the University scheduling system.
- B. FAMU will be responsible for ensuring that the quality of instruction provided dual enrollment students is comparable to that afforded other FAMU students. To this end, the following will apply to dual enrollment courses taught on high school campuses:

 - 3. For academic disciplines where a departmental exam is used, the final exam will be provided to the school Board's Dual Enrollment faculty by the University in a timely fashion to ensure availability before the scheduled administration dates.
- C. The high school principal, or his/her designee, will recommend qualified high school teachers as instructors for Dual Enrollment courses to be taught during the regular school day or extended school day on high school campuses. To be qualified, faculty selected to teach Dual Enrollment classes must submit a

completed New Courtesy Appointment packet with all requested documentation, including official postsecondary transcripts to the FAMU Dual Enrollment Coordinator. The coordinator will review the packet prior to submitting documents to the University's Provost/Division of Academic Affairs.

- D. In the absence of qualified high school teachers, the University may provide adjunct instructors to teach dual enrollment courses on the high school campus, if such arrangements are approved by the University's Provost/Vice President of Academic Affairs. In each case, once an academically qualified instructor is identified he/she must meet all of the requirements established by the School Board before having contact with the students. The process will be coordinated through the School Board by an appropriate member of personnel.
- E. All instructors, regardless of location must meet the University's faculty credentialing requirements set by the Southern Association of Colleges and Schools Commission on Colleges' (SACSCOC) *Principles of Accreditation: Foundations for Quality Enhancement, Current Edition* (section 3.7.1).

- H. Any course, discipline, college, or system wide learning assessments required by the University in non-dual enrollment sections of a course will also be administered in all dual enrollment sections of the course.
- I. The University will analyze student performance in dual enrollment course offerings on high school and college campuses to ensure that the level of preparation for future success is comparable with non-dual enrollment college students. Analyses and recommendations will be shared and reviewed with School Board administrators and principals.
- J. The University and School Board will design strategies for collaborative professional development to improve Dual Enrollment counseling and instructional efficacies, encourage teacher utilization of instructional technologies, address critical needs and issues, and support in-service initiatives.
- K. If a high school wants to offer 15 or more credits on their campus, they must submit a request to the University's Provost at least six (6) months in advance to allow sufficient time for approval and notification to SACSCOC. If approved by University officials, the high school and School Board administrators will work with FAMU officials to create and submit a "substantive change" to SACSCOC. Approval must be received from SACSCOC before the additional courses on the high school campus may be advertised or offered.

Courses not appearing on this list will be awarded high school elective credit with 3 University credit hours translating to 0.5 high school credits.

D. The school board will perform the initial screening and monitor student performance while participating in the Dual Enrollment program. The school's counselors will communicate, as needed, with the University's Dual Enrollment staff in connection with student monitoring (and, if necessary, providing support for) while participating in the Dual Enrollment program.

13. The responsibilities of the postsecondary institution regarding the transmission of student grades in dual enrollment courses to the school district.

Pursuant to s. 1007.271(21)(n)1., Florida Statutes, the School Board shall pay the standard state university tuition rate per credit hour from funds provided in the Florida Education Finance Program to the University for dual enrollment student course credits during the fall, spring, or summer term.

15. Any institutional responsibilities for student transportation, if provided.
