Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### **B. Pupil Outcomes**

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	48	N/A	48	N/A	47
Mathematics (grades 3-8 and 11)	N/A	34	N/A	34	N/A	33

#### 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### **B. Pupil Outcomes**

### **State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### **C. Engagement**

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Oak Valley strives to maintain effective communication with parents and also hosts several activities and events throughout the year that encourage parent involvement. The district began using the Parent Square platform in the 21-22 school year. According to Parent Square data, at the end of the first semester of 2022-2023 school year 52% of parents use the Parent Square app, while 43% receive Parent Square communication via text or email, yielding a 95% parent contact rate. A total of 48% of parents responded to messages that were sent to them. Oak Valley invites parents to all performances, assemblies, sporting events, and schoolwide activities throughout the year. Parents are encouraged to volunteer in the classroom and on field trips. The ELD coordinator worked with families on the Latino Family Literacy Project once a week from October through December, all parents were invited to attend. The Oak Valley 4-H and Ag programs invite parents to attend meetings, events, and activities throughout the year.

Parents are an integral part of the district's decision-making. Therefore, parents are encouraged to participate in School Site Council and ELAC. Parents are also asked to participate in the development of the LCAP through various outlets such as monthly coffee with the principal meetings. Parent surveys are distributed to gather parent input during events that have high parent participation rates, such as parent teacher conferences and open house. Additionally, parents were asked to provide input about what they envision for each of their children during parent teacher conference.

In addition to school led parent involvement, parents are also active in an organization called the Oak Valley Parent Club. The Parent Club meets at least monthly throughout the school year and organizes various activities for students including: trunk or treat, Breakfast with Santa, an annual family dance, and a sports themed activity day at the end of each school year. The Parent Club provides breakfast for the school's monthly PBIS awards and distributes Thanksgiving and Christmas baskets every year to students who are identified as high need within the community.

### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### **Suspensions and Expulsions**

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

#### 2022-23 School Safety Plan

Oak Valley maintains a comprehensive Safety Plan that is reviewed by the district safety team and School Site Council. The Safety Plan is approved by the Governing Board annually. The Safety Plan includes elements such as:

- Fire and Disaster plans and procedures
- School Rules
- Dress Code & Student Conduct Code
- Positive Behavior Interventions and Supports

All employees are trained in various safety procedures and are encouraged to report any potential hazards to ensure immediate attention. Regular inspections are conducted by our maintenance team, Sheriff department, and the local fire department which identifies hazards and corrects potentially unsafe conditions. Monthly and quarterly drills are conducted by our principal so that our students and staff are aware of proper procedures in the case of an emergency. Our goal is to maintain a safe and positive school climate throughout the school year. A comprehensive School Safety Plan is available to the public through our district website and was most recently updated and board approved February 2022.

#### 2021-22 Types of Services Funded

Due to Oak Valley being a small rural school, several support personnel are provided on campus by the Tulare County Office of Education. Within the special education services we are provided a part time psychologist that oversees the most severe socioemotional needs of our students. A part time speech pathologist and a full time Special Education Resources Specialist along with two part-time Special Education Aides are provided in order to service our students on an Individual Educational Plan (IEP). We have a full time counselor who works with students and families to address social emotional and behavioral needs. In addition, the HEART After School Program is provided to extend our learning day for students that wish to participate. We also receive specialized health programs conducted by one of the county's RN nurses. Supplemental and concentration funding also provides after school tutoring and summer school programs.

Oak Valley has various paraprofessionals that offer additional support to our students such as a part time health aide, library aide, three intervention resource classroom aides that support tier II and tier III reading intervention. The VAPA (Visual and Performing Arts) department is growing. We have a part time instrumental music instructor (0.6 FTE) that we share with a neighboring school which provides students with marching band and concert band experience, a drama program who performs one play a year, a dance program that gives students a dance outlet and performs at assemblies, along with an art teacher who provides art instruction to our elementary and middle school students. Due to agriculture being the largest industry in our area, it is vital that we support ag education. Therefore, an Ag Pathway has been created that includes a newly build outdoor garden that includes citrus, nut, and fruit trees along with vegetable planter boxes and a greenhouse. The outdoor garden also provides an area for students to collaborate and conduct scientific labs. Oak Valley's Ag Pathway articulates into the high school's Ag Pathway in which our students have the opportunity to participate in.

The District is part of County CO-OP for support with State and Federal Projects and pays the County for support on financial matters. TCOE is always providing training opportunities in various curriculum, instruction, assessment, and leadership topics.

#### **Professional Development**

Three full days and 29 early release days (Wednesday afternoons) are dedicated each year to staff and professional development focused on continuous improvement. The focus of the PD sessions has been on (1) implementing the Multi-Tiered System of Support (MTSS) in order to improve our intervention program to meet the learning needs of all of our students, (2) Writing practices and strategies, (3) ELD practices and strategies, (4) Social-emotional student supports. Coaching is provided throughout the year and has been focused on literacy, more specifically the Guided Reading program and writing in K-3. Services are contracted with the Tulare County Office of Education.

This table displays the number of school days dedicated to staff development and continuous improvement.
