2022-2023 School Year STUDENT Intent to Enroll Form

Students who are currently enrolled at Southwest Georgia STEM Charter School do not have to go through the registration/lottery process, but we do need to know if you plan to send your child to our school for next school year, 2022-2023. **Please provide the information below and return to the school by Friday, January 28th at 3:00 pm for EACH student that attends Southwest Georgia STEM Charter School. A form must be completed for each of your children - do not assume that submitting a form for one of your children provides intent for all of your children.** If this form is not received by January 28, 2022 by 3:00 pm, the student will not get priority enrollment for next school year. This form will secure your child's spot for next year, but before they can begin classes we will need updated information such as contact information, immunization forms, and any other requested documents. The information needed will be sent out at a later time.

This is a letter of intent to return to Southwest Georgia STEM Charter School for the upcoming 2022-2023 school year.
