Ripon Unified School District 2024-25 First Interim Report and Multiyear Fiscal Projection As of October 31, 2024 Presented December 18, 2024

Interim budgets are a snapshot in time of a district's financial condition. The Governing Board of a school district certifies the district's financial condition to the county office of education through these reports. The First Interim Report reports financial activity from July 1st through October 31st, and projects financial activity through June 30th. Illustrated below is a summary of the State budget and budget guidelines as provided by the San Joaquin County Office of Education as well as the financial condition of the Ripon Unified School District as of the first reporting period. In addition, the First Interim Report contains detailed budgets, multiyear projections, and estimated cash flow reports.

The First Interim report reflects changes since the adoption of the original budget which included known facts and projections as of June 30, 2024.

Routine Restricted Maintenance Account	Minimum of 3% of total GF expenditures (based on actual expenditures)				

Reserves

County offices continue to reinforce the need for reserves in excess of the state minimum reserve requirement of 3% for economic uncertainty. The required reserve for economic uncertainty represents only a few weeks of payroll for most districts. The Government Finance Officers Association recommends reserves, at minimum, equal to two months of average general fund operating expenditures, or about 17%. A prudent reserve affords districts and their governing

boards time to thoughtfully identify and implement budget adjustments over time. Inadequate reserves force districts to react quickly and often causes significant disruption, sometimes unnecessarily, to student programs and employees.

General Fund Revenue Components

The District receives funding for its general operations from various sources. A summary of the major funding sources is illustrated below:

2024-25 General Fund Revenues						
LCFF	\$39,650,696	79.04%				
Federal	\$1,510,835	3.01%				
Other State	\$4,954,106	9.88%				
Other Local	\$4,050,010	8.07%				
Total	\$50,165,647.00					

Operating Expenditure Components

The General Fund is used for the majority of the functions within the District. The largest part of expenditures are salaries and benefits as illustrated below.

2024-25 Expenditures							
Certificated Salaries	\$20,422,625	38.42%					
Classified Salaries	\$7,675,658	14.44%					
Employee Benefits	\$11,307,764	21.27%					
Books and Supplies	\$4,017,106	7.56%					
Services and Operating	\$6,481,085	12.19%					
Capital Outlay	\$2,504,223	4.71%					
Other Outgo	\$748,563	1.41%					
Total	\$53,157,024.00						

First Interim Report Key Guidance

The final budget agreement between the governor and the Legislature addressed the state's budget challenges through reserve drawdowns, spending reductions, new revenue proposals, internal borrowing, funding delays, fund shifts, and deferrals. In the negotiations leading up to the approved 2024-25 State Budget, the governor abandoned earlier funding proposals in favor of suspending Proposition 98 for 2023-24 and creating an \$8.33 billion maintenance factor. This amount will be repaid to LEAs starting with a \$4.07 billion payment in 2024-25. On September 30, 2024, AB 176 (Education Omnibus Budget Trailer Bill #2) was signed, introducing revisions to the enacted budget provisions.

Major provisions in the 2024-25 State Budget include:

• The funded COLA for the Local Control Funding Formula (LCFF), special education and several other categorical programs outside the LCFF remains at 1.07%.

- To develop the budget package, the state finance team created deferrals in prior budget years that did not directly affect LEAs' past budgets or cash flow. Looking forward, the budget imposes a partial deferral of \$245.6 million from the June 2025 payment to July 2025 less than 5% of the most recent June second principal apportionment payment. LEAs unable to meet their financial obligations may apply for exemptions from the deferral.
- The budget includes a \$100 million investment in the Inclusive Early Education Expansion Program to increase access to inclusive early care and education for children from birth to five years of age.
- The budget foregoes a planned investment of \$550 million to support the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program in 2024-25.
- Suspension of the August 15 summer layoff window for certificated and classified staff during the 2024-25 fiscal year.

While the budget has some positive aspects, many LEAs continue to experience chronic student absences, long-term declining enrollment, and various cost pressures such as rising pension rates and energy costs. In addition, all remaining COVID-19 fiscal relief funds (e.g., the Elementary and Secondary School Emergency Relief Fund and the Expanded Learning Opportunities Grant) expired on September 30, 2024. Further, the Arts, Music and Instructional Materials Discretionary Block Grant and the Educator Effectiveness Block Grant will expire on June 30, 2026, while the Learning Recovery Emergency Block Grant (LREBG) is set to expire on June 30, 2028.

As the "Great Recession" demonstrated, minimum levels are insufficient to protect educational programs from severe disruption in an economic downturn. Strong reserves are vital. In the current uncertain environment, districts must maintain fiscal solvency and protect the integrity of educational programs by:

- 1. Maintaining adequate reserves to allow for unanticipated circumstances.
- 2. Maintaining fiscal flexibility by limiting commitments to future increased expenditures based on projections of future revenue growth, and/or establishing contingencies that allow expenditure plans to be changed as needed.

Deficit spending will occur as one time projects are prioritized and expensed, particularly with the restricted COVID related funding. This is a normal occurrence as one time balances are expended. The District will continue to monitor enrollment and Average Daily Attendance (ADA) in order to ensure accurate projections for the following years.

Cash Flow

The District is anticipating having positive monthly cash balances.

Conclusion:

The projection supports that the District will be able to meet its financial obligations for the current and subsequent two years. The Ripon Unified School District certifies that its financial condition is **positive**; a positive certification states that based upon current projections, a district will be able meet its financial obligations for the current fiscal year and subsequent two fiscal years. Administration is confident that the District will be able to maintain an economic uncertainty reserve of six percent, and have the necessary cash in order to ensure that the District remains fiscally solvent.

Contributions to the Ripon USD budget process: San Joaquin County Office (SJCOE), School Services of California (SSCAL), Fiscal Crisis Management Team (FCMAT), California Department of Education (CDE), and California Association of Business Officials (CASBO). A special thank you to Peter Foggiato, SJCOE Assistant Superintendent, Nicole Lorenz, SJCOE Division Director, Rosa Reyes, SJCOE Coordinator and Kathryn Rusk, SJCOE Coordinator.

art IV - Carry-forward Adjustment	
The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates	
oustrate approved for use in a given year, and the actual indirect costs incurred in that year. The carry rollward au[US[II]en] eliminates	

cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the	
approved rate was based.	
Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for	
use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs,	
or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than	
the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.	
A. Indirect costs incurred in the current year (Part III, Line A8)	3,433,873.72
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	208,735.03
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect	
cost rate (7.43%) times Part III, Line B19); zero if negative	100,737.61
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of	
(approved indirect cost rate (7.43%) times Part III, Line B19) or (the highest rate used to	
recover costs from any program (0%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	100,737.61
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which	
the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that	
the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more	
than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward	
adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward	
adjustment is applied to the current year calculation and the remainder	
is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward	
adjustment is applied to the current year calculation and the remainder	
is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3

F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if	
Option 2 or Option 3 is selected)	100,737.61

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
