

Clatsop County Area Counselors - 2022

Provided is a list of local counselors that work with youth. It is highly recommended to perform a free phone consultation to discuss your youth's counseling needs with your chosen counselor and to determine that a proper and successful therapy match has been made.

In today's high tech world, and the increased use of teletherapy (online therapy), families are able to find counselors that fit their child's needs outside our local community. [Psychology Today](#) is an excellent resource in finding the right counselor, based on their scope of expertise and accepted insurance.
