

## **Genevra Miller Description**

Master Teacher

How long have you been in education?

“26 years”

What is your current teaching position?

“English 2 (honors and on-level) and ACT Prep teacher at ITM”

Why are you an Educator?

“I chose this profession in my teens because I wanted a career with a purpose. I'm also a big nerd who loves to learn! I have always had a desire to help develop a love for learning in my students. After 26 years, continuing to help students grow academically, emotionally, and socially is a joy!”

Why is Ingram ISD a great place to work?

“I love the feeling of community and common purpose in our district. I spent years in a very large district where I often didn't even know half of the teachers on my campus, let alone all of the students. I enjoy recognizing every face that walks our halls, students and adults. It is comforting to be a part of a district that doesn't feel like a machine.”

A Quote About Genevra:

“Mrs. Miller embodies resilience in her English classes, inspiring students to navigate challenges with strength and determination. Her impactful teaching methods empower our students to overcome obstacles and thrive both academically and personally.” Brandie Guzman, Assistant Principal at ITM
