Facilities Clarification - New High School Planning

1. There have been no official changes to the original PBHS Construction Project.
 2. PBHS location consideration of Belair has been introduced as a viable possibility.
 - a. ADE/DESE has recommended a limited authority board that could be in place as early as the fall. The location consideration decision will be a topic of this committee to assess.
 - b. The decision will be made with a PBSD Board in place.

Facilities Clarification - Temporary Grade Level Re-Configuration

1. Internal Discussions have taken place among district leadership and building principals on temporary grade level configuration site changes.
 2. The district is finalizing the draft of the plan and will communicate with internal stakeholders (teachers, staff, and students) in listening sessions prior to finalizing and officially communicating the final decisions with all stakeholders.
-

Current Configuration

- 1 - Pre-K
- 4 - Elementary: K-5th Grades
- 2 - Middle: 6th-8th Grades
- 2 - High: 9th - 12th Grades

Draft Configuration

- 1 - Pre-K
- 4 - Elementary: K-6th Grades
- 1 - Middle: 7th -8th Grades
- 2 - High: 9th - 12th Grades

- Middle Level campus would house all district 7th & 8th grade students on one (1) campus
- JRJH used as temporary PBHS

Considerations

- ***Safety** ***Staffing** ***Fiscal Impact** ***Facilities Investment**
 - ***Culture/Climate Shift** ***Avoid construction** ***Possibly Reduce Transition Enrollment Slide @ 6th Grade w/Middle Level Academy**
 - ***None of the campuses will house all high school students**
