Article 9 LEAVES

9.1 Sick Leave (Amended 1999)

- a. The District will credit each employee with annual sick leave on the September pay date. Annual sick leave credit is calculated as 1.25 days per contracted pay period as illustrated below. An employee who does not complete the contract year and has used more sick leave than actually earned will have a like amount deducted from his/her final paycheck.

(Amended 1999; amended 8/2002)

12 Month Employee: $12 \times 1.25 \times 8 = 120$ hours annually

11 Month Employee: $11 \times 1.25 \times 8 = 110$ hours annually

10 Month Employee: $10 \times 1.25 \times 8 = 100$ hours annually

9 Month Employee $9 \times 1.25 \times 8 = 90$ hours annually

These calculations are all based on a full time, 40 hours per week employee.

For employees whose shift is fewer than 8 hours per day, the above formula is multiplied by their FTE percentage, which is derived by dividing their hours worked per week by 40. For example, a 30 hours per week employee (7.5 hour per day) has an FTE percentage of 0.75 (30 divided by 40). See the below example.

9 Month Employee working 30 hours per week: $9 \times 1.25 \times 8 = 90 \times 0.75 \text{ FTE} = 67.5$ hours annually.

- b. Employees may accumulate an unlimited number of days of sick leave. (Amended 1999, 2022)
- c. Sick leave may be used for medical and dental appointments, disability, quarantine, maternity/paternity or illness suffered by the employee or immediate family. (amended 8-6-10)

The Bank will conduct an annual request for members, donation of sick leave days, and will develop procedures for considering use requests. The Bank may assess members an additional day of sick leave if the Bank's balance falls below twenty-five. Members may "drop-out" of the Sick Leave Bank by notifying the Association/Organization but may not withdraw donated days. Decisions by the Bank are final and not subject to the grievance procedure or appeal to the District. The employee will report to work when directed by a supervisor. (Amended 3-3-99) (Amended 9-15-09)

Elective Overtime and Emergency Overtime: (See Appendix B) (Added 9-10-02)

10.16 Para-Professionals will not be required to write lesson plans.

10.17 When positions are approved and amounts assigned to the budget by the Board of Trustees, shifts and budget are established as amounts that should not be exceeded without further authorization. Therefore, the combination of hours worked and leave must not exceed 40 hours.

Each employee's workweek is divided by 5 days to determine the leave amount. For example, if an employee works 30 hours per week regardless of 4 or 5 days worked, a day of leave would be compensated at 30 hours divided by 5 days, equaling 6 hours of paid leave. Hourly employee schedules should be adjusted during holiday weeks so their total compensation does not exceed the authorized budget limit. If their schedule is not adjusted, the compensation for 4 day per week employee would be more than a 5 day per week employee AND the weekly compensation would exceed the budget limit for Friday holidays. Below is an example of compensation for 4 and 5 day per week employees given a Friday holiday if the 4-day work week is not adjusted. In this scenario, Ms. Smith is 5-day employee and Mr. Jones is a 4-day employee. They are both scheduled and budgeted to work 30 hours per week.

	M	T	W	Th	F (Holiday)	Total
5-day Ms. Smith	6	6	6	6	6	30
4-day Mr. Jones	7.5	7.5	7.5	7.5	6	36

This example illustrates why the workday must be adjusted--otherwise the 4-day employee receives a benefit disproportionate to the 5-day employee.

Below is an example to illustrate how a 4-day employee's schedule is adjusted correctly when there is a Friday holiday. Ms. Smith is a 5-day employee and Mr. Jones is a 4-day employee. They are both scheduled and budgeted to work 30 hours per week. Mr. Jones's 30-hour work week is divided by 5 and spread out among the 5 days, with holiday pay occurring on the 5th day, allowing for equitable treatment of both employees.

	M		T		W		Th		F (Holiday)	Total
	Normal	Adjusted	Normal	Adjusted	Normal	Adjusted	Normal	Adjusted		
5-day Ms. Smith	6	6	6	6	6	6	6	6	6	30
4-day Mr. Jones	7.5	6	7.5	6	7.5	6	7.5	6	6	30

In short, when a Friday holiday occurs, the employee's number of approved hours for the week is divided by 5. The result is the number of hours of holiday to be claimed on Friday. It is also the number of hours each shift should be on Monday through Thursday.

There may be circumstances where exceptions to this rule are necessary. Prior permission from the superintendent must be obtained in such cases. The superintendent is the only school official that can act on behalf of the board.

- 21.7 Assignment of Local or Intra-County Field Trips:
- a. Field Trip Defined: Any trip transporting students other than a trip run (see definition p. 24) or a regularly scheduled route shall be considered a field trip. Field trips shall be assigned to schedule route drivers on a point rotation.

 - c. Point Rotation List: Field trip rotation point list shall begin with the seniority list. The most senior shall select first, as in scheduled route selection. When all the drivers on the list have been assigned points, a new list will be compiled every week with the driver with the least total points heading the list and those drivers with progressively more points at the bottom of the list.
 - d. Posting Field Trips: As soon as request for field trips become available, the request shall be posted on the designated bulletin board. Regularly scheduled field trips shall be assigned weekly from the point rotation list.
 - g. Drivers Unavailable: Relief drivers and eight (8) hour people (respectively) will be utilized for field trips only when the point rotation list has been exhausted.
- 21.8 Refusing a Trip: If a field trip driver turns down a trip he shall be assigned the trip point value for that trip and his total point value will grow as if he had made the trip. Field trip drivers shall not be assessed rotation points for turning down trips because of: death in the family; sickness; jury duty; doctor appointment; notification of trip with less than 24 hours; any trip that would cause the driver to violate any provision of the Federal Motor Carrier Safety Regulations.
- 21.9 Trip Records and Corrections: It is the responsibility of the individual field trip driver to maintain a record of the hours and his point value total. If a discrepancy occurs between a driver and the assignment officer concerning either hours or rotation points, the discrepancy must be resolved before that driver can be reassigned. If an impasse occurs between a driver and the assignment officer concerning "points," a group of the driver's peers will review the arguments and make the judgment.

- 21.10 **Dispute Resolution:** Disputes concerning the application or interpretation of this Agreement are subject to Article V – Grievance and Arbitration Procedure of the Negotiated Agreement between the parties.
- 21.11 When a bus route to a school site is not required due to any reason during a day when other schools are in session, the absence of a bus driver on another route shall first be offered to the available drivers by most seniority first before utilizing relief drivers. (added 2005)

 - c. **ELIGIBLE DRIVERS-** Licensed endorsed drivers having successfully completed (as certified by the supervisor) trip runs, beyond a regular route, with a partner driver.
- 22.2 Compensation for trip runs is extra-duty and not eligible for PERS contribution, and shall be calculated as follows: (Amended 2002)
- (Round Trip Miles divided by 42 Miles per Hour times the hourly rate) + (4.0 hours times the hourly rate) + (8 hours times hourly rate for overnight trips). (Amended 1999, amended 8/2002)
- Voluntary Trip Run drivers are not eligible for PERS contributions unless the following procedures are enacted:
- a. If through the assignment process for trip runs a trip remains unassigned and all trip drivers have either accepted an assignment or “zeroed out” for that assignment week the district will ask that those who zeroed out, in order of bidding position to consider accepting the open trip. If after this second offering the trip remains unassigned the district may elect to offer the trip to a qualified trip driver at that employee’s regular rate of pay for their normal working hours.
 - b. The district reserves the right to deny an employee the option of the assignment if the district can demonstrate a reason why the employee should remain at their normal job duty.
 - c. The affected driver will be compensated at their regular rate for the first eight hours of the trip, including PERS contribution, and then be compensated at the trip driver rate of pay that is not eligible for PERS contribution.
(added 2/29/07)

Selection of qualified members of the Organization for specific trip runs shall be through a rotation system. The make-up of the rotation system shall be mutually agreed by the District and Organization.
- 22.4 Bus drivers will be used whenever more than eight students are being transported. The District may elect to transport eight, or fewer, students without using a bus driver. The District and Organization may mutually agree to waive this provision.
- 22.5 Bus drivers will not be required to serve as chaperones while driving trip runs or field trips but will assist when possible. Supervision shall not interfere with required rest periods.

- 22.6 The District may transport adult groups exceeding eight passengers up to six times in any given school year without using a bus driver.
- 22.7 Seniority and Bidding: The first trip driver assignments of a season shall be based on seniority. Seniority shall be an employee's length of continuous service since the date of his or her employment (hire date). The driver with the most seniority shall head the point rotation list, the driver with the second amount of seniority shall be second on the list, and ending the list shall be the person with the least amount of seniority. The person making the trip driver assignments shall be the "assignment officer."
- 22.8 Posting Trips and Rotation Roster: The assignment officer shall post – on a designated bulletin board that is open and accessible at all times during normal working hours and provide each driver a copy of the upcoming trips as soon as all pertinent information is available but not later than 3:00 PM on Tuesday (added 6-29-07) (amended 8-6-10)
- a. The posted itinerary shall state: (Amend 4/10/2003)
 - (1) The destination
 - (2) If the trip is a "looper" or "overnighter" (see definitions above)
 - (3) The group(s) name
 - (4) The departure and return times
 - (5) The point rotation value of the trip.
 - (6) The number of the bus assigned to the trip. Factors to be considered in bus assignment include:
 - a. Number of participants.
 - B. distance of the trip and
 - c. level of student completion, (varsity, JV or middle school). Bus assignments will not be changed for the convenience of the driver.
 - b. The selection of trips shall occur (whenever possible) on the Wednesday of the assignment week. The driver with the most seniority shall have the first selection of the available trips posted for the assignment week. The driver second on the seniority list shall make the second selection, third will make third selection, and so on down the list until all posted trips have been assigned.
 - c. When all assignments for the week have been completed, a new list will be made placing those drivers with the most rotation points at the bottom of the list, and numerically regressive points higher on the list, but beneath the seniority list.
 - d. Following every weekly assignment, a new point rotation list will be made. When all drivers have been assigned points, the point rotation list shall have the driver with the least amount of points heading the list, followed by the drivers with a progressively larger amount of points. The point rotation list then becomes the basis for assigning trip assignments for the remainder of the season.
 - e. If there is a blank space for one or more trips on the assignment sheet that has been vacant for one or two days prior to the freeze point (48 hours prior to departure), the assignment officer at the freeze point shall assign the eligible drivers(s) the posted trip points, exclude him/her from the trip and assign the trip to the next eligible driver whom they can contact.
 - f. Drivers who have signed the assignment sheet in a timely manner are assured that if a late trip is posted prior to freeze point, the assignment officer will contact the signed drivers who can by position on the assignment sheet either accept or reject the late trip. The second listed driver may have another option other than their first choice.
- 22.9 Assignment Meetings: The Tuesday assignment meeting 10:00 a.m. bus garage, central office should be attended by all drivers who might be assigned the following week. If it is not possible for a driver to attend the assignment meeting, the driver should acquaint himself with the up-coming trips during the days prior to the assignment meeting and provide to the assignment officer a list of his or her choices, first through last, of the available trips.
- a. Failure to attend: If a driver does not attend the assignment meeting and does not provide a list of his or her priority trips, the assignment officer will assign trips within two (2) working days prior to departure utilizing the policy that the first assignment will be awarded to the driver heading the list, and will be assigned the trip with the greatest number of points. (Amended 4/2003)

- b. Trip drivers understand that regardless of their position on the assignment sheet, once they have signed for a trip, the signature is indelible. The only permissible switching is between mutually acceptable drivers, prior to per diem requests being submitted.
 - c. If two or more drivers achieve the same numerical value of points at the end of the week (EOW) they will remain in the same position on the next assignment sheet as they had at the beginning of the week (BOW).
 - d. Should a driver turn down two trip assignments the preceding week that will automatically place that driver at the bottom of the assignment list.
 - e. Any medical excuse for one assignment week (Wednesday-Tuesday) or longer, will automatically place that driver at the bottom of the assignment list. A driver healthy enough to drive their regular route is obligated to drive their trip run.
 - f. In case of a late trip assignment and before per diem requests are filed, the driver heading the assignment sheet and who has made a trip selection, has three options:
 - (1) The driver can accept the late assignment.
 - (2) Can retain their original selection.
 - (3) Can mutually trade assignments with another driver. The driver does not have the option of BUMPING any other driver who has made a trip selection.
 - g. In case of a trip cancellation which occurs prior to per diem requests being filed, the cancelled driver may bump for any remaining trip her or she was originally eligible for. This will initiate the domino bumping procedure.
 - (1) If two drivers were involved in the bumped trip, the driver who selected second would be bumped. The unaffected driver does not have bumping privileges.
 - (2) If two drivers were involved with a cancelled trip, the first signed driver would bump first, the second driver would bump second, individually or collectively, following the above procedures. The first bumped driver(s) can then bump any remaining trips for which they were eligible. The domino effect continues until the assignment sheet is completed.
 - h. Assignment by Point Rotation: The second assignment will be assigned to the driver second on the point rotation list, and will be assigned the trip with the second highest number of points, and so on until the assignment list is complete. Other variables such as two trips with equal point values, different destinations, or different departure times will be assigned at the discretion of the assignment officer.
 - (1) Refusing an Assignment: Should a driver turn down a trip he shall be assigned a point value equal to the highest value of **one of** the remaining trips, so that his or her total points would accumulate as if he had made that trip. On trip runs, it shall be the responsibility of the driver to record the pre and post mileage and record the round-trip mileage on his or her daily log. It will then become the duty of the assignment officer to recalculate the point value of the trip using the amount column formula on the contract sheet. The amended point value will be posted on the next assignment sheet the second working day after the driver returns to determine the driver's next bidding position. (Amended 2002)
- 22.10 Late Notification: If a driver misses a trip with a higher point value because of late notification, he shall be paid at the rate of the trip he missed.
- 22.11 Itinerary: Trip drivers shall be in possession of an itinerary 48 hours in advance of departure time. Items marked [*] below may be exempted from the 48-hour advance notice and be presented to the driver at time of departure, at the latest. (Amended 2002)
- a. The itinerary shall identify the following:
 - (1) Destination
 - (2) Departure including bus arrival time at school prior to loading of students and departure time from school, length of stay. Driver's arrival time should be 15 minutes prior to bus departure time. (amended 8-6-10)
 - (3) Dates
 - (4) * Route
 - (5) * Rest Stops

- (6) * Eating places and times – to be determined by the coach and driver
 - (7) Time and place of performance
 - (8) If overnight, the motel and phone number
 - (9) * List of all passengers and their function (to be provided at time of departure)
 - (10)* Length of post-performance clean-up time
 - (11)* Driver admission (whether sponsor will pay).
 - b. Should an itinerary not be provided, it shall be the responsibility of the driver to determine the route to be taken to and from the activity.
 - c. Once set, the itinerary shall only be changed by mutual agreement of the driver and the person in charge of the activity.
 - d. Should the administration fail to provide a driver with a complete itinerary 48 hours prior to departure, the driver shall receive two hours of compensatory pay (2 x hourly rate on salary schedule). This requirement may be waived by mutual agreement of the parties.
 - e. Any time after the driver has signed the assignment sheet and there is a change in the posted itinerary, the driver shall be personally notified of such change. (Amend 4/2003)
 - f. Trip drivers will receive one-half hour pay for pre-trip vehicle preparation of school bus trips.
 - g. Trip drivers will be given adequate time to transport the bus from the bus garage to the student pick up area.
- 22.12 Mileage Calculations and Daily Log:
- a. Round trip mileage is calculated from portal to portal.
 - b. Driver must turn in his daily log complete with round trip mileage by 10:00 a.m. the next working day following trip completion. Failure to turn in round trip mileage on time will require point assignment by contract amount and no adjustment to be paid at a later date.
 - c. Relief Driver: On loopers runs, when a relief driver relieves a driver who will be beyond the five (5) hour one way driving time, the exchange shall take place at the mid-point of the “on duty” time at the turnaround point (see FMCSR p. 64), provided a second driver is not provided. (Added 1999)
 - d. Rest Accommodation: If the expected portal to portal time for a driver(s) exceeds 15 hours (Article 395.3 Federal Motor Carrier Regulations), rest accommodations will be provided at the turnaround point, provided a second driver is not provided. (Added 1999)
 - e. Per Diem: For any extracurricular trip, the driver shall receive full per diem meal expense money paid in the same manner as a coach or advisor. When portal-to-portal time is twenty-four (24) hours or longer, the driver(s) shall receive his hourly rate of pay for each hour over 24 hours. (amended 9/15/09)
- 22.13. Formula For Trip Points: Trip points shall be determined by multiplying the hourly rate times the number of hours compensated, plus (in the event of an overnight trip) \$92.32.
- 22.14 Guidelines and/or Policies:
- a. Under the following emergency conditions a driver will not be assessed trip driving points for turning down a trip for the following conditions:
 - (1) Death in the driver’s immediate family just preceding the driving assignment;
 - (2)* Doctor’s or medical appointment of the driver or his immediate family which could only be accomplished by the driver;
 - (3)* Assigned jury duty;
 - (4) Driver sickness that might impair the safety of the trip. A driver’s repeated cases of sickness may be subject to review by a group of his or her peers who would determine if a change of assignment points might be justified;
 - (5) When notification is less than 48 hours. It is understood that should a driver take the trip, driving points will be assigned.
 - (6)* Any member eligible under Articles 9.3 and 9.4.

*To dispel any suspicion of impropriety concerning the use of emergency conditions and non-assessment of trip points, the assignment officer must be notified of that date prior to the posting of that week’s assignment sheet.

- b. Extended Trips:
 - (1) A trip driver returning from a trip after retiring his or her bus later than 12 o'clock midnight shall not be assigned another trip assignment until he or she has had ten (10) consecutive hours off duty.
 - (2) Trip driver returning from a trip later than one (1:00) a.m. shall not be assigned a local run nor his or her regular run until said driver has had eight (8) consecutive hours off duty. (Amended 9/15/09)
 - c. Excused from a Trip: On long extended out-of-state trips, assignments will be made from the point rotation list. A driver who is unfamiliar with either the route or the destination and is uncomfortable in the high volume, high speed, freeway driving may turn down such a trip without losing points on the point rotation list.
 - d. Exchanging Trips: Assigned trip drivers may mutually exchange driving assignments prior to the time per diem check requests are turned into the central office by notifying the assignment officer. Per diem check requests shall not be presented to the Central Office more than two (2) working days prior to departure time. After check requests are turned in, no changes may be made and non-assigned drivers must remain in their numerically listed position on the point rotation list. (Amended 4/2003)
 - e. Disciplinary Suspension from Trips: If a driver is assigned "time off" because of disciplinary action by the district, his or her rotation on the point rotation list will continue, and he will continue to accrue points as if he or she were completing the assignments.
 - f. Trip Records and Corrections: It is the individual driver's responsibility to maintain his or her own record of trips and rotation points. If a discrepancy occurs between driver's record and the posted point rotation list, the discrepancy must be corrected with the assignment officer before the next week's trip assignment. If a discrepancy is not adjusted within the above-mentioned time frame, the assignment officer's posted point rotation list will stand. If an impasse occurs between a driver and the assignment officer concerning "points," a group of the driver's peers will review the arguments and make the judgment. The District and Organization will provide training in maintaining trip records and the rotation point system.
- 22.15 Current Driver List: The history of the past several years show the present list of twelve (12) trip drivers have adequately covered the trip assignments. The present list of twelve (12) drivers shall constitute all trip driver assignments. If and when the district can show twelve (12) drivers cannot cover the trip assignments, new trip drivers will be recruited from senior drivers doing regular runs.
- 22.16 New Trip Drivers: New drivers on their first assignment to the point rotation list, and assigned drivers returning from extended leave, shall be placed at the bottom of the point rotation list, each separated by one-tenth (1/10) of a point according to seniority. (Amended 2002)

APPENDIX B

ELECTIVE OVERTIME AND EMERGENCY OVERTIME

The White Pine County School District and the White Pine County Support Staff Organization agree to the following regarding the assignment of overtime. This Memorandum of Understanding shall become effective upon placement of the last signature hereon and shall be part of the fabric of the Negotiated Agreement between the parties.

1. Elective overtime shall be offered first to employees within the designated work assignment, in the building where the work is to be performed. In the event elective overtime is needed at a District facility other than an active school building, the overtime shall be offered to employees in the designated work assignment based on district-wide seniority.
2. If no regular employee within the designated work assignment accepts the elective overtime assignment it will then be offered to other regular staff members of the designated work assignment based on their seniority in the district. The most senior staff member within the designated work assignment will have first choice. It will be offered to successive staff members by order of seniority.
3. If no regular employee within the designated work assignment accepts the elective overtime, the district will seek assistance from employees in related job classifications. Example: Custodial overtime shall be offered to custodians first, then to maintenance and grounds employees, others, and lastly to substitute workers.
4. When overtime is offered it shall identify the job classification on which overtime wages are based. Employees working overtime outside their job classification will be paid according to their experience step, but based on the pay rate for the job classification in which overtime is offered.
5. Notification of all overtime opportunities will be made not less than three (3) work days in advance of the work to be performed via school email. It is the employees' responsibility to respond to the email within their regular work schedule.
6. If the district fails to properly notify employees of the opportunity for elective overtime the most senior staff member in the designated work assignment who would be eligible for the overtime will receive overtime pay equal to the number of hours completed by the assigned employee.
7. Emergency Overtime will follow the procedures outlined in numbers one (1) and four (4) above.
 - a) In the event overtime is not accepted by the first called pursuant to number one (1) above, the District is free to call any employee who will complete the work.

Definitions:

Elective Overtime: Any overtime assignment in which the district has advance notice. This includes, but is not limited to such things as scheduled athletic events, teacher training held during the weekends or extra building clean up.

Emergency overtime: Overtime required due to an unforeseen event for which the district has less than 24 hours notice. This includes, but is not limited to, emergencies involving the weather or structural/security issues.

**Memorandum of Understanding

This increase will sunset at the end of the contract year, with teachers receiving their final paycheck in July 2027 unless otherwise agreed upon by the District and the Association in negotiations.
