2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Vallecitos Elementary School was established to serve the unincorporated community of Rainbow in northern San Diego County, California. The establishment of the school district dates back to 1885 making it a long-standing institution within the community. During the 2023-2024 school year census count, Vallecitos recorded 190 students in grades TK-8.

Vallecitos School serves the following demographic groups:

86.32% Hispanic

2024-25 School Description and Mission Statement

0.53% AM Indian/Alksn Nat
1.05% Asian
0.53% Black/African Am
11.58% White

Socioeconomic Disadvantaged: 81.02%
English language learners: 42.05%
Students with disabilities: 14.36%
Migrant Students: 18.97%

Vallecitos School has one teacher per grade level and smaller class sizes than most neighboring schools. During the 2024-2025 school year, we operated two combination classes (1-2 and 2-3) in response to the financial uncertainty caused by the expiration of COVID era funds and the inflationary economic environment. The staff are dedicated to implementing the Multi-Tiered Systems of Support (MTSS) Framework to improve the academic achievement, behavioral, and social-emotional needs of all students. The school employs a Principal / MTSS Coordinator to help promote, support, and coordinate our efforts to implement a strong MTSS program.

The mission of the Vallecitos School District is to:

- Develop clear and focused learning goals based on high expectations of every student and staff member.
- Monitor student learning frequently to guide instruction and improve student learning.
- Provide a safe and orderly environment and a collaborative school-wide culture.
- Build positive and productive parental relationships.
- Encourage all students to become productive citizens.

Vallecitos School District Core Values: As a collaborative team, we will...

- Hold high expectations and implement equitable practices that support student learning.
- Frequently monitor student learning.
- Involve every student in setting academic goals.
- Ensure all school related decisions are guided by what is in the best interest of student learning.
- Provide a safe and orderly school environment.
- Demonstrate integrity and hold students and staff accountable for their actions.
- Treat students and staff fairly and with respect.
- Praise and encourage students.
- Encourage students and staff to ask for help and be willing to help others.
- Maintain open communication with staff, students and parents.
- Arrive to school each day with a positive attitude.
- Be flexible and open-minded to new ideas.
- Contribute time and effort to Vallecitos so the district can run effectively.

School Facility Conditions and Planned Improvements

- A Facilities Inspection Report is completed by the custodian and/or designee to the Superintendent on an annual basis. A copy of the report is kept in the Superintendent's office.
- The overall condition of the school facility is rated as "good."
- Since FY 2015-16, the district set aside \$75,000 each year to maintain and improve facilities projects with the highest priority.
- The Facilities Inspection Report provides an overview of areas in "good" condition, and a variety of areas needing repairs and improvements. The report is available upon request in the school's main office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Vallecitos School is dedicated to partnering with our parents and creating a welcoming, collaborative environment. Our faculty and staff value the key role each parent plays to ensure our students receive the best possible education. The faculty and staff welcome opportunities to collaborate with parents and work together to improve student achievement outcomes. Vallecitos invites parents to volunteer and help support the success of our students. The following list describes several ways that parents can support our programs.

- Become a member of the Vallecitos School Site Council committee.
- Become a member of the District English Language Advisor Committee (DELAC).
- Become a member of the PTO or join the PTO board.
- Volunteer to support an after school club, such as art, science, or music.

Professional Development

Vallecitos Elementary School follows the Professional Learning Community (PLC) model. Teachers collaborate across designated grade spans to vertically integrate their efforts to improve student learning. The following are key questions asked by our staff when collaborating as a learning community:

- What do we expect all students to learn?
- How will we know when they have learned it?
- How will we respond when they don't learn?
- How will we respond when they already know it?

Teachers attend staff development training based on individual interests, school wide trends, focus areas, and data collection analyses. Teachers receive professional development during designated professional development days prior to the start of school, at bi-weekly after school meetings, and during the school year. Additionally, the faculty also have the opportunity for bi-weekly collaboration as a PLC team. Teachers are further supported with additional time to collaborate, plan, and implement lessons. The following list illustrates the professional development focus over the past five years.
