- III. Reports
 - a. Cheer and Charity - Stephanie Moeykens
 - Big success with donations. Felt more organized than last year. We donated to Prince and Keeling Elementary schools.
 - We collected 63 balls, 78 blankets, over 100 books, 73 board games, over 100 toys, 55 stuffed animals, and 26 \$20 gift cards
 - 12 volunteers drove donations and sorted clothing/household goods
 - Students were able to pick a gift depending on the student they were assigned and then they played and ate lunch with them.
 -
 - b. Visitor Management System Update- Alexis Moyer
 - The process is getting smoother as we increase usage, though we have been having to redirect some visitors that try to just walk through. We will definitely need a better set up before long as it is connected to only the attendance clerk's computer and it is disruptive if she is busy. A tablet will hopefully alleviate the disruption.
 - c. Principal's Report- Emma Batty
 - There are a few projects planned for over break- painting the door half moons, re-painting crosswalks, and painting parking lot arrows.
 - Our enrollment has declined for the lower grades. Since 2020, we are down around 60 students. Because of this, the 24-25 school year will have kindergarten and 1st grade consolidated to three classes each.
 - We will have Kindergarten Roundup the Wednesday after we return from break. Hoping to stir up some excitement.

d. Treasury Report- Alexis Moyer

- Starting to see an increase in year-end tax credit donations. Individuals are able to make them up until the tax deadline. We are adding a note to the newsletter to remind families of this opportunity.

e. PTG Report- Sent to Amy Tometich

- We had a successful Disney Giveaway. The top prize went to an out of state winner who bought one ticket while visiting.
- The holiday shop had a great turnout of both students and volunteers.
