

Call Out for October 1, 2021

This is Richard Dennis, Superintendent of Elmore County Public Schools.

COVID-19 numbers have decreased again this week with 5 employees and 25 students having reported tested positive. We continue to encourage everyone to take any necessary precautions, especially those with health issues.

Information on the Emergency Broadband Benefit is located on the Elmore County website and provides the options to those that qualify to receive free internet services.

The Elmore County Parent Portal was opened this week and letters with instructions and access codes were sent home with students. Contact your student's school if you have questions.

Finally, if you would prefer to get my call outs and other system-wide communications texted to you through Remind, visit the Elmore County Public Schools website and follow the registration process.

We appreciate your support and have a great weekend!

*Every Student Empowered, Every Student Succeeds.*

Richard Dennis
