

CST STUDENT BEHAVIOR OBSERVATION LOG

Use this log to document specific, observable student behaviors over time. Record what was seen, when it occurred, what happened before, and what interventions were attempted. This log helps teachers prepare evidence for Child Study Team meetings.

Student Name: _____ Grade: _____ Teacher: _____
Observer: _____ Date Range: _____ to _____
Primary Concern: _____

1. OBSERVATION ENTRY LOG

Date	Time	Location / Activity	Observable Behavior (what the student did/said)	Antecedent / Possible Trigger (what happened before)	Intervention Attempted	Student Response / Outcome

2. PATTERNS / SUMMARY

When is the behavior most likely to occur? _____

Are there common triggers or patterns? _____

How is the behavior affecting learning, peers, or classroom functioning? _____

3. ADDITIONAL SUPPORTS ALREADY ATTEMPTED

- | | |
|--|---|
| ☐ Redirection | ☐ Break / cool down |
| ☐ Reteaching expectations | ☐ SEL check-in |
| ☐ Change of seat | ☐ Behavior incentive |
| ☐ Private conference | ☐ Peer support |
| ☐ Visual reminder | ☐ Modified task |
| ☐ Parent contact | ☐ Other: _____ |

Number of parent contacts: _____

4. TEACHER REFLECTION / CST PREP

What concerns do you want the CST to help you problem-solve?

What additional support are you requesting?

Please use observable, specific language. Avoid labels; describe what the student did or said.
