

WHAT IS THE IB CORE?

All Diploma Program students participate in the three requirements that comprise the core of the program:

- Theory of Knowledge (TOK)
- Creativity, Action, Service (CAS)
- Extended Essay (EE)

Reflection throughout all of these activities is a principle that lies at the heart of the Diploma Program.

The IB philosophy of developing the whole person is best achieved by identifying and developing clearer and more explicit aims for and relationships between TOK, CAS and the EE.
