STUDENT PUBLICATIONS
CATEGORY = RECOMMENDED

The Principal may authorize school-sponsored publications, such as annual yearbooks, student newspapers, and Internet web-sites. All publications will conform to rules established by the Principal. Any publication not approved by the Principal will not be considered a school publication and shall not be distributed on school property. Further, school district resources shall not be used for the production, printing, posting, or assembly of any non-approved publication.

All school publications will be under the supervision of the Principal or his/her designee. The Principal or his/her designee has the right to limit or edit the contents of any school publication. There is the assumption that nothing published in student publications will be libelous, slanderous, obscene, advocate illegal activities, infringe on copyrighted material, or otherwise cause substantial disruption to school activities and functions. The Principal or his/her designee will review all school-sponsored publications before they are printed, posted or distributed to ensure the publication conforms to these standards.
