

**Stanfield Elementary School District  
Transportation Department**

**August 15, 2025**

Dear Stanfield Families,

I want to take a moment to introduce ourselves — I am **Chantell Waggoner**, your new Transportation Manager, and with me is **Carmen Kaiser**, our Transportation Administrative Assistant. The Stanfield School District has gone through some challenging times as we've transitioned from prior management, but please know that our focus is, and will always be, the safe and reliable transportation of your children.

Unfortunately, earlier this week, our department experienced a **unforeseen incident**, which significantly reduced our available vehicles and drivers. Combined with existing staffing shortages, we currently have only **two buses and two drivers** (one of them being myself) covering all active routes. Please stay up to date as we post current and ongoing information to [goroadrunners24.com](http://goroadrunners24.com).

To keep transportation as safe and efficient as possible, we have made temporary adjustments:

- The **Gray 2** and **Orange** routes have been **eliminated**.
- All student transportation **within a 9-mile radius of the school** is **suspended**.
- For families in the suspended areas, we have arranged a **group pick-up/drop-off location** at:

**Beacon of Hope Community Center**  
36680 W Cooper Dr, Stanfield, AZ 85172

Shuttle service from this location to the school will begin at **7:20 a.m.**

We understand this may cause inconvenience, and we truly appreciate your **patience, understanding, and cooperation** during this time. Please consider **carpooling** and **helping neighbors** when possible. These changes are **effective through the end of the quarter**, at which time we will reevaluate and update everyone.

Carmen and I care deeply about every student in our district and are giving our all to rebuild the Transportation Department. The support and kindness of the Stanfield community mean so much, and we are confident that, working together, we will get through this and restore full service.

If you have questions or concerns, please contact our office at **(520) 424-0238**.

With gratitude,

**Chantell Waggoner**  
Transportation Manager

**Carmen Kaiser**  
Transportation Administrative Assistant
