From Curriculum and Instruction: (Ms. Pallan)

The guidance department is starting one of their busiest times of year. The counselors will soon be starting student registration for the 2023-24 school year (if you can believe that). At the same time, they will be starting evening activities to assist seniors in completing their FAFSA applications.

Our guidance department does an amazing job in getting students to complete their FAFSA, in fact, SMHS has finished in the top 1% of all high schools in the state for completion rates for the past three years. Pretty awesome!

From Student Services: (Mr. Diaz)

E-3, formerly known as (REACH), has been brought back to SMHS campus and will be housed in room 904 in the Lincoln Center across the street. Mr. Constanza has taken the position. This program is geared to help students who may need a self-contained classroom environment. We will be working with the counseling department to select some of the students.

From the Office of the Dean's: (Mr. Manfreda)

Mrs. Morales and I would like to welcome you all back to school after hopefully a restful Winter Break. Just as a reminder that before and after school student tutoring will resume starting Tuesday January 17th (please see below).

Staff, if you haven't had a chance to take the Class Charging Station Survey, please do so at your earliest convenience.

Random tardy sweeps will begin the week of 1/17/23. Please remind your students to be on time for class.

From the principal:

Good afternoon and congratulations completing your first week back from winter break. I feel our professional development day went pretty well considering we had just weathered a **national disaster** the day before. The whole event reminded me what a great group of people we have at SMHS, especially when things get tough. Despite the weather messing up all three days of preparation, the students came Thursday and everyone pitched in to make the day a success. Everyone should be proud of what we accomplished this week.

As we head into 2nd semester, we are going to be focused, again, on graduation rates and A-G completion rates as usual. We will have the Orenda data reveal on Jan 30th and we will see what input they have for us in our efforts to continue school improvement. And last but not least, we will see the construction and the pending move into the new building play a larger and larger role for us as the spring approaches.

So, spring promises to be an eventful semester, as they all are. The good news is we have ways to take these things into account without it blowing our school off its course. I look forward to these challenges and know that we will come through with flying colors. Have a great 3-day weekend!

Sincerely,

(Steve Campbell, Principal SMHS)
