Research from the National Coalition for Parent Involvement in Education shares that "no matter their income or background, students with involved parents are **more likely to have higher grades and test scores, attend school regularly, have better social skills, show improved behavior and adapt well to school.**

Ways you can be involved can be as simple as making sure you are signed up for your student's teacher's Class DoJo. We also have PTO meetings once a month.

Fun Fact: Tennessee is the birthplace of the tow truck. Ernest Holmes, of Chattanooga, invented the vehicle in 1916.
