Dear Parents/Guardians:

Yesterday, our United States Deputy Secretary of Education, Cindy Marten, heard about our LSCS STREAM and MakerPlace program's history and effectiveness and was highly impressed. She provided feedback on how our school is on track with nurturing and cultivating best practices. Attached, you will see an article about her message and the focus of yesterday's meeting.

U.S. Deputy Secretary of Education Cindy Marten to Visit Mesa Public Schools to Kick-off "Raise the Bar: Lead the World" Tour and Highlight Next Education Workforce Model
