

1.

# How to Use an iPad

## Turn on the iPad

Press and hold the top button until the Apple logo appears.

Note: If the iPad is ON but the screen goes dark, you can wake the iPad by doing one of the following:

• Press the top button.

• Press the home button.

• To go to the Home screen, swipe up from the bottom edge of the screen or **press the Home button**.

• Swipe left or right to browse apps on other Home screen pages.

2.

# How to Use an iPad

## Connect iPad to a Wi-Fi network (Jetpack)

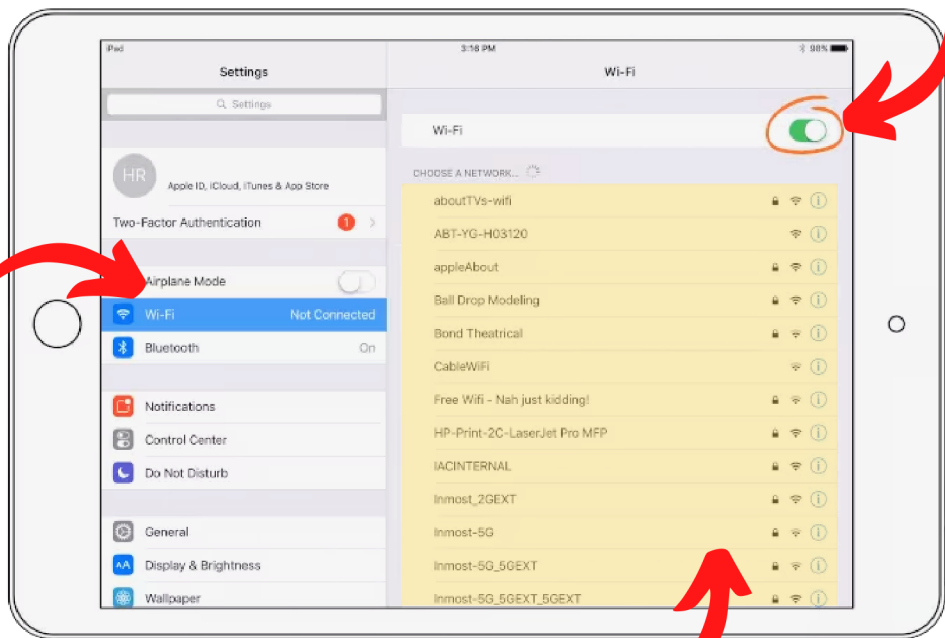

Settings

1. Go to **Settings**.

3. Then **turn on Wi-Fi**.

2. Tap **Wi-Fi**

4. **Choose the Wi-Fi network** listed on your jetpack (or your home WiFi network) from the list of available networks.

5. **Enter the Wi-Fi network Password**, then click **Join**.
