B. District Action Upon Violation of Policy

An employee who violates this policy may be subject to disciplinary action; up to and including termination of employment. Alternatively, the Board may require an employee to successfully complete an appropriate drug- or alcohol-abuse, employee-assistance rehabilitation program.

The Board will take disciplinary action with respect to an employee convicted of a drug offense in the workplace, within thirty (30) days of receiving notice of a conviction. Should District employees or contracted personnel be engaged in the performance of work under a federal contract or grant, or under a state contract or grant, the Superintendent will notify the appropriate state or federal agency from which the District receives contract or grant moneys of an employee/contracted personnel's conviction, within ten (10) days after receiving notice of the conviction.

The processes for disciplinary action shall be those provided generally to other misconduct for the employee/contractor personnel as may be found in applicable collective bargaining agreements, individual contracts, School Board policies, contractor agreements, and or governing law. Disciplinary action should be applied consistently and fairly with respect to employees of the District and/or contractor personnel as the case may be.
