Dr. Jack C. Gaham, III
Superintendent of Schools

Dear Parent/Guardian:

According to your child's health records, he/she has a history of asthma/and or a rescue inhaler or has an allergy and a history of an epi-pen prescribed by a physician. Please be aware of the following:

- We have not yet received an inhaler and/or epi-pen to be kept at the school. Therefore, if your child has asthma related symptoms, respiratory difficulties, known allergy exposure, or severe allergy symptoms/anaphylaxis, EMS will be called.
- If your child has an inhaler and/or epi-pen and is now a self-carry, a completed medication form must be submitted to the school.
- Please remember that it is your responsibility as the parent/guardian to update the school office with any new medical concerns or changes to your child's health. If you feel your child no longer needs these medications, please speak with your child's physician and provide the school with written notification.

By signing below, you are acknowledging receipt of this information and releasing Beecher 200U from any and all liability concerning your child's attendance at school without the physician ordered inhaler and/or epi-pen.
