## Facilities Subcommittee Report

**April 9, 2024**

### **Items for Information and Discussion**

#### **A. NMHS Updates**

##### **1. NMHS Woodshop HVAC**

Hawley Construction has ordered the new dust collector and it has a tentative ship date of mid-May. Coordination for work will be scheduled closer to that arrival date.

##### **2. Roof Project**

A solution for addressing the missing fasteners and clips is still being developed. Leaks still persist in some isolated areas. Greenwood is aware and continues to make site visits to address them.

##### **3. Belfor Restorations**

Belfor Restoration has completed all remediation work associated with the fire of July 2022.

##### **4. Gym Floor**

A rendering of the NMHS gym floor has been brought to this meeting for review.

#### **B. Sarah Noble Oil Tank**

A compliance plan to address the CT DEEP notice of violation was submitted by Weston & Sampson on behalf of the schools. All oil has been removed from the tank and scope work is being developed for the permanent closure of that underground stage tank.

### **C. Central Offices**

The next step would be to pursue the services of an A & E firm to conduct a feasibility study including site analysis.
