OUR NATION'S HISTORY

The United States National Park Service was created 110 years ago in 1916. One year later, Yellowstone National Park became the first park managed by this new service. The poster to the right is an ad from the 1920's for railroad trips to Yellowstone to see the new park's amazing geysers and plentiful wildlife. In 2025, recreation visits to all 400+ Park Service sites topped 320 million!
