Tell us about the person who inspired you to become a leader.

My mom is my mentor and guide. She taught me from the beginning that education was the key to success. Although she was a registered nurse, she was the most patient and strategic educator I knew. She took the time to prepare me in my formative years for education and even shared her love for the medical field with me as she studied nursing. I am forever grateful for the head start she sacrificed for me and want nothing more than to see others receive the same blessing.
