Richard E. Dennis, Superintendent
Jason M. Mann, CSFO

August 9, 2023

All Elmore County facilities have been inspected by an EPA-approved asbestos inspector. We maintain a management plane in the school office and maintenance building as required under the AHERA relations. The plan is available for any parents to review.

Most of our asbestos containing materials are in the form of floor tiles and are non-friable material. Although we do have some friable material, (able to crumble with hand pressure), suspect asbestos in our facilities, these materials are well maintained and are not accessible to our students. The law requires that we make this notice to all employees, students, and staff annually.

We are glad to provide a safe and healthy atmosphere for students and staff.

Elmore County Board of Education

Every student empowered. Every student succeeds.
