### From the Principal: (Steve Campbell)

Good afternoon Saints, this week the message and the Kudos are bundled together. As “the move” quickly approaches, there are a lot of questions to be answered about the process and how this whole thing is going to work. It is a huge undertaking, and every person has their own unique set of challenges and needs.

It is times like these when SMHS needs a hero, and fortunately we have one. Caren Russom came to Tyson and I and asked if she could help with the communication part of this move. As we brainstormed, it became clear that another layer of communication would really help. In the end, Caren offered to schedule an appointment with each teacher who will be going through a move this summer (into the new building, or just into a new location, not new building) and walk them through the questions that are frequently being asked. Packing procedures, box labeling, what the rooms look like, what does the furniture look like, when am I scheduled to move, where is my new room located in the new room, to name a few. Caren has offered to clear up any of these questions as well as follow up with any new questions that a staff member may have.

The hope is that a one-on-one meeting will help answer the many questions both common and unique to the individual, and ultimately relieve stress that is probably building as the move day nears.

So, kudos to you Caren. Your assistance will be a much-needed personal touch and I believe it will make a lot of people feel much better about what we face. Don't get me wrong Saints, it will still be a lot of "change" to process for a while, but with teamwork like this, and as much communication as possible.....we'll be fine. Thanks again Caren for your help.

Sincerely,
